SIGN CRITERIA: VINEYARD PLAZA SHOPPING CENTER

INTRODUCTION:

1. These sign criteria have been established to provide a uniform sign program for this shopping center.

2. This document establishes guidelines for sign requirements in terms of size, location, illumination, and type.

3. Any deviation from the criteria requires City approval and Landlord's approval in writing.

LANDLORD AND TENANT REQUIREMENTS:

1. All tenant signage must be compliance with these sign criteria and shall be approved by the landlord and City prior to fabrication.

2. The tenant must submit three (3) copies of sign drawings prepared by their sign company to the landlord. Sign drawing must show letter size, style, color, overall dimensions, and placement on the tenant space front elevation. Landlord approval is required prior to application for building permit.

3. The tenant must provide and install all signs and obtain all necessary permits. All tenants are required to have signs.

4. Landlord will provide electrical circuits to sign locations. The tenant is responsible for all connections.

5. Address numbers, telephone number and business hours, as well as desired by tenant are to be individual die-cut vinyl letters applied to the front glass entry door. The total combined area shall not exceed 1 square foot. The color shall be white and the style shall be Handel Gothic. See attached exhibit "C1" for example.

PROHIBITED SIGNS:

1. No window signs are permitted, except for neon signs, which may not exceed 25 percent of any single glass panel or 10 percent of any tenant's total glass area, whichever is more.

2. No moving, flashing, or audible signs are allowed.

3. Signs attached to parked vehicles directing customers to stores are not allowed.

4. Light strings and exposed lights which are not an integral part of the approved tenant signage are prohibited.
5. Any sign not defined under the Sign Specifications section of these sign criteria is prohibited.

6. No sign will be allowed to extend outside the designated sign area.

SHOPPING CENTER IDENTIFICATION SIGNS:

The shopping center will be identified by two (2) freestanding signs as illustrated on the attached drawings labeled as Exhibit A. and as described in the Sign Specifications below.

The total sign area for the shopping center is 1310 square feet.

Freestanding Signs: Total of two (2) signs measuring as follows:
