---

*Awning signs for Building C approved by PZ 09-140-51, part of Building C sign total area.

^Allowable sign area minus max sign area.

Notes: Secondary elevations' sign area is calculated at 1/2 sq ft per linear foot of building frontage.

Secondary sign area can only be used on the secondary elevation from which it is calculated.

Since the allowable sing area of the secondary signs is less than the length of the building, no "unused" sign area is available from these elevations.
