Tract No. \_\_\_\_\_ Or \_\_\_\_\_

Legal Description \_\_\_\_\_

The Owner(s) of the above described property hereby acknowledge that, as a condition of the Grading Permit and during all work authorized by said permit, a Registered Civil Engineer will be retained to be in responsible charge of the work and perform the duties of Supervising Civil Engineer in accordance with requirements of the City's Grading Ordinance and Land Development Specifications, and further, that a Soils Engineer and/or Engineering Geologist will be employed to make tests and investigations, perform inspections and file the reports that are or may be required for compliance with said Ordinance and Specifications.

Should new consultants be hired following approval by the City of the original reports and grading plan, the new consultants shall be bound by the grading plan and recommendations contained therein. If the plan, recommendations, or work completed are not acceptable to the new consultants they shall provide a new report with recommendations and supporting data which must then be incorporated in a revised plan to be submitted for approval to the City. The Supervising Civil Engineer and Soils Engineer shall provide certification of the grading upon completion of the work.
