September 27, 2016

Ladies and Gentlemen:

The City of Oxnard invites qualified contractors to submit a Bid for Antiscalant & Delivery to the following locations:

- Advanced Water Purification Facility, located at 5700 Perkins Road, Oxnard, California;
- Water Campus, located at 251 South Hayes Avenue, Oxnard, California

The tentative contractual term is for the period of October 26, 2016 through October 25, 2017. It is the intent of the City to issue a non-exclusive agreement for this period with the option if agreed upon by both parties for two additional one-year periods.

This request for bid is made up of the following sections: A. Instructions to Bidders, B. General Terms and Conditions, C. Special Provisions, D. Bid Documents, and Attachment 1 which includes a sample purchase order and insurance requirements. Bidders will be responsible to carefully examine the requirements contained herein.

Bids will be received in the City of Oxnard Purchasing Office located at 300 W. Third Street, Second Floor, Oxnard, CA 93030 by 5:00 p.m. on Tuesday, October 25, 2016. The envelope containing your Bid must be sealed and marked "**PW-17-05.**" Bids will not be opened publicly.

If you have any questions, please call me at (805) 385-7538.

Sincerely,

A handwritten signature in blue ink that reads "Patricia Garcia".

INSTRUCTIONS TO BIDDERS

RECEIPT AND OPENING OF BIDS

The City of Oxnard requests bids from qualified contractors for chemical supply and delivery to the Oxnard Wastewater and Water Facilities. Bids will be received in the Purchasing Office by **5:00 p.m. on Tuesday, October 25, 2016.**

Envelopes containing the bids (**one (1) original and five (5) signed copies**) must be sealed and addressed to City of Oxnard Purchasing Office, 300 West Third Street, Second Floor, Oxnard, California 93030, Attention: Patricia Garcia, Buyer, and must be marked "PW-17-05 – Antiscalant Supply & Delivery." The envelope must show the bidder's name and address.

Bids will not be opened publicly. Any bid received after the established closing date and time will not be accepted and will be returned to the Bidder unopened.

Bids may be withdrawn upon written request at any time prior to the established closing date and time. The bidder or the bidder's authorized agent must sign such request.

EXAMINATION OF REQUIREMENTS

Each bidder must carefully examine the requirements contained herein. Upon receipt of responses hereunder, each Bidder shall be thoroughly familiar with all requirements contained herein. The failure or omission to examine any form or document shall in no way relieve a Bidder from any obligation in respect to this Bid as submitted. Any misinterpretation of the requirements is solely that of the Bidder's.

PREPARATION OF BID

Each bid must be submitted on the prescribed "Bid Documents" forms, section D. Prior to execution of a contract, the successful bidder will be required to submit a copy of a City of Oxnard business tax certificate (formerly business license) and certificates of insurance and endorsements as required.

All blank spaces for bid prices must be filled in, in ink or typewritten. All items will be construed as complete and prices shown shall be the prices bid for all equipment, labor, materials and services required by the specifications. Bidder will not be released from the obligation of the bid if errors have been made in the submittal. However, the bidder may request release from the City if the request is made, in writing, within five calendar days after the bid deadline.

All changes must be crossed out and initialed. Deviations to the specifications, terms and conditions may be considered, provided the vendor submits full description and explanation of, and or justification for, the proposed deviation. Bidder may include any other information they deem necessary and not included in this request for bid.

The bid must be signed and dated in ink by the owner, partner, or corporate officer of the company or by an agent duly authorized to represent the vendor under this bid. Include the name and position held within vendor's organization.

If you are not willing to accept the requirements and conditions of this request for Bid, identify in your Bid all requirements and conditions you do not accept. Failure to identify any such requirements and conditions will be deemed acceptance of all requirements and conditions.

ADDENDA AND INTERPRETATION

No interpretation of the meaning of the specifications or other Bid documents will be made to any Bidder orally. Bidders are not to contact any individual other than the Purchasing Agent. Every request for such interpretation must be in writing and addressed to: Buyer, City of Oxnard, 300 West Third Street, Second Floor, Oxnard, CA 93030 and, to be given consideration, must be received at least seven (7) days prior to the date fixed for the closing of bids. Requests for interpretation may be emailed to Patricia.garcia@oxnard.org or faxed to (805) 385-7495. Any and all such interpretations and any supplemental instructions will be in the form of written addenda which, if issued, will be faxed or emailed to all known prospective Bidders (at the respective addresses furnished for such purposes), no later than seven (7) calendar days prior to the date fixed for the closing of Bids. Addenda required later than seven (7) calendar days prior to the Bid closing date may cause a postponement in the Bid closing date. Failure of any Bidder to receive any such addendum or interpretation shall not relieve such Bidder from any obligation under this Bid as submitted. All addenda so issued shall become part of the specifications and contract documents.

AWARD OF CONTRACT

The award of the contract will be made to a responsive and responsible Bidder whose Bid best meets the needs of the City. The successful Bidder will enter into a contract with the City incorporating all prescribed requirements and conditions of this request for Bid. If the successful Bidder refuses or fails to execute the contract, the City may consider the next most qualified Bidder. The City shall be the sole judge as to the successful Bidder. The City reserves the right to reject any or all responses to this Request for Bid ("RFB") and to waive any informality or irregularity in this RFB or in responses, to negotiate with all qualified sources, or to cancel, in part or in its entirety, this RFB, in the best interest of the City. This RFB does not commit the City to award a contract, or to procure or contract for services or goods.

Before award, Bidders may be required to furnish evidence of capability, equipment, and financial resources to adequately perform the job.

DISCRETION TO AWARD

The City's Purchasing Agent shall have full discretion to determine the responsiveness of each bid and the responsibility of each bidder and may reject any bid or all bids because of an improper or non-responsive bid, a non-responsible bidder, because the project becomes infeasible, or for any other reason, and make no award at all.

EXECUTION OF CONTRACT

The City will mail a Notice of Award of Contract, enclosing the contract forms to the successful Bidder or Bidders. The contract shall be signed by the successful Bidder or Bidders and returned with a copy of the vendor's City of Oxnard business tax certificate and required certificates of insurance and endorsements, within seven calendar days after the Bidder receives the Notice of Award of Contract.

CITY OF OXNARD
BID NO. PW-17-05

GENERAL TERMS AND CONDITIONS

The following “General Terms and Conditions” shall be applicable to any contract or agreement entered into as a result of this Bid. The terms “Bidder”, “supplier”, “contractor”, and “firm”, may be used interchangeably in this solicitation and shall refer exclusively to the person, company or corporation with whom the City enters into a contract as a result of this solicitation.

1. All work performed shall be completed in a competent manner according to standard practices of the industry. All persons engaged in the work, including subcontractors, will be considered as employees of the contractor. The contractor will be held responsible for their work. The City will deal directly with and make all payments to the prime contractor.
2. The City may make such investigations as necessary to determine the ability of the contractor to perform the services as required. The City reserves the right to reject any bid if the evidence submitted by, or investigation of, such contractor fails to satisfy the City that the contractor is qualified to carry out the obligations of the contract.
3. The contractor shall continuously maintain adequate protection of all his work from damage and shall protect the City’s property from any and all injury or loss arising in connection with any contract entered into hereunder. The contractor shall take all necessary precaution for the safety of employees on the job and shall comply with all applicable provisions of federal, state and municipal safety laws and building codes to prevent accidents or injury to persons on, about or adjacent to the premises where the work is being performed.
4. The contractor shall comply with all applicable federal, state and local laws, ordinances, regulations and codes and shall obtain and maintain throughout the term of the contract, all required permits, certificates and licenses, including a **City of Oxnard business tax certificate**.
5. The contractor shall be an independent contractor in performing services for the City as part of any contract entered into as a result of this bid. Contractor and contractor’s agents, employees, subcontractors and other persons acting on the contractor’s behalf are not employees of the City.
6. Except as the City may specify in writing, contractor and its agents, employees and subcontractors shall have no authority, expressed or implied, to act on behalf of City in any capacity as agents or otherwise to bind City to any obligation whatsoever,
7. The contractor agrees that all persons employed by contractor shall be treated equally by contractor without regard to or because of race, color, religion, ancestry, national origin,

handicap, sex, marital status, or age and in compliance with all anti-discrimination laws of the United States of America, the State of California, and the City.

8. The contractor agrees to compensate any employee of the contractor who provides services under the contract in accordance with the **Living Wage Policy**, as specified in Exhibit 1, included in sample of Agreement for Trade Services Attachment 1.
9. The contractor agrees to indemnify, hold harmless and defend the City, its City Council, and each member thereof, and every officer, employee, representative or agency of the City, from any and all liability, claims, demands, actions, damages (whether in contract or tort, including personal injury, death at any time, or property damage), costs and financial loss, including all costs and expenses and fees of litigation or arbitration, that arise directly or indirectly from any acts or omissions related to the agreement performed by the contractor or contractor's agents, employees, subconsultants, subcontractors, or other persons acting on contractor's behalf. This agreement to indemnify, hold harmless and defend shall apply whether such acts or omissions are the product of active negligence, passive negligence, willfulness or acts for which contractor or contractor's agents, employees, subconsultants, subcontractors, or other persons acting on contractor's behalf would be held strictly liable.
10. The contractor shall obtain and maintain throughout the term of the contract, insurance coverages, with the City as additional insured, as specified in Exhibit INS-I, included in sample of Agreement for Trade Services, Attachment No. 1.
11. City may terminate contract at any time, with or without cause, by giving notice to contractor. Such termination shall be effective ten calendar days from the date of delivery or mailing of such notice.
12. In the event of any dispute with regard to the provisions of any contract entered into hereunder, the dispute may be submitted to arbitration upon mutual agreement of the parties, under such procedures as parties may agree upon, or, if the parties cannot agree, then under the applicable rules of the American Arbitration Association.
13. City agrees to pay contractor upon satisfactory completion of services provided and upon submission to City of any invoice for said services performed. City shall pay contractor within 30 days of receipt and acceptance of invoice.

**CITY OF OXNARD

**SPECIAL PROVISIONS
ANTISCALANT SUPPLY & DELIVERY**

SUPPLIER SPECIFICATIONS & GENERAL REQUIREMENTS

1. Delivery:

- a. **Timing:** Product shall be delivered within 48 hours of agency request. All deliveries shall be made Monday through Friday between 8:00 a.m. and 2:00 p.m.
- b. **Delivery vehicles:** Shall be in good condition and operated by Supplier. Truck tractors and tank trailers shall be pneumatic-tired; conform to all applicable State and Federal regulations; and be fully equipped and maintained to safely transport and deliver specified chemical product. Tank trailers shall be specially designed to prevent leakage and resist rupture in the event of a collision, and carry all equipment necessary to respond to an accidental chemical release.
- c. **Delivery Driver:** Shall be trained and experienced in handling specified chemical product, and be specifically trained to stop chemical flow in the event of an emergency. Supplier shall provide evidence of such training and experience upon request.
- d. **Posted Speed Limits:** Shall be observed at all times while driving on agency property. Supplier shall be completely liable for any damage to property or personnel.
- e. **Delivery Equipment:** Shall include an appropriate compression unit and piping to permit safe transfer of the specified chemical product to stationary bulk containers. Hoses, fittings and appurtenant equipment shall be provided by Supplier and be free of leaks.
- f. **Unloading:** Shall be done in a safe manner by Supplier in the presence of a plant operator. Appropriate protective clothing shall be worn, and industry safety practices and procedures followed explicitly at all times.
- g. **Chemical Responsibility:** City of Oxnard shall be the delivery terminus. Chemicals shall be the full responsibility of vendor until delivered to City terminus. Vendor shall be responsible for any loss of product prior to delivery to City, including any environmental cleanup resulting from loss.
- h. **Pay Quantity of Bulk Product Delivered:** Shall be determined by weighing the tank trailer before and after filling at Supplier's plant on a certified truck scale. If any product has been spilled, then the tank trailer will need to be weighed on a certified truck scale at the nearest weigh scale available. Copies of weigh master's certificates shall be provided with delivery.
- i. **Other:** Agency may require Supplier to furnish an affidavit stating product complies fully with this specification, a certified analysis of the product delivered, and/or the preventative maintenance schedule of delivery truck's unloading compressor.

- j. **Deliver To:** Advanced Water Purification Facility, 5700 South Perkins Road, Oxnard CA, City of Oxnard Water Campus, and 251 South Hayes Avenue, Oxnard, CA.

2. Quantity:

Exact quantities may vary from the estimates given, and may be increased or decreased to meet agency's requirements. No minimum is guaranteed.

3. Invoice:

A separate invoice shall be provided for each delivery during contract period.

4. Specification:

Supplier shall bring apparent error or omissions to City's attention.

5. Chemical Specification:

Water Campus located at 251 South Hayes Avenue, Oxnard, California 93030

Antiscalant: Estimated annual quantity is 3,500 gallons.

The antiscalant must be effective and specially formulated for feed water with the highest levels of metal oxides, silica, and scale-forming minerals. The antiscalant must be effective over a wide range of concentrations, and will not flocculate dissolved polymers such as residual coagulants or iron or aluminum-rich silica. The antiscalant must inhibit the polymerizations of reactive silica, and disperse colloidal (non-reactive) silica.

The antiscalant must be highly effective in retarding polymerizations and precipitation of silica. The antiscalant must control inorganic scales over a large concentration range, especially gypsum. The antiscalant must be certified under ANSI/NSF Standard 60 for drinking water production. The antiscalant must be compatible with RO and NF membranes of all major manufacturers.

The antiscalant must be effective diluted or undiluted and effective in feed waters with a pH range of 5.0 - 10.0. The antiscalant must be particularly efficacious for controlling coagulation of colloidal silica by aluminum, iron, and heavy metal salts. The antiscalant must be fully compatible with feed water constituents such as iron, aluminum, and manganese, and these feed water constituents, if present, will not cause the precipitation of the antiscalant.

The antiscalant shall fully inhibit the precipitation of any sparingly soluble salts and deposition of colloidal material in accordance with the RO feed water constituents and the full range of feed water operating temperatures.

The antiscalant solution shall retain full inhibition and dispersant properties for a period of (1) year from the date of delivery to the City's RO facility. The antiscalant solution must not contain any dendrimer material and must inhibit biological growth in the solution.

RO Cleaning Chemical Specifications

The cleaning chemicals must be highly effective in the removal of scale and foulant on the membrane surface and must include cleaning formulation proven effective for gypsum. The cleaning chemicals must be certified under ANSI/NSF Standard 60 for drinking water production. The cleaning chemicals must be compatible with all major manufacturers of RO and NF membranes and must not void the membrane element warranty when used as recommended.

The cleaning chemical solution shall retain full cleaning properties for a period of (1) year from the date of delivery to the City's RO facility. The cleaning chemical solution must not contain any dendrimer material and must inhibit biological growth in the solution.

Vendor shall supply Standard Operating Procedures for all cleaning chemicals used and if requested by the City, support staff for a Clean in Place procedure.

Guarantee

Vendor will guarantee that use of their product will minimize membrane scaling due to dissolved mineral salts so long as it is applied at the recommended dose with a system recovery of 75-85%, and that Vendor is given the reverse osmosis operating data on a periodic and consistent basis. Should membrane fouling appropriate to dissolved mineral salts when the supporting recommendations have been followed, Vendor will provide reverse osmosis membrane cleaning support at no cost to the City of Oxnard.

When the antiscalant is used in accordance with the Vendor's recommendations without acidification it shall not cause the membrane manufacturer's warranty provisions to be void.

The Vendor must guarantee the minimum purity of the antiscalant and cleaning chemicals. Further, the Vendor shall provide certificates of analysis, verifying the purity of the product, upon each delivery of product to the City's RO facility. At any time, the City may request certificates of analysis, whereby the Vendor shall promptly provide such information within 7 business days.

Annual Autopsy

Vendor will provide one RO membrane autopsy annually if needed at no cost to the City if requested by the City of Oxnard.

Training

Vendor will provide on-site customized training on membrane operation, maintenance, troubleshooting, as well as support to replace membranes on a quarterly or as needed basis at no charge to the City of Oxnard. The training will encompass all facets of the reverse osmosis system from pretreatment to discharge of the reverse osmosis system concentrated water.

Data Analysis and Monitoring

Vendor will provide support for operating data normalization along with monthly reverse osmosis system performance reports based on a thorough review of system operating data. Vendor will review the RO feedwater chemistry on a quarterly basis or as requested by the City of Oxnard.

Experience and References Required

The Vendor must provide evidence of the successful use of the proposed antiscalant at a minimum of three California, Arizona, Nevada, or New Mexico municipalities with a 7.5 mgd minimum permeate capacity. A qualified reference must demonstrate a continuous successful operation using the Vendor's antiscalant and feed water chemistry similar to that of the City of Oxnard facility for a period of four years minimum.

Advanced Water Purification Facility, located at 5700 South Perkins Road, Oxnard, CA 93033.

Antiscalant: Estimated annual quantity is 9,600 gallons.

Product must meet ANSI/NSF Standard 60 for production of drinking water with RO. Antiscalant shall control all scale, reactive silica, iron, and aluminum without acidification. Antiscalant shall contain no polymers or other components that may deposit on the membrane surface. Recovery range is 75% to 85%. Delivery by mini-bulk tank.

The antiscalant must be effective and specially formulated for feed water with the highest levels of metal oxides, silica and scale-forming minerals. The antiscalant must be effective over a wide range of concentrations, and will not flocculate dissolved polymers such as residual coagulants or iron or aluminum-rich silica. The antiscalant must inhibit the polymerizations of reactive silica, and disperses colloidal (non-reactive) silica.

The antiscalant must be highly effective in retarding polymerizations and precipitation of silica. The antiscalant must control inorganic scales over a large concentration range. The antiscalant must be certified under ANSI/NSF Standard 60 for drinking water production. The antiscalant must be compatible with all major manufacturers of RO, NF, and UF membranes. The antiscalant must not flocculate dissolved iron/aluminum oxide/silicate complexes.

The antiscalant must be effective diluted or undiluted and effective in feed waters with a pH range of 5.0 - 10.0. The antiscalant must be particularly efficacious for controlling coagulation of colloidal silica by aluminum, iron, and heavy metal salts. The antiscalant must be fully compatible with feed water constituents such as iron, aluminum, and manganese, and these feed water constituents, if present, will not cause the precipitation of the antiscalant.

The antiscalant shall fully inhibit the precipitation of any sparingly soluble salts and deposition of colloidal material in accordance with the RO feed water constituents and the full range of feed water operating temperatures.

The antiscalant solution shall retain full inhibition and dispersant properties for a period of (1) year from the date of delivery to the City's RO facility. The antiscalant solution shall not contain any dendrimer material and not support biological growth in the solution.

Should the antiscalant result in deterioration of the membrane elements or fail to prevent precipitation of sparingly soluble salts as described, the City reserves the right to terminate the supply contract in addition to other remedies that may be specified.

Training

Vendor will provide an experienced field engineer to conduct on-site customized training on a quarterly and as needed basis at no charge to the City of Oxnard. Training shall include, but is not limited to, the normalization program and dosage adjustment. The Treatment will encompass all facets of the reverse osmosis system from pretreatment to discharge of the reverse osmosis system concentrated water.

Monitoring

Vendor shall provide a normalization program to the City. Vendor shall provide normalization program installation and training services. Vendor will monitor and normalize system operating data, and provide the City of Oxnard with a monthly reverse osmosis system status report based on a thorough review of system operating data. Vendor will review the reverse osmosis feed water on a quarterly basis.

Guarantee/Warranty

Vendor shall guarantee and supply warranty that the use of their product will prevent membrane scaling due to dissolved salts so long as the product is applied at the recommended dose with a system recovery of 80%. Should membrane fouling occur due to dissolved mineral salts when recommendations have been followed, vendor shall provide reverse osmosis membrane cleaners and cleaning supervision at no cost to the City of Oxnard.

When the antiscalant is used in accordance with the Supplier's recommendations, including dose and operation of the reverse osmosis system WITHOUT ACIDIFICATION it shall not cause the membrane manufacturer's warranty provisions to be void. Should use of the antiscalant in accordance with the specified recommendations result in deterioration of the membrane element's performance, the antiscalant Supplier shall clean the membrane elements in a timely manner (not to exceed 30-days, upon confirmation that the deterioration was caused by the antiscalant), If these cleaning efforts do not restore membrane performance, the Supplier will replace the affected membrane elements at no cost to the City of Oxnard in a time not to exceed 30-days.

The Supplier must guarantee the minimum purity of the antiscalant. Further, the Supplier shall provide certificates of analysis, verifying the purity of the product, upon each delivery of product to the City's RO facility. At any time, the City may request certificates of analysis, whereby the Supplier shall promptly provide such information within seven (7) business days.

Annual Autopsy

Vendor shall provide one reverse osmosis membrane autopsy annually and one reverse osmosis membrane replacement at no cost to the City of Oxnard

Experience and References Required

The Supplier must provide evidence of the successful use of the proposed antiscalant at a minimum of three California, Arizona, Nevada, or New Mexico municipalities with a 7.5 mgd minimum permeate capacity. A qualified reference must demonstrate a continuous successful operation using the supplier's antiscalant and feed water chemistry similar to that of the City of Oxnard facility for a period of four years minimum.

6. Term of Agreement:

It is the intent of the City to issue a non-exclusive agreement for a one (1) year term with pricing locked in for this term, with the option if agreed upon by both parties for two additional one-year periods.
