Nonprofit Associate Director  
Age: 26

I'm proud to call Oxnard my home. I want to invest my time in making Oxnard a better place for businesses and families to thrive. I have passion, experience and perspective that is needed on the council.

I am home-grown, attended public schools in the Rio School District and am a graduate of Oxnard High School. I hold dual degrees from USC, including a master's degree in Public Administration.

I will work to build a city that is both economically and environmentally healthy. I will engage residents in their city government and in the choices we have to make as a community. I believe in practical solutions to our city's issues, whether it's housing, the environment or creation of local jobs. The people of Oxnard are entrepreneurial, resourceful and we all want the same thing: a safe, vibrant community to live, love and grow-old in. Our city is a wonderful place to live, and we must maintain and increase this quality for future generations. I have the skills to work with my fellow council members, to come to an agreement and to move the city forward. I hope to earn your vote.
