

I am running for the Oxnard City Treasurer's office.

I was married to my beautiful wife, Linda, for 44 years.

If elected I plan to:

- maximize city earnings,

- establish a program to engage staff to identify and correct control weaknesses,

- support changes to maximize transparency,

- secure city assets,

- and improve efficiency in the department so the public can be better served.

I have over 25 years of direct experience working as Finance Director and Treasurer for California cities and I have received Certificates of Appreciation for my work. Working with great staffs I never lost a dollar in any investment, and generated good returns.

I am a Certified Court Mediator, a Certified Public Accountant (CPA), a member of the California and Illinois Societies of CPAs, and a member of the American Institute of CPAs. I hold a Master's Degree in Business Administration (MBA) with a concentration in Finance.

I am a member of the Oxnard American Legion Post #48. I served in the United States Army and graduated from Combat Engineer's Officer School, Ft. Belvoir, Virginia in October 1970 and received an honorable discharge when my enlistment was completed.

I appreciate your vote.
