

NAME: **Aaron Starr**  
OCCUPATION: **Financial Controller**

AGE: **52**

Tired of being ignored by city officials who want to raise our utility rates without our consent? I respectfully ask for your vote to restore the community's voice at City Hall.

As the author of Measure M, I am leading the fight to lower utility bills for Oxnard families by overturning the City Council's outrageous 87% sewer rate hike. On Measure M, Vote Yes to Pay Less.

You deserve a City Councilman who is responsive to your concerns and treats our tax dollars with respect. My priorities include:

**Creating Local Jobs:** With my background as a CPA and Financial Controller for one of Oxnard's most successful companies, I have the financial experience to strengthen our city's economic base; help our local businesses thrive; and bring more jobs to our community.

**Protecting Oxnard Families:** Work closely with our Police Department to reduce gang crime, hire more cops, increase officer patrols and strengthen community policing activities like Neighborhood Watch.

**Improving Community Services:** City government is too wasteful and bureaucratic. We need to hold city officials accountable by focusing on services that benefit residents -- like repairing Oxnard's crumbling streets and sidewalks.

I would be honored to serve as your voice. [www.StarrForOxnard.com](http://www.StarrForOxnard.com)
