Join the Family Self-Sufficiency Program!

Act now and begin your journey into self-sufficiency! The Family Self-Sufficiency Program (FSS) is a 5-year program that the Oxnard Housing Authority offers to all families in the Public Housing and Section 8 Programs. Enroll today and take advantage of the FSS Program's resources which include one-on-one counseling and referrals to different services from various service providers and local partners throughout the community.

The FSS Program also provides a free interest-bearing savings account in which you may save money from increases in rent payments during the program. You can receive the funds that you saved if you complete the FSS contract by being employed and completing all your goals that you established by the end of the program.

To enroll, the head of household must execute the Contract of Participation. The FSS Program is voluntary and you may end your participation at any time without a negative impact to your Section 8 or Public Housing Assistance.

Call an FSS Program Coordinator for more information or to schedule an appointment!

VCCDC's 5th Annual Homeownership Fair

On June 24, 2017, Ventura County Community Development Corporation (VCCDC) held its 5th Annual Homeownership Fair.

Families that attended the fair were able to visit different booths and learned about many community agencies that provide homeownership services available to the community and a variety of other services such as Health, Financial, and Education. There was also music, kids activities, raffle prizes, and guest speakers including 2 testimonials of successful clients from VCCDC who recently purchased a home.

You too can take advantage of VCCDC's programs and services which include homeownership and financial coaching, homebuyer workshops, down payment assistance, lending services, and realty services. For more information contact VCCDC at (805) 273-7800 or visit www.vccdc.org.
