**June 11, 2019**

**ADDENDUM NO. 6**

**HUENEME ROAD RECYCLED WATER PIPELINE PHASE II  
SPECIFICATION NO PW 17-42  
SCHEDULED BID OPENING DATE: June 12, 2019**

**TO ALL BIDDERS OF RECORD:**

Acknowledge receipt of this addendum by enclosing one signed copy with your bid documents. Failure to do so may subject bidder to disqualification. This addendum forms a part of the bid documents as follows and modifies the original Contract Documents as noted below. This Addendum consists of two (2) pages and the attached Revised Bid Sheet pages.

1. **Bid Sheets.** Bidders are instructed to remove pages B4 through B6 included with the Contract Documents and replace with the attached Revised B4 through Revised B6 pages.

**The City has received Requests for Information (RFI) regarding this project. The questions and responses are below:**

1. Where does the 24” pipe and tie-in to the 12” meter on Wood Road get paid?

**Response:** Please see the attached Revised Bid Sheets. See Revised Bid Sheets Item 40.

2. Trench details A, E and F on Sheet 24 show stabilization zones 1 and 2. Bid item 28 pays for zone 2. Where does zone 1 get paid?

**Response:** Trench details A, E and F on Sheet 24 are inclusive of their respective Bid Items 7 through 9 and 11. Please see Revised Bid Sheets Item 43.

3. If you look at the drawings, they request 4” & 6” APCO 1500C. If you refer to the spec it refers to APCO 140C/150C, there is a big difference in price. Is the project calling out for a APCO 140C/150C or the 1500C?

**Response:** The correct part is APCO 140C/150C. Please follow the specifications.

2. Details B and C on Sheet 25 show both roped and a fitting utility crossings. The plan profiles show all of the crossings to be roped. Where are the crossings using fittings expected? How will they be paid?

**Response:** The expectation is that all crossings are roped or crossed with jack and bore per Plan. Details B and C on Sheet 24 may be used at the Inspector's discretion. Please see the Revised Bid Sheets Items 41 and 42.
