Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The City of Oxnard is within Ventura County, California, located northwest of Los Angeles and southwest of Santa Barbara. Oxnard is the largest city in the county with the population of 209,877, according to the United States Census Bureau population estimates in 2018. The regulations of the United States Department of Housing and Urban Development (HUD) require that an Annual Action Plan (AAP) be submitted for each plan year within an agency's Consolidated Plan.

The City of Oxnard (City) joined the Ventura County Regional Consolidated Plan (Regional ConPlan) is a five year plan document covering five plan years from 2020-2024. The Ventura County Regional Consolidated Plan is a collaborative document between all incorporated cities and the unincorporated areas of Ventura County, California. Collaborating in the development of the Regional Consolidated Plan are the Cities of Camarillo, Fillmore, Moorpark, Ojai, Oxnard, Port Hueneme, Santa Paula, San Buenaventura (City of Ventura), Simi Valley, and Thousand Oaks. The Regional ConPlan document is to comply with the HUD requirement to submit the City of Oxnard's Annual Action Plan for plan year 2020.

In the Regional ConPlan, the priorities that need to be addressed for community development and housing needs of the City of Oxnard are identified. The AAPs annually identify the resources available to address those needs identified in the Regional ConPlan, describe the activities that will be undertaken designed to meet the annual goals and objectives that relate to the identified needs as determined in the Regional ConPlan, describe the geographic areas targeted for assistance, include the Citizen Participation Plan, and set the basis for performance monitoring whereby results are measured as goals accomplished and outcome indicators.

Goals and objectives of the community needs identified in the Regional ConPlan will be accomplished by activities specified by the City's AAPs. With the 2020 AAP, the City will implement activities that continue to strive to derive positive outcomes that were set forth as goals for the Regional ConPlan period, Plan Year 2020. The current AAP will cover the period of July 1, 2020 to June 30, 2021 (plan year 2020). Herein are described the expected federal, state and local resources, the priorities and specific objectives the City desires to achieve, and the activities that will be undertaken throughout the 2020 plan year.

In recent years, the City's allocation of entitlement grant funds from HUD has either increased or remained relatively unchanged. The Plan year 2020 allocations are; Community Development Block Grant (CDBG) \$2,574,388 an increase of 2.3%, HOME Investment Partnerships (HOME), \$776,134 a increase of 6.8% and Hearth Emergency Solutions Grant (HESG), \$221,083 an increase of 4.1%. Total HUD entitlement grant funds increased by 3.3%, to \$3,571,605.

The City's goals, as identified in the Regional ConPlan, can be found throughout this AAP, and are designed to principally serve extremely-low, low-, and moderate-income residents by addressing the following:

- Improve the Supply of Affordable Housing
- Enhance Economic Stability
- Increase Social Services
- Work to End Homelessness
- Create Quality Neighborhoods
- Effective Administration

The AAP describes the resources expected to be available in the coming program year from federal, state, local and private sources, and also includes a description of the activities that will be undertaken to meet the specific objectives.

2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

The City is being guided by HUD's Office of Community Planning Development Outcome Performance Measurement System to address the high priority needs stated in its Regional ConPlan. When funding an activity, the City determines which of three HUD objectives best describes the purpose of the activity. The three objectives are:

- Suitable Living Environment (SL) In general, this objective relates to activities that are designed to benefit communities, families, or individuals by addressing issues in their living environment.
- Decent Housing (DH) The activities that typically would be found under this objective are
 designed to cover the wide range of housing programs possible under HOME, CDBG or HESG.
 This objective focuses on housing programs where the purpose of the program is to meet
 individual family or community needs and not programs where housing is an element of a larger
 effort, since such programs would be more appropriately reported under Suitable Living
 Environment.
- Creating Economic Opportunities (EO) This objective applies to the types of activities related to economic development, commercial revitalization, or job creation.

Once the objective for the activity is identified, the City determines which of the three HUD outcome

categories best reflects what the City seeks to achieve by funding the activity. The three outcome categories are:

- Availability/Accessibility This outcome category applies to activities that make services, infrastructure, public services, public facilities, housing, or shelter available or accessible to low-and moderate-income (LMI) people, including persons with disabilities. In this category, accessibility does not refer only to physical barriers, but also to making the affordable basis of daily living available and accessible to LMI people in the area in which they live.
- Affordability This outcome category applies to activities that provide affordability in a variety
 of ways to LMI people. It can include the creation or maintenance of affordable housing, basic
 infrastructure hook-ups, or services such as day care.
- Sustainability Promoting Livable or Viable Communities. This outcome applies to projects
 where the activities are aimed at improving communities or neighborhoods, helping to make
 them livable or viable by providing benefit to LMI persons or by removing or eliminating slums
 or blighted areas, through multiple activities or services that sustain communities or
 neighborhoods.

3. Evaluation of past performance

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The City combines the information reported to HUD in the FY 2019-20 Consolidated Annual Performance and Evaluation Report (CAPER) and the directives from HUD in the determination and recommendation of the FY 2020-21 AAP proposed projects.

The FY 2020-21 AAP is the first year of implementing the Regional ConPlan. Accomplishments achieved during the program year (PY) 2018 (July 1, 2018 through June 30, 2019) were evaluated in detail in the PY 2018 CAPER. The CAPER was completed and submitted to HUD on September 30, 2019.

The three major program areas underlining CDBG, HESG and HOME entitlement grants, such as (1) Decent and Affordable Housing, (2) Suitable Living Environment, and (3) Economic Opportunities, coupled with the Continuum of Care (CoC) of Homelessness have received a high priority in the 2020-24 Regional ConPlan. The goals and accomplishments for Plan year 2020 are summarized in the attached table.

4. Summary of Citizen Participation Process and consultation process

Summary from citizen participation section of plan.

As part of the AAP development, the City staff scheduled two public hearings: (1) March 17, 2020 and (2) June 16, 2020:

First Public Hearing-March 17, 2020 provided the opportunity for the public to comment on unmet needs and the City Council to make recommendations to staff regarding the priorities and objectives for FY 2020-21 AAP. As part of the development process of the AAP, City Staff developed a mailing list of more than 70 addresses consisting of organizations, the faith community, service providers; Oxnard Wilson Senior Center-Special Population Services for persons with disabilities, Oxnard Housing Authority, Multi Service Center-Resident Services in Oxnard Colonia neighborhood, Oxnard Senior Centers and cities within Ventura County were provided a copy of the public hearing in English and Spanish. The public hearing notices in English and Spanish were included in the Neighborhood News packets which were distributed weekly for a month prior to the public meeting to approximately 231 Oxnard residents. The public hearing notice was published in the Vida newspaper in English and Spanish, posted on City website, broadcasted on the public viewing TV Channels 10/35 and posted in public buildings such as the Main Library, City Clerk's Office and Housing Department Administration building in English and Spanish. The public comment period started February 13, 2020 and ended on March 17, 2020. During the public comment period there were no public comments submitted and no public comments were received during the public hearing.

Pursuant to Governor Newsom's Executive Order N-25-20, members of the City Council or staff may participate in this meeting via a teleconference.

Due to social distancing measures, the Oxnard Council Chambers only accommodated seating for up to 15 members of the public. Overflow areas were located at the Oxnard Human Resource Activity Room and Oxnard Public Library Meeting Room B with social distancing seating arrangements. The overflow areas were located across the street from the Oxnard Council Chambers. Oxnard residents were encouraged to participate remotely by viewing the meeting on the City's website at oxnard.org, broadcasted on Spectrum Channel 10 and Frontier Channel 35, or the city's YouTube Channel at youtube.com/oxnardnews. Oxnard residents were encouraged to submit comments via email before 3 p.m. to cityclerk@oxnard.org and the comments will be provided to the City Council.

Second public hearing –June 16, 2020 (1) to provide the opportunity to the public to comment on the projects recommended for funding as submitted by the Grant Application Review Panel for FY 2020-21 AAP; and (2) to receive recommendations and direction from City Council regarding the FY 2020-21 AAP grant funding. The notices of the public hearing were mailed to more than 70 addresses consisting of organizations, the faith community, service providers; Oxnard Senior Center-Special Population Services for persons with disabilities, Oxnard Housing Authority, Multi Service Center-Oxnard Colonia neighborhood and cities within Ventura County. The public hearing notices in English and Spanish were included in the Neighborhood News packets which were distributed weekly prior to the Hearing to approximately 231 Oxnard residents. The public hearing notice was advertised in the Vida newspaper, posted on the City website, broadcasted on the public viewing TV channel 10/35 and posted in public buildings such as the Main Library, City Clerk's Office and Housing Department Administration building in English and Spanish. Vida published the notice of hearing in English and Spanish on Thursday, May 14,

2020. The public review and written comment period began on May 15, 2020 and concluded on June 16, 2020. An update will occur after the second public hearing.

5. Summary of public comments

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

First Public Hearing: March 17, 2020

During the first Public Hearing, there were no oral comments submitted. In addition, no written comments were submitted during the public comment period.

Second Public Hearing: June 16, 2020

Update will occur after the second Public Hearing.

6. Summary of comments or views not accepted and the reasons for not accepting them

During the first Public Hearing, no public comments were submitted. An update will occur after the second Public Hearing.

7. Summary

The City is committed to provide funds that serve the most disadvantaged residents while following HUD's directives. The City increased awareness of the Annual Action Plan's public review activities and process by providing the public notice in various ways.

The City sent notices of the public hearing to more than 70 addresses consisting of organizations, the faith community, service providers and cities within Ventura County. The public hearing notices in English and Spanish were included in the Neighborhood News packets which were distributed weekly prior to the Hearing to approximately 231 Oxnard residents and broadcasted on the public viewing TV channel 10/35.

The Public Hearings are in compliance with the Americans with Disabilities Act. If the public requires special assistance to participate in a meeting, the individual would contact the City Clerk's Office. Notice at least 72 hours prior to the meeting will enable the City to reasonably arrange for persons accessibility to the meeting. This notation is included on all city Agenda's.

AP-10 Consultation - 91.100, 91.200(b), 91.215(l)

1. Introduction

Federal regulations require that a participating jurisdiction consult extensively with community service providers, other jurisdictions and other entities with a potential interest in or knowledge of that jurisdiction's housing and non-housing community development issues. Staff have developed and followed a detailed schedule which provides for and encourages citizen participation emphasizing the participation of persons of low- and moderate-income.

The regional consolidated plan and the annual action plan represent a comprehensive planning effort mainly led by Housing Department-Grants Management Division staff, with involvement of (1) local government experts; (2) the social service community; (3) residents; and, (4) consultation with other local HUD entitlement communities. The following items are examples of the consultations efforts:

- Grants Management Division staff work closely with other City staff members such as:
 Affordable Housing and Rehabilitation; Homeless Assistance Program; Development Services;
 Utilities; Treasury; Oxnard Housing Authority; Community Development Services; Code
 Compliance; Geographical Information System; Recreation and Community Services; and
 Finance to ensure that careful consideration is given to the City's identified needs, and that
 programs and services are cost-effective and meet specific goals and objectives in order to
 develop and implement the Regional ConPlan and the AAP,
- City staff members in the Department and/or Divisions; Affordable Housing and Rehabilitation, Homeless Assistance Program, Development Services, Utilities, Treasury, Oxnard Housing Authority, Community Development Services, Code Compliance, Geographical Information System, Recreation and Community Services and Finance provide supportive services as needed to accomplish ConPlan development efforts,
- Housing staff during the fiscal year cycle continue to provide HUD program workshops to social service agencies and the opportunities for the residents to participate in the public hearings,
- The process of preparing a Joint Assessment of Fair Housing (AFH) for the City of Oxnard and the Oxnard Housing Authority, which had been due on October 4, 2020, has been modified due to a change in the HUD regulations. The AFH has been replaced with a requirement to produce an Analysis of Impediments to Fair Housing (AI). In January of 2019, the City and the County of Ventura agreed to collaborate on the production of the AI, which will be due in May of 2020. Through 2019-20, staff will be engaged in the necessary community outreach and participation, and collaboration with the County of Ventura, in order to produce the AI for public review and comment in accordance with the HUD guidelines. The draft Regional AI was published in January 2020, and is scheduled to be considered for adoption by the Oxnard City Council in the spring of 2020, following the required public hearings and public comment period.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

The City consulted with the agencies/organizations while preparing the AAP, through public hearings, workshops, forum meetings, and training sessions (individuals and group discussions):

- The City of Oxnard City Council conducted two (2) public hearings, on 3/17/2020 and 6/16/2020, as prescribed in the Citizen Participation Plan;
- A community Fair Housing workshop, free to the public, was conducted at the Oxnard Public Library in November of 2019, and a second is scheduled for May of 2020;
- Frequent consultations with representatives of Oxnard's three certified CHDOs (Cabrillo Economic Development Corporation, Habitat for Humanity, and Many Mansions) were held throughout the year;
- Attended the regional Continuum of Care (CoC) meetings to discuss the application, homeless needs and program directions and strategies;
- The City of Oxnard Commission on Homelessness conducted 7 meetings in 2019-20, and plans to conduct two more prior to June 30, 2020. Since January of 2018, the Commission has adopted resolutions which presented a total of fifteen (15) policy recommendations to City Council. On September 10, 2018, the Commission formally approved submission of a Five-Year Homeless Plan with recommendation that it be adopted by the Oxnard City Council;
- Homeless Services staff worked in partnership with the County of Ventura and the City of Ventura to establish a Shelter Committee for developing two permanent emergency shelters in West Ventura County;
- The City of Oxnard has executed an agreement with Mercy House for the full-time operation of the Oxnard Navigation Center, which is a 110-bed overnight shelter;
- Assisted the Point-in-Time count of the homeless persons in Ventura County and especially in Oxnard on January 29, 2020 resulted in a final count of 379 unsheltered homeless individuals. This is an increase of 76 individuals counted from last year;
- Homeless Services staff successfully submitted a state Homeless Emergency Aid Program grant awarding the City of Oxnard 1.5 million dollars for shelter capital and direct human services;
- Requested representation for the Grants Application Review Panel from Inter Neighborhood Council Organization executive board members and Neighborhood Council chairpersons.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The Ventura County Continuum of Care Alliance (CoC) is a regional consortium covering all communities in Ventura County. The CoC is a collaborative group dedicated to promoting a safe, desirable and

thriving community by ending homelessness in Ventura County. The CoC is comprised of a Board of Directors and five sub committees (Homeless Management Information System (HMIS) Steering Committee, Data Performance and Evaluation, Public Information and Outreach, Coordinated Intake, and Housing Service and Coordination). Within these standing committees and the CoC body, are representatives from local housing authorities, homeless service providers, homeless health care, mental health, veterans' services, law enforcement, education, local homeless task forces, business leaders and city/county government representatives.

The coordination of housing assistance and services for homeless persons continues to be implemented through a broad range of public and private funding and service providers that reach: chronically homeless individuals and families with children, veterans, unaccompanied youth, the recently homeless and those at risk of becoming homeless. City staff participate as well on the City's Affordable Housing Team, OHA, the Homeless Committee, which is comprised of the Mayor Pro Tem and another City Council member. Other entities involved in the development of policy and implementation of the provision of services include the City Council-appointed Commission on Homelessness, regional bodies such as the Ventura County Housing and Homeless Coalition, the South Coast Collaborative Regional HMIS implementation committee, the Southern California Regional CoC Collaborative, and the Ventura County CoC Alliance. The City's Housing Department also oversees the Fair Housing Program. An example of how the City directly provides funding and staff support to coordinate housing assistance include such interventions as a City Police Department implemented program that combines a ride along case manager with officers patrolling areas frequented by chronically homeless and recently homeless individuals and families allows for immediate needs assessments and referrals to appropriate agencies.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

The CoC's Data Performance and Evaluation Sub Committee is tasked with establishing performance measures and new policies and procedures for all homeless grant funds and activities. The HMIS Steering Committee is tasked with developing the policies and procedures that govern HMIS, which is administered by the County of Ventura.

City staff continue to work with the CoC to develop performance standards for and evaluation of outcomes for ESG-funded projects and activities. Through participation on regional sub-committees staff also continue to inform HMIS policies, procedures, operations and administration.

This is an increase of 19 individuals counted from last year. The City conferred with the Ventura county Public Health Department regarding addresses of housing units wherein children have been identified as lead-poisoned in the City of Oxnard. Prior to implementation of the 2018 Annual Action Plan, the City will receive a list of addresses if such a list exists. Any rehabilitation activities on housing units constructed prior to 1978 will have lead hazards identified and actions taken to remove the hazard. The City's Affordable Housing Division does not own or manage any housing units. All units for which HOME and CDBG assistance is provided for homebuyer assistance or homeowner rehabilitation are administered in compliance with HUD's HOME or CDBG regulations for lead-based paint, as applicable inspections requirements. With respect to units owned or assisted by the Oxnard Housing Authority, there have been no cases of Public Housing tenants and/or Section 8 participant households reporting or having been discovered to have poisoned children or any child with "Environmental Intervention Blood Lead Level" (EBLL). The 2014-2021 SCAG RHNA determined that 4,199 affordable housing units would be required in the City of Oxnard from 2014-2021. The updated Housing Element indicates that as of March 2017, 2,497 affordable housing units remain to be built

Table 3 – Other local / regional / federal planning efforts

Narrative (optional)

Implementation of the 2020 Action Plan requires coordination and compliance with the local and regional needs established by the City of Oxnard, County of Ventura, Southern California Council of Governments and the State of California.

The Southern California Association of Governments (SCAG), the nation's largest metropolitan planning organization (MPO), representing six counties, 191 cities and more than 18 million residents in Southern California, is mandated by federal and state law to research and draw up plans for transportation, growth management, hazardous waste management and air quality. SCAG undertakes a variety of planning and policy initiatives that regulate housing development.

One of these planning tools is the Regional Housing Needs Allocation (RHNA), it establishes the need for affordable housing development in cities and counties within its region.

City of Oxnard's general plan contains a housing element that makes "adequate provision for the existing and projected housing needs of all economic segments of the community." The housing element must be revised and updated every eight years after 2010 due to SB 375. A community is not obligated to actually provide housing to all in need but the Regional Housing Needs Allocation (RHNA) is a "distribution of housing development capacity" that each city and county must zone for in a planning period. It is not a "construction need allocation," and is integral to the development of a Sustainable Community Strategy. The housing element is a planning document, requiring the City to plan for meeting its "fair share" of regional housing market need. The RHNA will set local housing and land use capacity goals to support future growth, including transit oriented, mixed use and infill development.

The time frame during which housing accomplishments towards the Regional Housing Needs Allocation (RHNA) can be counted (RHNA cycle) is January 1, 2014 through October 31, 2021. The City seeks to conserve and rehabilitate existing housing as well as provide opportunities for new development. The 2014-2021 SCAG RHNA determined that 4,199 affordable housing units would be required in the City of Oxnard. The City's updated Housing Element indicates that as of March 2017, 2,497 affordable housing units remain to be built.

The City Housing Department's mission is to promote the general welfare of the City by remedying unsafe and substandard housing, and by relieving the shortage of affordable housing for City residents. This mission is consistent with the City's General Plan and laws governing our housing funds and resources. The purpose of the Housing Department is to provide decent, safe, attractive, sanitary, and well maintained housing for eligible low and very low income families in a manner that promotes commitment, exemplary customer service, economy, efficiency, and the social well-being of the residents.

All City housing projects undertaken with federal funds from HUD or other state or federal funding source must comply with the requirements of the City's Housing Element, General Plan, SCAG, State of California Housing and Community Development Department (HCD) and HUD.

AP-12 Participation – 91.105, 91.200(c)

1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting

The City of Oxnard follows the guidance established in the Oxnard Citizen Participation Plan (OCPP) approved on July 10, 2018, which updates the local procedures pursuant to the requirements of Title 24, CFR Section 91.105(a).

The Oxnard Citizen Participation Plan sets forth the procedures for the development of the annual action plan, the consolidated plan, and any substantial amendments to these plans, as well as procedures for the preparation of the comprehensive annual performance and evaluation and the assessment of fair housing. (See Appendix 1.)

The City of Oxnard encourages citizen participation by consulting with citizens, public service organizations, City staff and allows public comments and public input throughout the development process of the plans addressed in the citizen participation plan. City of Oxnard provides assistance to citizens that are unable to speak English, minorities and those with disabilities to participate in the process of developing the plans addressed in the citizen participation plan. The 2020 AAP was developed in conjunction with residents and organizations through a public participation process that included workshops and public hearings conducted by City staff:

- 1) Two public hearings before City of Oxnard City Council where citizen's public comments were allowed are required by the citizen participation plan;
- 2) Four community meetings were conducted to gather input from the residents on the community needs and two workshops for CDBG, HOME and HESG programs conducted by Housing Department staff, followed up by multiple consultations, as well as, providing technical assistance to the community and agencies (service providers) through emails, phone conversations, and meeting; the community meeting were held on 1/22/20, 2/6/20, 2/26/20 and 3/5/20 during the evening; locations were Oxnard Main Public Library, South Oxnard Center, Wilson Senior Center, and Community Room at Terraza De Las Cortes in the La Colonia neighborhood; the workshops were held on 1/22/20 and 2/20/20 during the day at the Oxnard Main Public Library;
- 3) All applications for funding were reviewed by Housing Grants Management staff for eligibility and grants compliance and then forwarded to the Review Panel, which consisted a member from the citizen advisory group;

Annual Action Plan 2020

- 4) Meetings were conducted by Housing Grant management staff for sub-recipients awardees;
- 5) Other workshops and meetings were handled by Affordable Housing staff and Fair Housing staff;
- 6) Meetings attended and participated by Homeless Assistance Program staff related to CoC and Emergency Solutions Grant;
- 7) Meetings with other Community Consortium groups throughout the year; Meeting dates Commission on Homelessness attended by Housing Department staff: August 5, 2019; October 7, 2019; November 4, 2019; December 2, 2019; January 6, 2020; February 3, 2020; and March 2, 2020. Meetings are scheduled for June 1, 2020.

Expected Resources

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

In Plan year 2020, the formula grant calculations of HUD allocations to City of Oxnard are CDBG \$2,574,388, HOME \$776,134 and HESG \$221,083, a total of \$3,571,065 in entitlement grants from HUD. In addition, estimated program income of \$100,000 for CDBG programs and \$100,000 for HOME programs. This will increase total available resources from the 2020 Plan year to \$3,771,605. The source of program income comes principally from repayment of loans and recaptures from defaults. Those funds will be used towards meeting the goals and objectives of the 2020 AAP.

CDBG funds will leverage city funds and subrecipients funded with CA state grants, private foundations and contributions from individuals, corporations and private foundations that provide services and public facilities to low/moderate income residents of City of Oxnard. HOME affordable housing loans for down payment assistance or rehabilitation will leverage affordable housing loan programs, funded by State of CA, such as BEGIN and CAL-HOME. HOME development financing assistance will leverage development funds from State of CA, developer equity, private financing, and tax credit financing. HESG grant funds leverage subrecipients' funds from donations from individuals, corporations and private foundations, which support non-profit agencies sub-recipients and in the case of government HESG contractors, City of Oxnard funding from CA a state grant source and General Funds are two sources of matching funds.

Although not in the Priority Table below, additional resources for 2020 also include leverage and match funds by the HOME and HESG projects.

Those are described in AP-10 agencies listed, AP-15 Introduction, AP-20, Narrative of Goal 7, Reduce Homelessness and AP-55 Introduction.

Table 5 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

CDBG funds are leveraged by city and subrecipients providers with government agency, in-kind, private foundations and contributions monies who provide services to low/moderate income persons. Affordable housing developments utilizing HOME funds typically use HOME monies to leverage millions of dollars in state, federal, and private financing. HESG funds are leveraged by non-profit agencies providers with government agency, in-kind, private foundations, Ventura County Continuum of Care monies who provide critical services such as assisted housing, services

and shelter to vulnerable populations who are at-risk of becoming homelessness or homeless persons and families. HOME funds are matched at a greater than 25% level by recipients of HOME funds, city, and other participants. HESG funds are matched dollar for dollar by subrecipients' providers. The city matched for Administration portion only.

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The city property leased for homeless shelter at 1450 S. Rose Ave, Oxnard, CA Temporary Emergency Shelter at 351 South K Street, Oxnard, CA Oxnard Housing Authority Public Housing Sites

Discussion

The resources for 2020 AAP will accomplish more activities but will not meet all the needs prevalent throughout the city.

Table 7 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The allocation priorities are based on the annual needs identified in coordination with other city departments. Public service allocations are determined by the participation from other providers to meet the goals of the ConPlan. HOME funds are balanced between development projects and single family housing needs. HESG allocation are targeted exclusively for the needs of the homeless population.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The primary national objectives of the ConPlan programs are to benefit LMI residents, therefore, the City's CDBG funds will be targeted to extremely low, low, and moderate-income persons. The City has traditionally dedicated 100 percent of its CDBG resources to activities that exclusively benefit LMI persons. CDBG funds will be used to serve the LMI persons Citywide and in Low-Moderate Areas (LMA). This trend is expected to continue in PY 2020. Also, the City will continue to assist the low-income persons citywide with HOME and HESG funds. The target areas are: (1) Citywide, with 89 percent of the total entitlement funds; and, (2) the LMA Census Tract, 11 percent. The total entitlement includes the administration and planning funding.

Rationale for the priorities for allocating investments geographically

The need for affordable housing (funded from CDBG and HOME) is present throughout the City. CDBG funds for direct benefit category-capital improvements and code enforcement are allocated based on the percentage of LMI persons within the LMA neighborhoods. Regarding the Public Services category of the CDBG funds, the proposed projects will focus on the basic needs of the residents such as health care, essential and supportive services, as well as housing services. The special population such as seniors, homeless and youth will continue to receive their funding for the healthcare needs, nutrition needs, education needs, shelter support and recreational needs.

HESG allocations are based on the limited clientele are distributed citywide.

HOME funds are distributed based on the income eligibility of the clients and citywide basis. These allocations also cover designated areas targeted by Code Compliance efforts to reduce and eliminate the deterioration of the areas through the Homeownership program as well as the Housing Rehabilitation program: homeowners will improve the beautiful appearance of the home and the safety of the neighborhood.

Discussion

As always, the City of Oxnard will continue to look for available public and private resources and creative ways to fund the needy programs.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

HOME affordable housing loans for down payment assistance or rehabilitation will leverage affordable housing loan programs, funded by State of CA, such as BEGIN and CAL-HOME. HOME development financing assistance will leverage development funds from State of California, developer equity, private financing, and tax credit financing.

Lower-income households continue to pay a high percentage of their income for housing, compared to other income groups. A large percentage of lower-income renters tend to experience overcrowding and inadequate housing conditions as housing problems. In order to help provide decent and affordable housing, and improve the social and economic status for LMI households in Oxnard, the following programs will be available during the next program year:

- 1. First time Homebuyer Loan Program
- 2. Homeownership Assistance Program
- 3. Rehabilitation of Single-Family and Mobile home Housing Units
- 4. Rehabilitation of Housing Rental Units
- 5. Construction of new affordable dwelling units
- 6. Preservation of 520 public housing rental units and 1,840 Section 8 vouchers (including 15 set aside vouchers for homeless persons and 67 VASH vouchers for veterans)

Discussion

City of Oxnard's Affordable Housing Division (AHRD) offers HOME grant funds to finance homebuyer assistance and rehabilitation of owner-occupied single family housing for local residents. AHRD will also continue to provide financial assistance to Community Housing Development Organizations (CHDO) to develop affordable housing units throughout the City subject to available funding and as permitted by the funding source. Loan information is provided to interested residents at homeownership fairs, workshops, and on the City of Oxnard's Housing Department website

AP-60 Public Housing – 91.220(h)

Introduction

Oxnard Housing Authority (OHA) currently administers 520 public housing units, 1,840 Section 8 rental assistance vouchers, which includes 67 VASH vouchers and provides support services through its Resident Services program and Family Self-Sufficiency (FSS) program. The needs of public housing residents are supported with a Resident Services program which offers a variety of services to families and youth on-site. The FSS program supports and promotes public housing and Section 8 families with homeownership opportunities and economic self-sufficiency. The FSS Program provides one-on-one counseling and individual assistance to families that participate in this program. Marking flyers for the residential rehabilitation program and the home buyer program are also available in the City's Housing Department lobby.

Actions planned during the next year to address the needs to public housing

Modernization projects for the public housing units, where most needed, are funded through its Capital Fund program. Every 5 years the Capital Fund program conducts a PNA (Physical Need Assessment) throughout the entire housing units and sends out survey questionnaires to the residents to assess the physical deficiencies in their units. It also collects input from Maintenance and Public Housing Staff. All the collected deficiencies get translated into capital improvement projects and get tabulated into a 5 year action plan. Each year, in its Annual Plan and Statement, Capital Fund re-prioritizes those projects identified in the 5 year plan.

For Fiscal year 2020/21, the following capital improvement projects for public housing units are planned:

Cal 31-2 (Felicia Court) Roofing	\$250,000
Exterior Doors	\$220,000
Cal 31-8 (Palm Vista) Boiler Replacement	\$ 10,000
Cal 31-5 (Plaza Vista) Kitchen Cabinets	\$175,000
Cal 31-7 (Scattered sites) Kitchen Cabinets	\$350,000
Building Improvements	\$ 10,000

Total Planned projects for 2020 \$1,015,000

In 2019, the Oxnard Housing Authority retired 144 public housing units, the impacted public housing

residents were issued Section 8 Project Based Vouchers for the Las Cortes Project and any remaining families were given Section 8 tenant-based vouchers to relocate to a unit in the private market.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

Homeownership opportunities are promoted by offering public housing families homeownership counseling services by Ventura County Community Development Corporation (VCCDC). In addition, families are informed of these services through its Family Self-Sufficiency Program and distribution of fliers to all households.

Public housing residents are encouraged to participate in public housing tenant associations that advocate on behalf of tenants to support efforts to improve public housing stock and living conditions.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Discussion

In order to respond to the increasing need for affordable housing units within the community, OHA and the Housing Department will continue to seek new resources of financing new housing development projects and partnering with developers, owners, and CHDO's.

AP-65 Homeless and Other Special Needs Activities – 91.220(i) Introduction

Jurisdictions that receive federal funds for homeless assistance are required to conduct a Point In Time Count (PIT) of homeless persons each year. The 2020 PIT count was conducted on January 29, 2020.

The "Ventura County 2020 Homeless Count and Subpopulation Survey: Final Report", published in April 2020. The report is at the following website:

https://s33020.pcdn.co/wp-content/uploads/2020/04/2020-VC-Homeless-Count-Report-Final.pdf

In summary, the PIT count is a snapshot of homeless people who could be enumerated on one specific day. The 2020 PIT counted a total of 379 unsheltered homeless persons in Oxnard.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

In the previous twelve months the City of Oxnard established a year around homeless shelter and navigation center located on K Street in Oxnard. The City of Oxnard contracted Mercy House to operate the navigation center. The navigation center will continue its operation for the next twelve-month period and beyond. Oxnard has launched an effort to develop a new construction mixed-use development that will include a new and replacement navigation center and 110-bed homeless shelter plus other support services and fifty-four units of permanent supportive housing. We expect that this new project will be in operation within thirty-six months and will maintain the interim operation on K Street until relocation is possible.

During the next year, Oxnard will engage a new street outreach team to offer navigation for basic needs, services and shelter. The street outreach team will coordinate with Mercy House and the Oxnard Navigation Center as well as the Homeless Liaison Officers with the Oxnard Police Department.

Addressing the emergency shelter and transitional housing needs of homeless persons

The emergency shelter and transitional housing needs of homeless persons are currently being addressed by several service providers throughout Ventura County. The emergency shelter needs in the area are met by the following providers: Mercy Housing in operation of the Oxnard Navigation Center, Ventura County Rescue Mission - single men over the age of 18 with rotating stay schedule, 10 nights in/5 nights out; Kingdom Center - emergency shelter for single women and women with children;

Lighthouse Mission for Women and Children - single women and women with children; and Turning Point Foundation - mentally ill individuals.

Transitional housing needs are currently being met by the following providers: Kingdom Center - single women and women with children; Khepera House - single men; Many Mansions - transition aged youth, single women and women with children; Turning Point Foundation - single mentally ill persons; Salvation Army - families, single parents and single persons; VC-HSA - families, single parents and children, and single persons; Project Understanding - families and single parent households.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

There are many providers that are working diligently to assist homeless persons from not only finding housing, but also to prevent further incidents of homelessness. The Oxnard Housing Authority has created a homeless preference in issuance of Housing Choice Vouchers and is actively offering permanent housing opportunities. During the 2019 – 2020 fiscal year the Oxnard Housing Authority expects to house fifty otherwise homeless families with the use of Housing Choice Vouchers.

The Ventura County Human Services Agency utilizes both County General Funds and the City's Emergency Solutions Grant to provide eviction prevention and rapid re-housing services to all of these populations; they will continue to do this in the forthcoming operating year. Additionally, Ventura County Veterans Services, Homeless Health Care and Ventura County Behavioral Health all work closely with the service providers to provide other supportive services to assist in reducing the incidence of homelessness as they have also done in the recent past.

OHA works in conjunction with the Veteran Administration to administer 67 housing vouchers for homeless veterans under the VASH program. This program targets chronically homeless veterans.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The CoC has documented discharge policies of all of the above mentioned services that spell out various directions to ensure persons are not discharged into homelessness. Additionally, as stated earlier, HSA

works with qualifying low-income persons and families to avoid homelessness. This is done with the utilization of HESG and Ventura County allocated general fund dollars. Under the CoC discharge policy, in fulfilling the State Mandated Policy (state law related to the discharge protocol), the following are found:

- Health Care Facilities: the County health care system describes the discharge policy as
 interdisciplinary responsibility. For the persons who require ongoing medical and nursing care
 and who have no identifiable address they may be discharged to a respite program at the RAIN
 project, a County operated transitional housing project. Others, upon discharge routinely go to
 group homes, board and care facilities, or reunite with families and friends.
- Mental Health Facilities: the Ventura County Medical Center Psychiatric Inpatient Unit with the
 collaboration of Ventura County Behavioral Health and various community agencies provide
 discharge planning and placement assistance to patients, when leaving the mental health
 facilities.
- 3. Foster care and other youth facilities: the goal is to provide assisted services to eligible youth and young adults between the ages of 16 and 21 in making a successful transition from foster care to independent living and achieve self-sufficiency. In addition to the County Children and Family Services, a Transitional Age Youth (TAY) center, operated by Pacific Clinic is also available.
- 4. Corrections programs and institutions: upon release, inmates are able to obtain housing in transitional and permanent housing programs, group homes, and sober living homes as well as with family and friends.

Discussion

The CoC has incorporated each of the following goals of Opening Doors into its 20-year plan to end homelessness:

- 1. Ending chronic homelessness through targeted street outreach (CDBG-Community Action-One Stop Shelter, CoC-Oxnard Homeless Outreach Program, VCHSA-Rapid Re-housing, HESG-Winter Warming Shelter), discharge planning and implementation of a housing first approach.
- 2. Preventing and ending homelessness among veterans by providing permanent supportive housing beds, in addition to Section 8 HUD VASH vouchers.
- 3. Preventing and ending homelessness for families, youth, and children by 2020 through rapid rehousing program and homeless prevention activities. The CoC set a path to ending all types of homelessness in its 10-year plan by implementing a coordinated assessment system-Pathways to Home. As a result, the number of chronic homeless, veterans, families, and youth continue to demonstrate positive results.
- 4. All of the above objectives are still in progress and will be folded into a regional plan and strategy lead by the County of Ventura.

AP-75 Barriers to affordable housing – 91.220(j) Introduction:

Barriers or constraints to the affordability of housing exist in many forms. A particular building code that to one sector might be interpreted as a "negative" public policy that acts as a barrier to affordable housing may to another sector be seen as a life-saving necessity – for example, seismic safety construction requirements. The same can be said for zoning and land use regulations. It should be noted that in Ventura County, local growth limitations have been adopted by direct ballot measures. Some of these measures entail costs which can affect housing supply and the cost of housing that is produced. Barriers to exit homelessness include the lack of a permanent, year round shelter and the lack of housing units for those at the very low- and low- income spectrum. Because of the high cost to develop housing for these populations and limited public funding to subsidize the development of new affordable housing units, developers often do not have the resources to develop the number of units necessary to house this population. When this occurs, badly needed units go undeveloped, thus further limiting housing opportunities for those hardest to house.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Environmental review, general planning, zoning, and related local land use regulations and development standards are all extensions of local government police powers to protect life and property, minimize nuisances, and achieve a desired quality of life as expressed through a participatory democratic process. Certain barriers to affordability are imposed by the mandates created by State Law (such as preparing and adopting a General Plan and conducting environmental reviews), are adopted for safety or civil rights reasons (such as the imposition of seismic construction standards in quake-prone areas, or requiring compliance with accessibility or visitability design standards), or enacted to remedy or prevent a specific local issue (such as requiring landscaping to deter graffiti). The term "barrier" should not be interpreted in the context that local development standards and development review procedures are inhibiting the provision of quality affordable housing that would otherwise be developed, but are the cumulative effect of the development requirements imposed by the layers of government regulations and laws that impact residential development.

Discussion:

The City strives to consistently implement all policies and procedures, to review local development standards and development review procedures in such a way as to avoid and ensure that such do not have unintended negative consequences, and to improve policies and procedures so as to increase the opportunities and feasibility of developing affordable housing, especially for special needs and very lowand low-income units). The City will continue to engage in these efforts to identify and minimize any

barriers over which the City has legal authority, in accordance with applicable law.

AP-85 Other Actions – 91.220(k)

Introduction:

The City will implement the goals and strategies of the Consolidated Plan to achieve the other actions listed in the next section

Actions planned to address obstacles to meeting underserved needs

The City will continue to utilize available resources to fund administrative support activities to meet the underserved needs in the community. The City will continue to work with the appropriate state agencies to administer the assets of the former redevelopment agency in the appropriate manner, and to the benefit of the LMI community whenever possible and feasible. Limited availability of funding from federal, state and other sources;

High cost of housing and provisions in the area which increases the difficulty of meeting affordable housing needs;

Reduced or frozen funding from state and other sources due to inadequate state revenue; the housing and credit crisis causing a negative effect;

A tight job market has produced an increased demand for production of new housing which is not being met, increasing home prices. Salaries are not commensurate with the high cost of housing in this market. These two factors combine to exacerbate the affordability crisis; and,

Credit crisis has limited the availability of capital to develop housing for low-and moderate-income households and special needs groups.

City staff will address the challenges of existing and new obstacles in PY 2020 by focusing on the following programmatic and administrative areas:

- Staff will continue to research the availability of future funding resources that leverage the
 development of affordable housing units, inclusive of grants, bond financing, Section 108
 funding and partnering with other affordable housing developers.
- CDBG and other funds will be used to fund administrative support for programs that serve the needs of LMI citizens citywide. This is especially critical now that no redevelopment agency funding is available, given that redevelopment agencies no longer exist in California.
- Staff will continue to collaborate with private-sector partners when appropriate in the development and construction of affordable housing.
- Staff will continue to collaboratively work with the service provider community, non-profit
 organizations, and neighboring cities and local governmental agencies within the County of
 Ventura to identify projects that also meet federal community development program eligibility
 and which can comply with timely draw-down requirements.

Actions planned to foster and maintain affordable housing

The City utilizes its Inclusionary Housing Program to provide significant numbers of affordable housing units. To ensure that Oxnard has enough opportunity sites suitable for residential development and to

meet the remaining RHNA affordable allocation of 2,497 lower income and moderate units and 53 above moderate income units, the City is relying on the following:

- The All Affordable Housing Opportunity Program (AAHOP) and Affordable Housing (AH) additive zone (see Supplement 2) with an inventory of 2,067 units on 38 AAHOP sites
- 66 Vacant and Underutilized Sites (see Supplement 2)

The City of Oxnard has adopted several ordinances that establish inclusionary affordable housing requirements for new developments. Relevant ordinances are City Council Ordinances 2721 and 2615. The Inclusionary Housing Program provides for in-lieu fee payments that can replace the on-site units within a development subject to approval by the City Council. The City is currently in the process of completing a study to increase the City's in-lieu fee. In-lieu fees for development project are as follows:

For-Sale Units: If the in-lieu request is granted, the developer is required to make a payment of 1 percent of the sales price of each for sale unit in the project based on increments of \$50,000, with a minimum payment of \$5,000 for each unit.

Rental Units: A payment is required for each rental unit. The price is adjusted every six months by the percentage increase or decrease for the previous six months as determined by the Los Angeles Riverside-Orange County Consumer Price Index for all urban consumers.

The City Council generally prefers on-site affordable housing as opposed to payment of in-lieu fees. A project that is approved for in-lieu payments has usually agreed to another public benefit through a Development Agreement that justifies the in-lieu payment. In-lieu payments are made when the developer applies for building permits for the approved units. The in-lieu fees collected provide funding support in the form of developer loans to new affordable housing projects and are almost always leveraged with other funding sources. The current in-lieu fund balance is approximately \$2.8 million.

Possible incentives may include, but are not limited to, the following:

- Assistance with accessing and applying for funding (based on availability of federal, state, local foundations, and private funds)
- Mortgage-subsidy or down payment assistance programs to assist first- time homebuyers and other qualifying households, when such funds are available
- Expedited/streamlined application processing and development review
- Modification of development requirements, such as reduced setbacks and parking standards on

a case-by-case basis

Density bonus

Actions planned to reduce lead-based paint hazards

The City will coordinate activities with the County of Ventura Department of Health and Human Services to reduce lead-based paint hazards in accordance with federal regulations. Any rehabilitation activities on housing units constructed prior to 1978 will have lead hazards identified and actions taken to remove the hazard. The City's Affordable Housing Division does not own or manage any housing units. All units for which HOME and CDBG assistance is provided for homebuyer assistance or homeowner rehabilitation are administered in compliance with HUD's HOME or CDBG regulations for lead-based paint, as applicable. With respect to units owned or assisted by the Oxnard Housing Authority, there have been no cases of Public Housing tenants and/or Section 8 participant households reporting or having been discovered to have poisoned children or any child with "Elevated Blood Lead Level". OHA staff provides a brochure related to lead based paint hazards to all new tenants and program participants. Maintenance staff attends training and seminars to stay current with the State of California Lead Awareness Training requirements.

Actions planned to reduce the number of poverty-level families

Eliminating poverty is a clear concern in Oxnard and Ventura County in general. Efforts are constantly underway to improve the quality of life and economic well-being of the residents through collaborative efforts of the following agencies and their programs to provide needed skills for individuals seeking jobs and thereby getting them out of poverty:

- City Corp
- Community Action of Ventura County
- Oxnard Housing Authority
- County of Ventura-Human Services Agency
- City's youth programs such Police Activities League programs, Colonia Gymnasium, Colonia Recreation Center and Boxing programs

Actions planned to develop institutional structure

Extensive public and private partnerships have been established and organized to address the City's housing, homeless, and community development needs: Entitlement Grants workshops and training, Affordable Housing workshops for homeowners, Relocation meetings for residents, Fair Housing training and other scheduled meetings (such as Pre-construction meetings, Commission on Homelessness

meetings, and meetings with County Continuum of Care Council, Housing Committee meetings).

Actions planned to enhance coordination between public and private housing and social service agencies

The City will continue to collaborate with public and private housing and social service agencies to meet the goals and objectives of the Consolidated Plan. This could be from ongoing meetings, special meetings and task force.

Discussion:

The City anticipates significant numbers of inclusionary affordable housing to be developed within several proposed specific plans and other new projects. Based on a thorough review, the City does not believe that the current inclusionary housing program is a constraint to the development of housing in addition to the incentives and concessions currently being offered and conversations with local developers who have been able to work within the requirement of the inclusionary housing program and produce housing. To further ensure the program does not pose a constraint, the City has included a monitoring process.

Other actions that the City of Oxnard will continue to improve compliance assessment for all its HUD funded programs and projects by 1) monitoring program and financial performance; 2) compliance with Environmental review: each project is reviewed for compliance with the National Environmental Protection Act. The City has a consulting agreement with Rincon to assist and perform the environmental reviews for housing developments and facility improvement projects, more complicated, and time consuming projects; 3) Labor Compliance Act: the City reviews and perform the contract administration of all CDBG-funded construction projects; 4) Section 3 Compliance: this function is also performed by the City; 5) Procurement and Purchasing: The City has its own procurement and purchasing policies managed by staff in the Finance Department; 6) Partnerships with Citizen Advisory Groups: Inter-Neighborhood Council Forum, Commission on Homelessness, Parks and Recreation and Community Services Commission, Mobilehome Park Rent Review Board, and Senior Services Commission.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction:

In addition to the 20% cap for Administration, the City of Oxnard also allocates 15% of 2020 CDBG funds for public services such as recreation programs for youth, homeless services, senior services and fair housing activities. The balance of the funds will be allocated to housing activities, code compliance and public facilities and improvements. In the event of an emergency (such as an earthquake, flooding, or hurricane ...) the City will cut the non-committed funds from other existing projects in order to fund the urgent need within the allowable range. However, the urgent need to meet the following tests: (1) the existing conditions pose a serious and immediate threat to the health and welfare of the community, (2) the existing conditions are recent or recently became urgent, generally 18 months, (3) the City cannot finance on its own, (4) and when other funding sources are not available.

HOME Investment Partnership Program (HOME) Reference 24 CFR 91.220(I)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

Other forms of local investments for housing that may be available to projects include financing from the City's in-lieu fees, CDBG funding. Additionally, the City also provides homebuyer assistance through the use of program income received from BEGIN and CALHOME State funded grant programs.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

Refer to Questions # 3 for Resale Provisions & procedures.

Recapture:

Provisions

- "In the event that the homebuyer fails to satisfy the requirements during the term of the loan, or otherwise defaults, the City shall exercise its legal rights, as set forth in the promissory note and deed of trust, in order to recover the monetary assistance previously provided to the maximum extent permitted by law."
- "If the recapture provisions are triggered by a sale of the housing unit, (whether voluntary or involuntary —such as foreclosure) or other default, the City shall take all necessary steps to recover the full amount of HOME funds from the net proceeds. The phrase 'net proceeds' is defined as the sales price, minus the loan repayment of the first trust deed (other than HOME funds) and any closing costs."

The HOME Program regulations allow the City to recapture the entire HOME Subsidy, in the event the loan recipient violates the affordability and or term period requirements. However, should the 'net proceeds' not cover the entire HOME Subsidy or not cover any of the HOME Subsidy, the City is required to forgive the remaining balance of the direct HOME Subsidy.

• During the term of the loan, the homeowner must repay the loan if it is sold, transferred or refinanced without the City's permission and/or with cash out to the homeowner or the homeowner does not occupy the residence as a primary residence.

Procedures

The City utilizes an agreement which includes restrictions, and a promissory note secured by a deed

of trust which is recorded with the Ventura County Recorder's Office.

Staff monitors and requires certification annually by the homeowner that the property is owner-occupied to determine if recapture provisions shall be invoked upon discovery of violations for owner-occupancy or unauthorized transfers.

The City will exercise the rights stipulated in the promissory note, secured by the deed of trust that was recorded with the County Recorder's Office.

Should Borrower transfer (as that term is defined in the Note) the Property during the occupancy period, City shall require that Borrower pay from the net proceeds the full amount of the Loan. For purposes of this Loan Agreement, "net proceeds" shall mean the sales price minus loan repayment (other than CDBG funds) and closing costs.

In the event net proceeds are not sufficient to discharge the full amount of the Loan during the occupancy period plus enable the Borrower to recover his or her initial investment in the Property and documented costs of any capital improvements, Borrower shall share the net proceeds with City. The City's share of the net proceeds shall be calculated as follows:

(Amount of Loan / Amount of Loan + Borrower's Investment) = % of Net Proceeds that City is entitled to.

Should the net proceeds not discharge the full amount of the Loan, City shall forgive the remaining balance.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

Refer to Question #2 for Recapture provisions and procedures.

Resale

Provisions

During the affordability period, the homeowner must resell to another low-income homebuyer if the property is refinanced without the City's permission and/or with cash out to the homeowner or the homeowner does not occupy the residence as a primary residence.

The original homebuyer receives a fair return on investment, (i.e., the homebuyer's down payment plus capital improvements made to the house. It is important to note that in certain circumstances, such as a declining housing market where home values are depreciating, the original homebuyer may not receive a return on his or her investment because the home sold for less or the same price as the original purchase price); and

In the event that the homebuyer fails to satisfy the requirements during the term, or otherwise defaults, the City shall exercise its legal rights, as set forth in the Resale Restriction Agreement.

Procedures

The City utilizes a Resale Restriction Agreement (RRA) secured by a deed of trust which is recorded with the Ventura County Recorder's Office.

Staff monitors and requires certification annually by the homeowner that the property is owner-occupied to determine if resale provisions shall be invoked upon discovery of violations for owner-occupancy or unauthorized transfers.

If the homeowner defaults or fails to satisfy requirements during the term, the City will exercise the rights stipulated in the Resale Restriction Agreement.

Property must be sold to an eligible low-income homebuyer which shall acquire the unit subject to the continuation of restrictions provided in the RRA through an assumption agreement. The purchase price must be affordable for a low-income household who earns up to 80% of the area median income, provided by HUD. The monthly cost for principal, interest, taxes, insurance, HOA fees, utilities, and maintenance should not be more than 30% of the monthly income for the household or otherwise stated in the RRA. There is no preference to a particular segment of the low-income population.

The resale price is calculated using one of two ways methods described below. The method used is identified in the RRA:

Determined as the affordable housing cost for a family at 80% of AMI paying no more than 30% of the monthly income for the household or in accordance of California Health and Safety Code 50025.5, whichever is lesser, but not less than the original price paid by homebuyer, or Determination using a CPI method to calculate the increase (or decrease) in value of the property. The U.S. Bureau of Labor Statistics Consumer Price Index — All Urban Consumers for the Los Angeles-Riverside- Orange Counties Area (all items based 1982-1984=100) provides the CPI on the date of the calculation and the CPI on the purchase date. The calculation is the CPI on the date of the calculation minus the CPI on the purchase date, plus the cost of improvements to property evidenced with receipts, less 7% depreciation, plus the costs of bringing the housing unit up to current building codes and in a salable condition.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that

will be used under 24 CFR 92.206(b), are as follows:

The City currently does not have any plans to invest HOME funds in this type of activity.

Emergency Solutions Grant (ESG) Reference 91.220(I)(4)

1. Include written standards for providing ESG assistance (may include as attachment)

The City does not provide any direct assistance under the HESG program any longer. All written standards vary by service providers and assistance type. However, all providers must ensure recipients meet the minimum qualifications established by HUD for each eligible funded activity. HESG Policies and Handbook are provided to all HESG subrecipients.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The Regional Ventura County Continuum of Care Alliance has established centralized or coordinated assessment system, Pathways to Home, that provides coordination intake as well as systems to avoid duplication of effort and redundancies.

Pathways to Home is centralized to provide identical information and system-wide tracking through HMIS, of all homeless individuals who seek and /or receive assistance at any one of the various service providers, or through the County directly.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

The process for making all sub-awards for HESG recipients are as follows:

- a. The City formally posts the Notice of Available Funds (NOFA) in the regional newspaper, on the City's website, and emails and paper mail are sent to all existing and potential service providers from Santa Barbara to Los Angeles.
- b. All interested agencies attend information workshop/application training on the process, which includes all deadline dates and times.
- c. Interested agencies then submit their application, project overview and qualifications
- d. The Review Panel included representatives from City Advisory Groups.
- e. The Review Committee reviews all proposals and provides a scores for each eligible application. The funding recommendations are derived based on the scores.
- f. The funding recommendation are adjusted to meet the available resources and cap requirements; reviewed by management and then submitted to the City Council for approval.

- g. All applicants are contacted and urged to attend the City Council meeting in which the items fall on the agenda. All supporting comments and grievances are done at this time.
- h. The Mayor and City Council directs the City Manager and staff to move forward with final processing.
- i. Staff prepare all contracts for execution. Additionally, all internal processes are completed in order to encumber funds to each individual agency.
- j. Contracts are completed and services can begin on July 1.
- k. All HESG contracts are awarded for two years.
- 4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

The City meets the homeless participation requirement by having a homeless and formerly homeless person serve on the City's Commission on Homelessness. In addition, each entity receiving city HESG funding is also asked to provide information as to how they involve the homeless.

5. Describe performance standards for evaluating ESG.

PERFORMANCE MEASURES

Performance measures are in place to ensure the efficient administration of all HESG funded activities. Additionally, along with the utilization of the HMIS, these measures will hopefully help to reduce the length of time of family and individuals remain homelessness, reduce the overall incidence of homelessness, and monitor the overall use of emergency shelters. Some of the activity measures are as follows:

- Emergency Shelters: Excluding winter shelters, must be able to document placement of a minimum of 10 percent of the homeless persons or households served in the Program Year into transitional or permanent housing.
- Transitional Housing: must be able to document placement of a minimum of 50 percent of the households who completed the transitional housing program in the Program Year into permanent housing. "Household" is defined as all clients including single individuals and families.
- Rapid Re-housing: must show continued housing of clients receiving assistance for at least three
 months after receiving assistance. This should be done via case management of clients,
 documentation and HMIS entry and exit dates.
- Eviction Prevention: must show continued housing of clients receiving assistance for at least three
 months. This should be done via case management of clients, documentation and HMIS entry and
 exit dates.
- All clients, with the exception of victims of domestic violence, must be entered into the Regional Annual Action Plan

- HMIS within 15 days of receiving service(s), and must be exited from the system within 30 day of program completion or termination.
- MINIMUM STANDARDS: Sub-grantees are expected to have taken steps to meet the Minimum Standards for Homeless Programs within thirty days of executing the Program Year contract.
- BUILDING AND HABITABILITY STANDARDS: Any building for which HESG funding is used for renovation, major rehabilitation or conversion must meet local government safety and sanitation standards. In addition, the Sub-Grantee must meet a number of basic standards to ensure that shelter and housing facilities funded through the HESG program are safe, sanitary and adequately maintained.
- MONITORING: City staff will monitor the use of grant funds through a combination of a thorough review of all submitted reports, review of audit or financial statements, and monitoring and site visits.

The City will continue to develop and implement eligible activities using the grant funds and through the monitoring and review processes and techniques in order to comply with the federal specific requirements.

Discussion:

Homeless Assistance Division continues to fund all the activities prescribed in the HEARTH act. With the sub-recipients cooperation, the City's HESG will continue to provide substantial additional leverage funds to invest in the various programs in order to assist the homeless population toward the goal of reduction and ending homelessness. Also, HESG limits the cost categories for administration and planning to 7.5% or \$16,581 and 60% for street outreach and emergency shelter \$132,649; total \$149,230 for those cost categories. The City's 2020 action plan allows the maximum toward \$16,581 administration and planning, and a total of \$71,853 or 32.5% toward other activities such as homeless prevention and rapid re-housing support.
