ADDENDUM NO. 3

**LA COLONIA NEIGHBORHOOD WATER CAST IRON PIPE REPLACEMENT PROJECT
SPECIFICATION NO. PW 20-58**

SCHEDULED BID OPENING DATE: November 3, 2020

TO ALL BIDDERS OF RECORD:

Acknowledge receipt of this addendum by enclosing one signed copy with your bid documents. Failure to do so may subject bidder to disqualification. This addendum consists of one (1) page. This addendum forms a part of the bid documents as follows:

The City has received Requests for Information on this project and the questions and responses are below:

Question 1: Boring number 2 from the soils report shows no AC or base in those alleyways, how much would we be responsible for?

Response: The pipe trench shall be excavated to the lines and depths indicated on the Plans or as approved by the Engineer. Backfill and pavement restoration per City Standard Plate 602.

Question 2: Also regarding the soils report, it appears that all of the other alleyways are missing off of the report?

Response: There is boring information available in close proximity to other alleys in the soil report. Backfill and pavement restoration per City Standard Plate 602.

Question 3: I understand that we are to obtain a permit from Union Pacific for encroaching the ROW, how are we to go about obtaining that cost? There is no phone number for the gentleman listed on the plans, and he has not responded to emails regarding the project.

Response: See Special Provisions section 1505-3 PERMITS for more information.
