1. DISTRICT ANALYSIS

1.1 District

The City of Oxnard (the “City”) established Community Facilities District No. 6 (North Shore at Mandalay Bay) (the “CFD”) in 2006 to finance the cost and expense of providing public improvements and services within the CFD. The public improvements authorized to be provided by the CFD include:

- Improvements: The construction, purchase, modification, expansion, improvement or rehabilitation of all or a portion of streets and roads, sanitary sewer facilities, water supply and distribution facilities, storm drain and flood control facilities, landscaping, parks, school facilities, land for environmental mitigation, libraries, public safety buildings, child care facilities, civic center facilities, facilities for the furnishing of electricity, natural gas, telephone services and cable television and related services and all appurtenances and appurtenant work in connection with the foregoing including, without limitation, the cost of engineering, planning and designing the public improvements, and incidental expenses.
- Services: Any public service that may be paid for pursuant to the provision of Section 53313 of the California Government Code.

There are two special tax components to the CFD. Special Tax A is the special tax levied each year to fund the annual facilities special tax component. Special Tax A can be levied until Fiscal Year 2045/46. The other special tax component is Special Tax B, which is levied to fund the annual services special tax component. Special Tax B can be levied in perpetuity in order to satisfy the services special tax requirement.

The City has not yet issued bonds for the CFD, but the City is authorized to incur bonded indebtedness in a maximum aggregate principal amount not to exceed \$30,000,000.

1.2 Levy

The City has not levied the special tax on parcels in the CFD since Fiscal Year 2014/15 and did not levy a 2020/21 special tax for the CFD. There are currently no services being performed in the CFD.

Pursuant to the CFD’s rate and method of apportionment, the City only levies parcels for the Special Tax B component of the CFD’s total special tax. The City will levy the special tax component for Special Tax A once the City issues bonds for the CFD.

Each year the maximum special tax rates for the CFD escalate by 2%.

1.3 Delinquencies

All parcels within the CFD are current in their payment of annual special taxes. NBS will continue to monitor the payment of special taxes as parcels are levied and make recommendations to the City as needed.

2. SENATE BILL 165

Senate Bill 165, filed with the Secretary of State on September 19, 2000, enacted the Local Agency Special Tax and Bond Accountability Act (the “Act”). This Act requires that any local special tax or local bond measure subject to voter approval contain a statement indicating the specific purposes of the special tax, requires that the proceeds of the special tax be applied to those purposes, requires the creation of an account into which the proceeds shall be deposited, and requires an annual report containing specified information concerning the use of the proceeds. The Act only applies to any local special tax measure or local bond measure adopted on or after January 1, 2001 in accordance with Section 50075.1 or Section 53410 of the California Government Code.

Some of the requirements of the Act are handled at the formation of the CFD and others are handled through annual reports. This section of this report intends to comply with Section 50075.1 and Section 53411 of the California Government Code that states:

“The chief fiscal officer of the levying or issuing local agency shall file a report with its governing body no later than January 1, 2002, and at least once a year thereafter. The annual report shall contain all of the following:

6. Compute the current Future Facilities Costs.
7. Multiply the larger quotient computed pursuant to paragraph 3(a) or 3(b) by the amount determined pursuant to paragraph 6 to compute the amount of Future Facilities Costs to be prepaid (the "Future Facilities Amount").
8. Compute the amount needed to pay interest on the Bond Redemption Amount from the first bond interest and/or principal payment date following the current Fiscal Year until the earliest redemption date for the Outstanding Bonds.
9. Determine the Special Tax A levied on the Assessor's Parcel in the current Fiscal Year which has not yet been paid.
10. Compute the minimum amount the CFD Administrator reasonably expects to derive from the reinvestment of the Prepayment Amount less the Future Facilities Amount and the Administrative Fees and Expenses from the date of prepayment until the redemption date for the Outstanding Bonds to be redeemed with the prepayment.
11. Add the amounts computed pursuant to paragraphs 8 and 9 and subtract the amount computed pursuant to paragraph 10 (the "Defeasance Amount").
12. Verify the administrative fees and expenses of CFD No. 6, including the costs of computation of the prepayment, the costs to invest the prepayment proceeds, the costs of redeeming Bonds, and the costs of recording any notices to evidence the prepayment and the redemption (the "Administrative Fees and Expenses").
13. The reserve fund credit ("Reserve Fund Credit") shall equal the lesser of: (a) the expected reduction in the reserve requirement (as defined in the Indenture), if any, associated with the redemption of Outstanding Bonds as a result of the prepayment, or (b) the amount derived by subtracting the new reserve requirement (as defined in the Indenture) in effect after the redemption of Outstanding Bonds as a result of the prepayment from the balance in the reserve fund on the prepayment date, but in no event shall such amount be less than zero.
14. If any capitalized interest for the Outstanding Bonds will not have been expended at the time of the first interest and/or principal payment following the current Fiscal Year, a capitalized interest credit shall be calculated by multiplying the larger quotient computed pursuant to paragraph 3(a) or 3(b) by the expected balance in the

capitalized interest fund after such first interest and/or principal payment (the "Capitalized Interest Credit").

15. The Special Tax A prepayment is equal to the sum of the amounts computed pursuant to paragraphs 4, 5, 7, 11 and 12, less the amounts computed pursuant to paragraphs 13 and 14 (the "Prepayment Amount").
16. From the Prepayment Amount, the amounts computed pursuant to paragraphs 4, 5, 11, 13 and 14 shall be deposited into the appropriate fund as established under the Indenture and be used to retire Outstanding Bonds or make debt service payments. The amount computed pursuant to paragraph 7 shall be deposited into the Improvement Fund. The amount computed pursuant to paragraph 12 shall be retained by CFD No. 6.

The Prepayment Amount may be sufficient to redeem other than a \$5,000 increment of Bonds. In such cases, the increment above \$5,000 or integral multiple thereof will be retained in the appropriate fund established under the Indenture to be used with the next prepayment of bonds or to make debt service payments.

As a result of the payment of the current Fiscal Year's Special Tax A levy as determined under paragraph 9 (above), the CFD Administrator shall remove the current Fiscal Year's Special Tax levy for such Assessor's Parcel from the County tax rolls. With respect to any Assessor's Parcel that is prepaid, the CFD Administrator shall indicate in the records of CFD No. 6 that there has been a prepayment of the Special Tax A and the obligation of such Assessor's Parcel to pay the Special Tax A shall cease.

2. Prepayment in Part

The Special Tax A on an Assessor's Parcel of Developed Property or an Assessor's Parcel of Undeveloped Property for which a building permit has been issued may be partially prepaid as described herein, provided that such prepayment may not occur after the issuance of a certificate of occupancy for such Assessor's Parcel. The amount of the prepayment shall be calculated as in Section H.1; except that a partial prepayment shall be calculated according to the following formula:

$$PP = (P_E - A) \times F + A$$

These terms have the following meaning:

PP = the partial prepayment

P_E = the Prepayment Amount calculated according to Section H.1

F = the percent by which the owner of the Assessor's Parcel(s) is partially prepaying the Maximum Special Tax A.

A = the Administration Fees and Expenses from Section H.1

The owner of any Assessor's Parcel who desires such prepayment shall notify the CFD Administrator of such owner's intent to partially prepay the Special Tax A and the percentage by which the Special Tax A shall be prepaid. The CFD Administrator shall provide the owner with a statement of the amount required for the partial

prepayment of the Special Tax A for an Assessor's Parcel within thirty (30) days of the request and may charge a reasonable fee for providing this service. With respect to any Assessor's Parcel that is partially prepaid, the City shall (i) distribute the funds remitted to it according to Section H.1, and (ii) indicate in the records of CFD No. 6 that there has been a partial prepayment of the Special Tax A and that a portion of the Special Tax A with respect to such Assessor's Parcel, equal to the outstanding percentage (1.00 - F) of the remaining Maximum Special Tax A, shall continue to be levied on such Assessor's Parcel pursuant to Section D.

Notwithstanding the foregoing, no full or partial Special Tax A prepayment shall be allowed unless the amount of Assigned Special Tax A that may be levied in each Fiscal Year on Taxable Property within CFD No. 6 both prior to and after the proposed prepayment is at least 1.1 times the applicable annual debt service on all Outstanding Bonds.

I. TERM OF SPECIAL TAX

The Special Tax A shall be levied as long as necessary to meet items (i) and (iii) of the Special Tax Requirement for Facilities not to exceed Fiscal Year 2045-2046. The Special Tax B shall be levied as long as necessary to meet the Special Tax Requirement for Services.
