Overview

Pop-up workshops were held December 2021 in Oxnard as part of the City of Oxnard’s Sustainable Transportation Plan. The pop-ups encouraged Oxnard residents to provide input on the goals of the Plan, specifically asking where people travel in Oxnard. Understanding travel patterns will help the team decide which streets to enhance and what connections should be improved in the city.

Two workshops were held. The first took place December 12th, 2021 at the Oxnard College Community Market. The second took place December 18th, 2021 at the Farmer’s Market at The Collection. Representatives from the Oxnard Public Works Department (Transportation & Mobility Division), consultant team (Fehr & Peers, Here LA, Rincon Consultants, and Kearns & West), and Spanish and Mixteco interpreters (from MICOP) were present at each event.

The workshops used “Link Boards” - wooden boards connecting destinations using a nail and colorful rubber-band - to show connections in Oxnard. Destinations reflected on the Link Boards were refined through a conversation with the project Focus Group. Comment cards were also collected to understand residents’ priorities for traveling around Oxnard in a sustainable and safe way.

All materials were translated into Spanish, and Spanish and Mixteco translation was provided at each pop-up. A total of 140 people participated in the workshops. Most conversations held at Oxnard College were with Spanish or Mixteco speakers. At the Collection, conversations were held in both English and Spanish.
