City Manager

#### Office of the City Manager

300 West Third Street Oxnard, CA 93030 (805) 385-7430 Fax (805) 385-7595 www.oxnard.org

December 30, 2021

Honorable Mayor, Members of the City Council and Residents of Oxnard:

I am pleased to present the Annual Comprehensive Financial Report (ACFR) of the City of Oxnard, California for the fiscal year ended June 30, 2021. The format and content of this ACFR comply with the principles and standards of accounting and financial reporting adopted by the Governmental Accounting Standards Board (GASB). The report contains information needed for readers to gain a reasonable understanding of the City's financial affairs.

The accuracy of the City's financial statements and the completeness and fairness of their presentation are the responsibility of City management. The City strives for transparency and accountability to the public by maintaining a system of internal accounting controls designed to provide reasonable assurance that assets are safeguarded against loss or unauthorized use and the financial records can be relied upon to produce financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP). The concept of reasonable assurance recognizes that the cost of maintaining the system of internal accounting controls should not exceed benefits likely to be derived.

Eadie + Payne LLP, Certified Public Accountants, has issued an unmodified or "clean" opinion on the City's financial statements for the fiscal year ended June 30, 2021. The independent auditor's report is located at page 1 in the Financial Section of this report.

GAAP requires management to provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of a Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A is located on page 5 immediately following the independent auditor's report.

#### **GLOBAL PANDEMIC**

As with every other unit of government in the United States, the City's year was again dominated by the COVID-19 health crisis, economic recession, high unemployment, and supply chain disruptions. The City's workforce has carried-on through the pandemic with a relatively low known infection rate. Financially, the City's major funds recovered, for the most part, in FY 2020-21 compared to the decline in revenue experienced in FY 2019-20.

#### CITY OF OXNARD PROFILE

The City of Oxnard is a full-service city located on the "Gold Coast" of California, approximately halfway between Los Angeles and Santa Barbara. It is the gateway to the Channel Islands National Park. Oxnard was founded in 1903 near the sugar beet processing facility owned by the Oxnard brothers. Henry T. Oxnard, the founder of Crystal Sugar, led the effort to incorporate the City. Shortly after incorporation, the City opened the Oxnard Library.

The adjacent Oxnard Plain is one of the most productive agricultural areas in the country. It produces one-third of the California strawberry crop that represents 85% of the U.S. market. Other high value crops produced nearby include avocados, lemons, Brussels sprouts, and artichokes, so Oxnard remains a leading agricultural and food center. The City is home to the West Coast operations of Procter and Gamble and Sysco. Port Hueneme, the only navigable port between Los Angeles and San Francisco, and the Naval Base Ventura County have attracted defense and aerospace businesses that served as a foundation for Oxnard's aerospace, technology, and manufacturing sectors. Oxnard's harbor and beaches support a strong tourism industry in normal times. When not afflicted by a Statewide or national recession, the local economy is diverse and robust.

Oxnard is the most populous of Ventura County's ten cities at 202,063 residents, according to the April 1, 2020 population census conducted by the United States Census Bureau. About 35% of the population was born in another country and approximately 74% of its residents are Hispanic or Latino. Oxnard's housing cost is rising, but remains less expensive than the County average. Lower cost and available flat land near the Pacific coast have prompted major housing developments in recent years.

Zillow's expectations for Oxnard's housing market at this report date follow. "The median home value in Oxnard is \$611,632. Oxnard home values have gone up 15% over the past year and Zillow predicts they will rise another 13% within the next year."

The City operates under a City Council - City Manager form of government. The Council is responsible for policy and approves the annual budget. The City Manager is responsible for the daily operations of the city. The City Council appoints the City Manager and City Attorney.

The City Council consists of the Mayor and six district-elected Councilmembers. The term of office is four years for all elected officials, with elections held every two years for three City Council seats at a time. The Mayor is elected at large during presidential election years. The City Treasurer, who is elected Citywide at the same time as the Mayor, invests idle cash and manages the investment portfolio. The City Clerk, also elected Citywide at the same time as the Mayor, manages the City Council and Committee meeting agenda process, official records, and elections.

Names and photographs of the Mayor, City Councilmembers, City Treasurer and City Clerk, plus an organization chart with the names of appointed City officials as of June 30, 2021, are included at the back of the Introductory Section of the ACFR.

The City provides the following government and business-type services:

Government Activities	Business-Type Activities
Governance, including finance, human resources, risk	Water - Planning, source and supply, treatment,
management, information technology, City Attorney, City	distribution, and conservation, and administration and
Treasurer, City Clerk and City Manager	operation of the recycled water program
<b>Police</b> – including records, dispatch, patrol,	Wastewater - Collection, treatment of wastewater
investigations, traffic enforcement and animal safety	(sewer) and administration and operation of storm water
	programs for drainage and surface runoff
Fire – including hazardous materials storage regulation	Environmental Resources – collection and disposal of
and incident response, prevention, suppression, medical	solid waste and operation of recycling collection and
rescue, and emergency response	marketing programs
<b>Community Development</b> – including land use/planning,	Housing Authority - administration of Section 8 rental
building inspection, zoning, code enforcement, and	assistance program, affordable housing, and Community
successor agency obligations	Development Block Grant administration
Public Works – including engineering and capital asset	Golf Course - operation and maintenance of the City's
planning, streets and roads, rights of way, park and	River Ridge golf course
landscape maintenance, special district administration	
and service management, facilities and fleet maintenance,	
and management of utility enterprise operations	
Culture, Leisure, and Libraries – including recreation,	
after school, youth employment, Performing Arts &	
Convention Center, and the library system	

The Oxnard City Code requires: "Before the beginning of each fiscal year for which the City Council has not adopted a budget, the City Manager shall submit to the City Council a proposed operations and capital budget for the following fiscal year or for more than one of the following fiscal years." In addition, the code provides that if the Council does not adopt the budget before the beginning of the fiscal year the proposed budget shall become effective. The budget resolution establishes the fund as the budgetary control level. The fiscal year 2021-22 budget was adopted on June 29, 2021. The City Council appropriates funds annually for the General Fund, and all other governmental funds and proprietary funds.

#### LONG-TERM ECONOMIC OUTLOOK

The largest employers in the City of Oxnard include Haas Automation, Reiter Affiliated, Spatz Laboratories, the Oxnard School District and the Oxnard Union High School District, St. John's Regional Medical Center, and the City of Oxnard. Other major employers in and near the City include the Naval Base Ventura County, which employs over 20,000 people, the County of Ventura, which employs more than 8,000, household names such as Procter and Gamble, and agricultural beacons such as Boskovich Farms, Gill's Onions, and Mission Produce.

Amazon, the global internet retailer, will complete construction of a new fulfillment center in Winter 2021 at the Sakioka Farms Business Park in Oxnard. The Amazon project will bring more than 1,500 jobs with benefits to Oxnard.

Four districts provide K-8 education to Oxnard residents; with the Oxnard Union High School District, they educate more than 48,000 students combined. Oxnard is also home to Oxnard College, which is part of the Ventura County Community College District and has an enrollment of approximately 7,000 students. In addition, many Oxnard students continue their post-secondary education at nearby universities such as California State University Channel Islands, University of California, Santa Barbara, California Lutheran University, and universities with satellite campuses in Oxnard such as National

University and Azusa Pacific University. The City developed the Oxnard Employee Pipeline in conjunction with the Chamber of Commerce and Oxnard College to provide specialized training to underemployed residents enabling them to provide our local companies with a pipeline of skilled employees.

The excellent climate we enjoy, coupled with our harbor, beaches, parks, and vibrant cultural events and festivals, make the City of Oxnard a top tourist destination and support many tourist-serving businesses in normal circumstances. In addition, Oxnard's mix of agricultural, manufacturing, and retail sectors provide a strong and diverse economic base on which to build the continued recovery from the COVID-19 recession. Businesses located in Oxnard are further strengthened by the steady increase in residential and commercial development throughout the City.

#### **FISCAL CONDITION**

The City's voters have supported restoring service levels by approving a 1.5% supplemental transactions and use tax on November 3, 2020 for the General Fund. The new citywide tax rate became effective on April 1, 2021. The supplemental transactions and use tax, known as Measure E, generated \$12.6 million in additional General Fund revenue in fiscal year 2020-21 and is projected to generate \$51.9 million in fiscal year 2021-22, an increase to overall General Fund revenue of 26%. In 2008, the City's voters approved a 20-year 0.5% supplemental transactions and use tax, known as Measure O. The Measure O 0.5% supplemental transactions and use tax, which sunsets in March 2029 generated revenue of \$17.4 million in fiscal year 2020-21 and is projected to generate \$16.6 million in FY 2021-22.

In March 2021, with interest rates remaining at historic lows, and in conjunction with the issuance of new Water Revenue Bonds, the City refunded Series 2010A and 2012 Water Revenue Project Bonds that resulted in \$5.2 million of cashflow savings.

S&P Global Ratings (formerly Standard & Poor's) reaffirmed its rating of "A-" for the General Fund lease revenue refunding, and reaffirmed the City's issuer credit rating of "A," while maintaining a "stable" outlook.

River Ridge Golf Course continues to thrive with oversight from the City's Public Works Department and management by American Golf Corporation, or AGC. In fiscal year 2020-21, this success has enabled the revenue, expenditures, and net position of the City's golf course to be reclassified from Governmental Activities back to Business-Type Activities.

In a series of decisions by the Ventura County Superior Court that culminated in its final ruling in July 2021 regarding the City of Oxnard's Infrastructure Use Fee (IUF), the Court ordered the City reimburse its utility funds a total of \$36.5 million over a three-year period and to remove the IUF from utility charges effective in June 2021.

Based upon the Court's order, the City will no longer include the IUF in the current utility rates effective June 2021. Going beyond what the Court ordered, the City implemented a one-time credit of IUF fees charged from January 2020 through May 2021. The City processed credits, totaling \$7.1 million, to residential and commercial ratepayers on their October 2021 utility bill. Customers saw IUF related utility rate reductions ranging from 2.7% to 3.5%. The lower utility rates will result in approximately \$4.0 million annual aggregate reduction in revenues for the City's three utility funds.

In fiscal year 2020-21 the General Fund balance decreased by \$18.3 million compared to a \$5.6 million decrease in fiscal year 2019-20. The significant change was a result of the negative impact to the City's

General Fund position that resulted from the IUF reimbursement, partially offset by the economic recovery, Coronavirus Relief Fund (CARES Act) grants, and the Measure E local sales tax measure.

#### **Final Comments**

I wish to express my appreciation to the City Council, the staff members in the Finance Department and other departments, and Eadie + Payne's audit staff in assuring that the City's Annual Comprehensive Financial Report meets the highest standard of reporting and provides useful information about our city.

Respectfully submitted,

Alexander Nguyen City Manager THIS PAGE LEFT INTENTIONALLY BLANK

#### INDEPENDENT AUDITOR'S REPORT

Eadie Payne, LLP 3880 Lemon St., Ste. 300 Riverside, CA 92501

P.O. Box 1529 Riverside, CA 92502-1529

Office: 951-241-7800 www.eadiepaynellp.com

To the City Council City of Oxnard Oxnard. California

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Oxnard, California (City), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

The City's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Oxnard Housing Authority, a blended component unit, which statements represent 1.26% and 1.02% of total government-wide assets and deferred outflows of resources, and net position as of June 30, 2021 respectively, and 7.42% of total government-wide revenues for the year then ended. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for Oxnard Housing Authority, is based solely on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, based on our audit and the report of the other auditor, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Oxnard, California, as of June 30, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information for the General Fund Group, Development Fees Fund, and State and Federal Grants Fund, the schedules of changes in net pension liability and related ratios, the schedules of proportionate share of the net pension liability and related ratios, the schedules of plan contributions, and the schedule of changes in total OPEB liability and related ratios on pages 5 through 24 and 143 through 153 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements as a whole. The introductory section, combining and individual General Fund Group and nonmajor fund financial statements, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual General Fund Group and nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and the other auditors. In our opinion, the combining and individual General Fund Group and nonmajor fund financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we will also issue our report on our consideration of the City of Oxnard, California's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Oxnard, California's internal control over financial reporting and compliance.

# MANAGEMENT'S DISCUSSION AND ANALYSIS

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Oxnard (City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2021. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our Letter of Transmittal, which can be found on pages i-v of this report. Comparative data on the government-wide financial statements are only presented in the Management's Discussion and Analysis.

#### FINANCIAL HIGHLIGHTS

#### **Government-Wide**

- On June 30, 2021, City assets and deferred outflows exceeded liabilities and deferred inflows by \$2.2 billion (net position). Of this amount, \$2.2 billion is invested in capital assets and \$160.5 million is restricted, offset by (\$121.3) million that is unrestricted (Page 9).
- City total net position, before prior period adjustments, increased \$31.4 million (1.4 percent), during the fiscal year. Governmental activities net position decreased \$69.8 million. Business-type activities increased by \$101.3 million (Page 12).

#### **Fund Based**

- At the close of fiscal year 2020-21, governmental funds reported combined ending fund balance of \$132.6 million, a decrease, including prior period adjustments, of \$12.5 million from the prior year. The ending fund balance is primarily identified as: \$111.3 million restricted (83.9 percent), \$24.5 million committed (18.5 percent) and (\$3.2) million unassigned (-2.4 percent) (Page 17).
- At the close of the fiscal year, fund balance for the General Fund group of funds was \$19.8 million consisting primarily of \$22.9 million in committed funds (Page 17).
- General Fund group revenues for the year were \$177.7 million. Total revenues increased by \$22.5 million or 14.5 percent from the prior year's revenue of \$155.2 million (Page 18), primarily driven by the impacts of Measure E sales tax measure, COVID-19 CARES Act relief funds, and progress towards economic recovery from the depths of the global pandemic and resulting recession.
- General Fund group expenditures were \$152.5 million. Total expenditures decreased by \$2.6 million or 1.7 percent compared to the prior year's expenditures of \$155.1 million (Page 19), primarily due to a one-time contingent liability recorded in fiscal year 2019-20.
- At the close of the fiscal year, the Water Fund's net position was \$151.4 million, an increase of \$20.1 million over the prior fiscal year (Page 21), primarily due to reimbursement of Infrastructure Use Fees (IUF) from the General Fund and Streets Fund.

- At the close of the fiscal year, the Wastewater Fund's net position was \$183.6 million, an increase of \$25.0 million over the prior fiscal year (Page 21), primarily due to reimbursement of Infrastructure Use Fees (IUF) from the General Fund and Streets Fund.
- At the close of the fiscal year, the Environmental Resources Fund's net position was \$40.1 million, an increase of \$6.6 million from the prior fiscal year (Page 21), primarily due to reimbursement of Infrastructure Use Fees (IUF) from the General Fund and Streets Fund.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to basic financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

#### **Government-wide financial statements**

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business. The focus of these statements is to report all financial resources and obligations of the City.

The statement of net position presents information on all of the City's assets and deferred outflows, and liabilities and deferred inflows, with the difference reported as net position. Generally, deferred inflows and outflows represent amounts related to differences in timing of recognition of revenues and expenses compared to the timing of related financial resources. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, all of the fiscal year's revenues and expenses are taken into account regardless of when cash is received or paid (examples include earned but unused vacation leave or taxes collected by other entities not yet remitted to the City).

Government-wide financial statements distinguish City governmental activities, principally supported by taxes and intergovernmental revenues, from business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges. Governmental activities of the City include general government, public safety, transportation, community development, culture, leisure, and library services. Business-type activities of the City include water, wastewater, solid waste management, golf course, and the Oxnard Housing Authority component unit. The government-wide financial statements can be found on pages 25-27 of this report.

#### **Fund financial statements**

Fund financial statements are designed to report information about groupings of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. City funds can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental funds** are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. A reconciliation between governmental funds and governmental activities in the government-wide financial statements is provided for both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances.

The City maintains many individual governmental funds organized by their type (special revenue, debt service, and capital projects funds). The City has four governmental funds classified as major funds requiring separate presentation in the basic financial statements: the General Fund, the Affordable Housing Fund, the Development Fees Fund, and the State and Federal Grants Fund. Data from the remaining governmental funds are combined into a single, aggregated presentation as nonmajor governmental funds. Individual fund data for each of the nonmajor governmental funds is provided in the form of combining statements shown on pages 163-167.

The City adopts an appropriated budget for its General Fund Group and special revenue funds, among others. Budgetary comparison statements demonstrate compliance with this budget on pages 150-153, 160-162, and 168-175.

The basic governmental funds financial statements can be found on pages 28-35 of this report.

**Proprietary funds** are generally used to account for services for which the City charges fees to outside customers or internal departments of the City. Proprietary funds provide the same type of information as shown in the government-wide statements, only in more detail. The City maintains the following two types of proprietary funds:

• **Enterprise Funds** are used to report the same functions presented as business-type activities in the government-wide financial statements.

The City uses enterprise funds to account for the operations of water, wastewater, environmental resources, the City's golf course, and the Oxnard Housing Authority component unit.

- The Oxnard Housing Authority is audited separately. Readers should contact the Authority at Housing Administrative Services, 435 South D Street, Oxnard CA 93030, (805) 385-8041 for more information.
- Internal service funds are used to report activities that provide internal services for the City. The City uses internal service funds to account for its liability and workers' compensation self-insurance, utility customer billing, information technology services, and facilities and equipment maintenance (primarily fleet services). Because internal service funds predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements. The internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements found on pages 177-183.

The basic proprietary funds financial statements can be found on pages 36-45 of this report.

**Fiduciary funds** are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements, because the resources of those funds are not available to support the City's own programs.

The City is the trustee, or fiduciary, for an employee pension plan and the Community Development Commission (CDC) Successor Agency. The basic fiduciary funds financial statements can be found on pages 46-47 of this report.

#### Notes to basic financial statements

The notes provide additional information essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to basic financial statements can be found on pages 48-141 of this report. Notes providing additional detail about the CDC Successor Agency can be found on pages 135-140.

#### Other information

In addition to the basic financial statements and accompanying notes, this report also presents certain Required Supplementary Information (RSI) concerning the City's progress in funding its obligation to provide pension and other post-employment benefits (OPEB) to its hourly and full-time employees, the Schedules of Changes in Net Pension and OPEB Liability and Related Ratios, and Schedule of Plan Contributions. Also included in RSI are the budgetary comparison schedules for the major governmental funds. RSI can be found on pages 143-153.

Combining statements for the General Fund Group, non-major governmental funds, internal service funds, and custodial funds are presented immediately following the RSI. Combining financial statements and schedules can be found on pages 155-185 of this report.

Statistical tables regarding fiscal trends, revenue capacity, debt capacity, demographic and economic information, and operating information can be found on pages 187-214 of this report.

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

#### **Net Position**

As noted earlier, net position may serve as a useful indicator of a government's financial position over time. City assets and deferred outflows of resources exceeded liabilities and deferred inflows by \$2.2 billion at the close of fiscal year 2020-21 as detailed below:

#### Statement of Net Position June 30, 2021 (in thousands)

	Government	tal Activities	Business-Ty	pe Activities	То	tal
	2021	2020	2021	2020	2021	2020

Deferred OPEB Items	9,845	6,743	2,771	1,893	12,617	8,635
Total Deferred Outflows						
of Resources	63,041	59,112	15,524	12,151	78,564	71,263
Liabilities:						
Current and Other Liabilities	90,552	55,259	31,241	30,163	121,793	85,422
Noncurrent Liabilities	426,731	418,809	331,894	321,374	758,625	740,182
Total Liabilities	517,283	474,068	363,135	351,537	880,418	825,605
Deferred Inflows of Resources:						
Deferred Pension Items	15,303	14,362	5,037	2,179	20,341	16,541
Deferred OPEB Items	1,111	1,334	414	468	1,525	1,801
Deferred Gain on Refunding	653	697			653	697
Total Deferred Inflows						
of Resources	17,068	16,393	5,451	2,646	22,519	19,039
Net Position:						
Net Investment in Capital Assets	1,945,377	1,993,056	259,186	232,191	2,204,563	2,225,246
Restricted	111,308	105,403	49,217	51,610	160,525	157,013
Unrestricted	(255,509)	(227,238)	134,184	57,516	(121,325)	(169,722)
Total Net Position	\$ 1,801,176	\$ 1,871,220	\$ 442,587	\$ 341,317	\$ 2,243,763	\$ 2,212,537

The largest portion of the City's net position reflects its net investment of \$2.2 billion in capital assets (land, buildings and improvements, equipment and machinery, vehicles, infrastructure, and construction in progress, net of accumulated depreciation), less related outstanding debt used to acquire those assets. The City uses these capital assets to provide services to residents; consequently, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Another portion of the City's net position, \$160.5 million, represents resources that are subject to external restrictions on their use. The remaining balance of unrestricted net position is a deficit of \$121.3 million.

This net deficit is primarily attributable to the implementation of GASB statements 68 and 75 to record liabilities for employee pensions and other post-employment benefits. These liabilities will be liquidated with revenues received in future years that cannot be accrued in these financial statements.

#### **Capital Assets**

Investments in capital assets for governmental and business-type activities as of June 30, 2021, totaled \$2.5 billion (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, equipment and machinery, vehicles, infrastructure, and construction in progress. The total decrease in capital assets for fiscal year 2020-21 was \$24.3 million, which represents a 2.9 percent decrease from the prior year for governmental activities and a 7.0 percent increase for business-type activities. Additional information on the City's capital assets can be found on pages 82-83 in the notes to the financial statements. Capital assets are summarized below:

City of Oxnard
Capital Assets (net of accumulated depreciation)
June 30, 2021

Vehicles	6,018	6,693	-	-	6,018	6,693
Infrastructure	433,114	448,723	266,779	269,922	699,893	718,645
Construction in Progress	20,851	14,612	23,631	25,047	44,482	39,659
Totals	\$ 1,988,668	\$ 2,047,722	\$ 534,445	\$ 499,729	\$ 2,523,113	\$ 2,547,451

Major capital project activities during fiscal year 2020-21 included the following:

- The \$6.2 million net increase in governmental activities construction in progress was primarily due to progress on the following projects: Rice Avenue & 5th Street Railroad Grade Bridge construction project, Rose Avenue/Gary Drive New Traffic Signal project, Citywide Traffic Signal Modernization project, Wilson and Pleasant Valley Park projects, Finance Department Remodel project, partially offset by the completion of the Bus Stop Enhancements project and Oxnard Blvd Traffic System project.
- The \$1.4 million net decrease in business type activities construction in progress was
  primarily due to the completion of the Recycled Water Retrofits project and Oxnard Blvd
  Traffic System project, partially offset with the progress on the following projects:
  Hueneme Road Recycled Water Pipeline project, Aquifer Storage and Recovery (ASR)
  Completion, Bryce Canyon Resurfacing project, and the Fremont Resurfacing project.

#### **Long-Term Debt**

At the end of fiscal year 2020-21 the City had total long-term debt outstanding of \$380.1 million. This reflects a decrease of \$6.1 million, or 5.7 percent, in governmental activities and an increase of \$7.5 million, or 2.8 percent, in business-type activities.

The City's bonds are rated by S&P Global Ratings. Currently the issuer credit rating on the City is "A" with a stable outlook. The City's debt is rated "A-" for lease revenue bonds, "A+" for gas tax revenue bonds, "A" for water revenue bonds, and "A-" for wastewater revenue bonds.

Additional information on long-term debt can be found on pages 84-103 in the notes to the financial statements. Long-term debt is summarized below:

#### City of Oxnard Outstanding Debt (net of discounts/premiums) June 30, 2021 (in thousands)

	Governmental Activities			Business-T	ype A	ctivities	Total				
		2021		2020	 2021		2020		2021		2020
Lease Revenue Bonds	\$	66,134	\$	69,561	\$ -	\$	-	\$	66,134	\$	69,561
Revenue Bonds		19,126		19,802	275,140		267,149		294,267		286,951
Capital Leases		15,801		17,852	3,656		4,118		19,457		21,969
Note Payable		-			 270		270		270		270
Totals	\$	101,062	\$	107,215	\$ 279,066	\$	271,536	\$	380,128	\$	378,752

- Governmental activities lease revenue bonds decreased \$3.4 million due to principal payments made during the year.
- Governmental activities revenue bonds decreased \$0.7 million due to principal payments made during the year.
- Business-type activities long term debt increased \$7.5 million primarily due to the \$23.3 million issuance of Water Revenue Refunding Bonds, Series 2021A offset by the \$9.6 million refunding of Water Revenue Project Bonds, Series 2010A and 2012, and principal payments made during the year on other bonds.

#### **Statement of Activities**

The statement of activities shows how the City's net position changed during fiscal year 2020-21. These changes are explained in the governmental and business-type activities on the following pages. Provided below is a summary of changes in net position:

# Statement of Activities Fiscal Year Ended June 30, 2021 (in thousands)

**Governmental activities** decreased the City's net position \$69.8 million compared to prior fiscal year's decrease of \$16.9 million. Increases in program revenues and general revenues were offset by an increase in expenses and the significant impact of transfers during the current year. Key elements of the decrease in net position were as follows:

**Program revenues** increased \$9.0 million, or 11.5 percent, primarily due to higher operating grant revenues, partially offset by lower capital grant revenues. Operating grants and contributions increased \$11.1 million, or 69.3 percent, due to a combination of funding: a one-time COVID-19 Relief funding of \$3.9 million of State CARES Act and Federal Emergency Rent Assistance Program for \$6.2 million. Capital grants and contributions decreased, by \$1.7 million, or 18.4 percent, due to decreased grant activity and smaller expenditures.

**General revenues** increased \$29.0 million, or 21.1 percent, primarily due to increased sales tax revenues. Sales tax revenues increased by \$21.6 million from the Measure E imposed 1.5 cent local transaction and use, and stronger sales driven by Federal stimulus and less than anticipated COVID-19 impact. The decrease in interest on investments is largely attributed to the lower yield of investment.

The breakdown of governmental revenues by source is shown below:

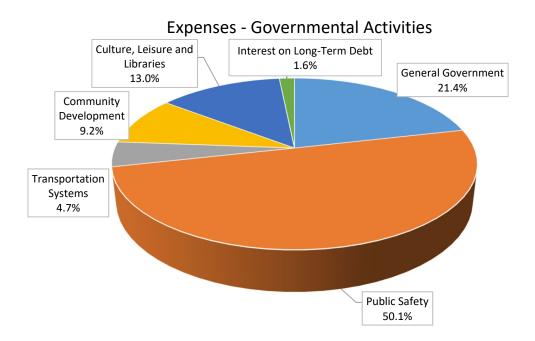

Other Other Taxes 0.5% 6.1% **Charges for Services** 20.8% Sales Tax 26.8% Operating Grants and Contributions 10.6% Capital Grants and Contributions 3.0% **Property Tax** 32.2%

Revenues - Governmental Activities

**Expenses** increased \$6.9 million primarily due to increases in general government, public safety expenses, and community development partially offset by a decrease in culture, leisure, and libraries expenses. These changes are explained below:

- General government expenses increased \$1.7 million primarily due to increased capital project activities.
- Public safety expenses increased \$6.1 million primarily due to increased personnel costs for overtime, benefits, and workers' compensation as well as higher pension liability expenses.
- Community development expenses increased by \$3.0 million primarily due to increased spending for General Plan Maintenance projects.
- Culture, leisure, and libraries expenses decreased \$3.8 million primarily due to personnel savings due to COVID-19 quarantine, operational savings from Special Districts and unspent multi-year grant.

The breakdown of governmental expenses by activity is shown below:

**Transfers** increased by \$82.6 million due to the transfer from general fund to a separate enterprise fund for the golf course and the reimbursement of Infrastructure Use Fees (IUF). The golf course transfer of \$46.1 million was for the transfer of asset balances and capital assets. For the IUF of \$36.5 million, the general fund was court-ordered to repay the water, wastewater, and environmental resource fund payments received in prior years.

**Business-type activities** increased the City's net position by \$101.3 million compared to prior fiscal year's increase of \$16.0 million. Key elements of net position changes from the prior fiscal year were as follows:

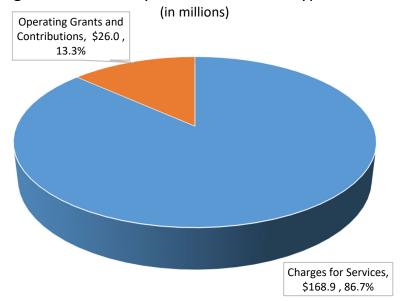

- Water net position increased \$20.1 million, from \$131.3 million to \$151.4 million, compared to the prior fiscal year's increase of \$5.3 million. The increase is primarily due to a \$15.5 million reimbursement of IUF Fees from General and Street Funds.
- **Wastewater** net position increased \$25.1 million, from \$158.6 million to \$183.7 million, compared to the prior fiscal year's increase of \$11.5 million. The increase can primarily be attributed to the reimbursement of IUF Fees of \$11.0 million from General and Street Funds and a \$2.7 million increase in Charges for Services when compared to prior year.
- Environmental Resources net position increased \$6.6 million, from \$33.5 million to \$40.1 million, compared to the prior fiscal year's decrease of \$1.6 million. The \$8.2 million change compared to the prior fiscal year is primarily due to a \$10.0 million reimbursement of IUF Fees from General and Street Funds, offset by \$1.8 million decrease in charges from services when compared to prior year.
- **Golf Course** activities were transferred from governmental activities (in FY2019-20) in the current year to enterprise activities. Net position in FY 2020-21 was \$47.1 million compared to \$0.0 in FY 2019-20.
- Oxnard Housing Authority net position increased \$2.6 million, from \$20.3 million to \$22.9 million, compared to the prior fiscal year's increase of \$0.8 million. The \$1.8 million change compared to the prior fiscal year is primarily due to a \$1.6 million increase in Grant Revenue for Operations.

A comparison of program revenues to total expenses for each of the business-type activities, as well as a breakdown of revenues by type, is provided in the next two graphs. For business-type activities, charges for services provide the largest share of revenues (87.0 percent), except for the Oxnard Housing Authority Fund, which is primarily funded with operating grants.

## Program Revenues and Expenses - Business-Type Activities (in millions)

### Program Revenues by Source - Business-Type Activities

#### **FUND FINANCIAL ANALYSIS**

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

#### **Governmental funds**

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the close of fiscal year 2020-21, City governmental funds reported a combined ending fund balance of \$132.6 million, a decrease of \$12.5 million during fiscal year 2020-21 when compared to the prior fiscal year fund balance of \$145.1 million. This decrease was primarily due to decrease in fund balances for General Fund of \$18.3 million and for Non-major Funds of \$7.3 million, offset by an increase in the Development Fees Funds fund balance of \$12.8 million. Fund balance consists of \$111.3 million in restricted fund balance, \$24.5 million in committed fund balance, and (\$3.2) million in unassigned fund balance. Refer to pages 28-35 for more detail on governmental funds.

## Governmental Fund Balance Sheet Summary (in thousands)

<sup>\*</sup> see table on page 20 for all other governmental funds.

#### **General Fund Group – Fund Balance Analysis**

The General Fund Group's combined fund balance decreased \$18.3 million in fiscal year 2020-21 primarily due to IUF Reimbursement Fees \$36.5M to Enterprise Funds and Net Transfers Out of \$7.0 million, offset by excess of revenues over expenditures of \$25.1 million. The General Fund Group's fund balance consists of \$18.3 million in funds committed to Measure "O" eligible services, \$4.6 million committed to streets and traffic improvements/maintenance, and (\$3.0) million unassigned.

#### **General Fund Group – Revenue and Expenditure Analysis**

**General Fund Group Revenues** for fiscal year 2020-21 were \$177.7 million, an increase of \$22.5 million, or 14.5 percent, compared to the prior fiscal year.

## Comparison of General Fund Group Revenues (in thousands)

Licenses and Permits	3,968	2,778		1,190	42.8%
Intergovernmental	6,172	1,769		4,403	248.9%
Charges for Services	18,017	22,659		(4,642)	(20.5%)
Fines and Forfeitures	1,852	3,282		(1,430)	(43.6%)
Interest on Investments	348	776		(428)	(55.2%)
Special Assessments	492	493		(1)	(0.3%)
Miscellaneous	2,610	4,500		(1,891)	(42.0%)
Total	\$177,690	\$155,189	\$	22,502	14.5%

- Property tax revenue increased by \$3.3 million, or 5.7 percent, primarily due to increases in assessed values for properties within the City.
- Sales tax revenue increased by \$21.6 million, or 46.6 percent, primarily due to Measure E.
- Transient occupancy tax revenue stayed flat compared to prior year, primarily due to the
  continuing impact of the COVID-19 pandemic on travel for business and recreation. Hotel
  occupancy was significantly reduced during the effective period of the shelter-at-home
  order issued by the Ventura County Health Department beginning in March 2020.

- Charges for services decreased \$4.6 million, or 20.5 percent, primarily due to a change in reporting of golf course operating results (as described above).
- Fines and forfeitures revenue decreased by \$1.4 million, or 43.6 percent, primarily due COVID-19 Pandemic.

**General Fund Group Expenditures** for fiscal year 2020-21 decreased \$2.6 million, or 1.7 percent, compared to the prior fiscal year.

## Comparison of General Fund Group Expenditures (in thousands)

Total	\$	152,539	\$	155,149	\$	(2,610)	(1.7%)

- Expenditures for general government decreased \$4.9 million, or 22.7 percent, primarily due to a prior year one time increase in reserves established for ongoing litigation.
- Public safety expenditures increased \$1.4 million, or 1.5 percent, primarily due to increased personnel costs for benefits and workers compensation.
- Culture, leisure and library services expenditures decreased \$3.7 million, or 17.3 percent, primarily due to temporary closure of the Performing Arts and Convention Center during the pandemic and change in the reporting of the golf course operations.
- Capital outlay expenditures increased \$3.8 million, or 362.0 percent, primarily due to several street projects in fiscal year 2020-21.

#### Affordable Housing

The Affordable Housing Fund fund balance increased by \$0.2 million compared to the prior fiscal year.

#### **Development Fees Fund**

The Development Fees Fund accounts for development fees that the City collects on new development projects to provide resources for related projects such as parks, storm drain facilities, traffic improvement, utility undergrounding, and community development.

The Development Fees Fund fund balance increased \$12.8 million compared to the prior year's increase of \$0.4 million due to the timing of various development projects.

#### State and Federal Grants Fund

The State and Federal Grants fund assets and liabilities increased significantly during the current year by approximately \$29.1 million due to federal funds received from the American Rescue Plan Act (ARPA) Coronavirus State and Local Fiscal Recovery Funds (CSLFRF). These funds have not yet been appropriated for spending during the current year and are recorded as unearned revenue. CSLFRF funds must be used within certain limits prescribed in law and U.S. Department of the Treasury regulations and must be used during the period March 3, 2021-December 31, 2024

#### **Proprietary funds**

The City's proprietary funds financial statements provide the same type of information found in the government-wide financial statements business-type activities with greater detail.

Details on net position for the Water, Wastewater, Environmental Resources, and Oxnard Housing Authority funds are provided below:

Proprietary Funds June 30, 2021 (in thousands)

			C	hange in
	N	et Position	Ne	et Position
Water	\$	151,413	\$	20,094
Wastewater		183,651		25,051
Environmental Resources		40,108		6,560
Golf Course		47,090		47,090
Oxnard Housing Authority		22,912		2,648
Totals	\$	445,173	\$	101,442

Please refer to the business-type activities discussion on pages 15-16 for analysis of the changes in these funds. Proprietary financial statements can be found on pages 36-45.

#### **BUDGETARY HIGHLIGHTS**

### **General Fund Group**

The General Fund Group budget and actual report can be found on pages 150-151. The \$8.4 million change in fund balance between the original and final budget is the result of City Council approved budget adjustments. Major differences are highlighted below:

## General Fund Group Budget and Actual (in thousands)

	(iii tiiousaiius)

Total Other Financing Sources/(Uses)	(6,456)	(11,783)	(43,435)	(31,653)
Net Change in Fund Balance	\$ (13,827)	\$ (22,190)	\$ (18,284)	\$ 3,906

**General Fund Group Revenues** were \$25.7 million, or 16.9 percent, higher than final budget as a result of higher than anticipated revenue in the following:

- Sales tax revenues were \$24.8 million higher than both original and final budget primarily due to impacts of the Measure E 1.5% sales tax measure, passed in November 2020 and effective April 2021 combined with a reduced impact from the pandemic-induced recession.
- Intergovernmental grants were \$4.1 million higher than both original and final budget primarily due to CARES Act relief funding.

These amounts were offset by unanticipated reductions in revenue in the following:

- Charges for services were \$2.1 million lower than final budget primarily due to lower program revenues from preschool classes, adult & youth sports, facility rental, and event admission due to the pandemic. In addition, there were delays in a number of street resurfacing and water infrastructure projects, which resulted in less revenue than budgeted from charges to capital improvement projects in other funds.
- Fines and forfeitures were \$1.1 million lower than both original and final budget primarily due to lower fine inducing activities due to the pandemic.

**General Fund Group Expenditures** were \$9.8 million, or 6.0 percent, lower than final budget as a result of the following:

- General Government expenditures were \$0.9 million lower than budget primarily due to vacancy savings.
- Transportation costs were \$0.8 million lower than budget primarily due to vacancy savings coupled with delayed spending on multi-year capital improvement projects.
- Community Development expenditures were \$3.5 million lower than budget primarily due
  to vacancy savings and deferred spending on multi-year General Plan Maintenance
  projects that will be carried over to the following fiscal year.
- Culture, Leisure and Library Services expenditures were \$1.5 million lower than budget primarily due to the decreased usage of recreation and community services as a result of the pandemic.
- Capital Outlay expenditures were \$3.2 million lower than budget primarily due to multiyear capital improvement projects that were not completed in Fiscal Year 2020-21 and will be carried over to the following fiscal year.
- The \$36.5 million reimbursement of the IUF Fee to the three utility enterprise funds was the primary contributor to the \$31.6 million (or 269 percent) higher than expected uses in the Other Financing category.

#### **ECONOMIC AND LEGAL FACTORS**

The two main sources of General Fund revenue -- property tax and sales tax – continued to show steady growth as the City began recovering from the depths of the recession triggered by the global COVID-19 pandemic.

The City's voters have supported restoring service levels by approving a 1.5% sales tax augmentation on November 3, 2020 for the General Fund. The new citywide tax rate became effective on April 1, 2021.

The economic recovery in Oxnard was evidenced by the fact that residents, business, and visitors spent more than expected on autos, building materials, dining out, furniture, appliances, clothing and household goods, heavy equipment, and sporting goods.

On the expenditure side, annual increases in labor costs, particularly for pensions and healthcare benefits, continue to outstrip revenue growth in most funds other than the Water and Wastewater funds. The City does benefits substantially from a public safety property tax established by voters in 1951, which relieves about half of the fiscal burden on the General Fund imposed by rising pension costs.

Several ongoing lawsuits could affect the City's finances. The status of each is described on pages 133-134. The City's infrastructure use fees paid by the water, wastewater, and solid waste enterprise funds to the General Fund Group was successfully challenged and the repayment of \$36.5 million from the General Fund and Streets Fund is reflected in the financial reports for fiscal year ended June 30, 2021

#### CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to provide residents, taxpayers, customers, employees, and investors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report, please contact the Finance Department at 300 W. 3rd Street, Oxnard, CA 93030, or call (805) 385-7475.

## RECONCILIATION OF THE BALANCE SHEET OF GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION

JUNE 30, 2021

Fund balances of governmental funds		\$ 132,618,188
Amounts reported for governmental activities in the Statement of Net Position are different because:		
Accounts receivable and other assets not reported in the funds		186,446
Land held for resale is not reported in the funds		570,000
Capital assets of \$2,396,189,006 net of accumulated depreciation (\$365,018,533) are not financial resources and, therefore, are not reported in the funds.		1,986,921,780
Deferred outflows for the following are not reported in the governmental funds:  Deferred loss on refunding  Deferred gain on refunding  Deferred outflow on pension and OPEB plans	\$ 2,554,171 (653,440) 56,786,037	58,686,768
Accrued interest payable for the current portion of interest due on		33,333,733
long-term liabilities has not been reported in the governmental funds.		(476,830)
Notes receivable in the governmental funds are deferred because they are not available within the prescribed time period after year-end. However, the notes receivable are included on the accrual basis of accounting used in the		
government-wide financial statements.		64,199,764
Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds:		
Compensated absences	(15,858,050)	
Notes payable	(31,900)	
Other post-employment liability	(38,346,379)	
Net pension liabilities	(241,138,624)	
Capital leases and bonds payable, net of issuance discounts,		
issuance premium and prepaid insurance	(101,061,715)	(396,436,668)
Deferred inflows for pension and OPEB plans are not reported in the governmental fund	ls	
Deferred inflow on pension and OPEB plans	(14,048,446)	(14,048,446)
Internal service funds are used by management to charge the costs of certain activities, such as insurance, information services, facilities, and equipment maintenance. The assets and liabilities of the internal service funds are included in the government activities in the statement of net position. Amounts are net of internal payable		
representing charges in excess of cost to business-type activities.		(31,044,599)

## CITY OF OXNARD, CALIFORNIA

## RECONCILIATION OF THE CHANGE IN FUND BALANCES OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

FOR THE YEAR ENDED JUNE 30, 2021

Amounts reported for governmental activities in the statement of activities are different because:

#### **Net Change in Fund Balances - Total Governmental Funds**

\$ (12,256,054)

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which depreciation expense (\$23,440,788) exceeded capital outlay (\$9,808,297), that was capitalized in the current period.

(13,632,491)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Change in accounts and notes receivables

2,927,420

The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to increase net position.

Loss on sale of assets (92,630)

Transfer of Golf Course net capital assets from Governmental Activities to Business-type Activities.

(44,836,391)

Some expenses reported in the statement of activities do not require the use of current financial resources and are not reported as expenditures in governmental funds. These include:

Change in accrued interest 48,267
Change in deferred gains/losses on refunding (93,415)
Change in compensated absenses (594,885)
Change in pension and OPEB liabilities (8,310,773)

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-tem debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the net effect of premiums, discounts, and similar items when debt is first issued; whereas, these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Total principal repayments net of bond (discount)/premium.

6,128,885

Net income of internal service funds is reported with governmental activities.

876,999

**CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES** 

\$ (69,835,068)

The accompanying notes are an integral part of the financial statements.

#### I. Summary of Significant Accounting Policies

#### A. Reporting Entity

The City of Oxnard, California (City) was incorporated as a general law city on June 30, 1903 and operates under the council-manager form of government. The City is governed by an elected Mayor and six Council members. Other elected positions include the City Clerk and City Treasurer. The accompanying basic financial statements present the financial position and results of operations of the City (the primary government) and its component units. For financial reporting purposes, the City has included all funds, organizations, agencies, boards, commissions, and authorities, and has considered all potential component units for which the City is financially accountable, and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the City to impose its will on that organization; or (2) the potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the City.

#### **Blended Component Units**

<u>City of Oxnard Financing Authority</u>. The Oxnard Financing Authority (Authority) is a separate government entity whose purpose is to assist with the financing or refinancing of certain public capital facilities within the City. The Authority has the power to purchase bonds issued by any local agency at public or negotiated sales and may sell such bonds to public or private purchasers at public or negotiated sales. The Authority is controlled by the City and has the same governing body as the City and the City has operational responsibility for the Authority. City staff perform all accounting and administrative functions of the Authority. The debt service of the Authority is included in the Debt Service Fund, Water Enterprise Fund, Wastewater Enterprise Fund, and Environmental Resources Enterprise Fund.

#### I. Summary of Significant Accounting Policies (Continued)

#### A. Reporting Entity (Continued)

#### **Blended Component Units (Continued)**

Housing Authority of the City of Oxnard. The Housing Authority of the City of Oxnard (Housing Authority) was established in April 1945 by ordinance of the City Council. The Housing Authority is a public entity organized under the laws of California's Health and Safety Code for the purpose of providing safe, decent, and sanitary housing for qualified economically disadvantaged and elderly individuals in areas where a shortage of such housing exists. To accomplish this purpose, the Housing Authority entered into Annual Contributions Contracts with the U.S. Department of Housing and Urban Development (HUD) to operate assisted housing programs, such as Local Housing Authority Owned Housing, Section 8, and Modernization. The City Council and two tenant representatives serve as the governing board of the Housing Authority. The Housing Authority's governing body is substantively the same as the governing body of the City and the City has operational responsibility for the Housing Authority. The Housing Authority's operations have been included in the City's business-type activities in the accompanying Government-Wide Financial Statements. The Housing Authority prepares separate financial statements, which can be obtained from the Housing Authority's Financial Services Division at 435 S. D St., Oxnard, CA 93030.

#### **B. Financial Statements Presentation**

In accordance with Governmental Accounting Standards Board Statement No. 34, the City's basic financial statements consist of the following:

- Government-Wide Financial Statements:
- Fund Financial Statements: and
- Notes to the Basic Financial Statements.

#### **Government-Wide Financial Statements**

The City's Government-Wide Financial Statements include a Statement of Net Position and a Statement of Activities. These statements present financial information for the City as a whole, while distinguishing between governmental and business-type activities. Fiduciary activities of the City are not included in these statements.

Most of the City's basic services are considered to be governmental activities, including general government, public safety, transportation, community development, culture, leisure, and library services. Property tax, sales tax, transient occupancy tax, franchise tax, business license tax, and user fees and charges financially support these activities.

#### I. Summary of Significant Accounting Policies (Continued)

**B. Financial Statements Presentation (Continued)** 

#### **Government-Wide Financial Statements (Continued)**

The City's enterprise operations are classified as business-type activities. These operations consist of water, wastewater, environmental resources, golf course, and housing. These activities generally recover the cost of providing services from customer fees and charges.

Government-Wide Financial Statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all of the City's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, including capital assets and long-term liabilities, are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned, while expenses are recognized in the period in which the liability is incurred. The types of transactions reported as program revenues for the City are reported in three categories: (1) charges for services; (2) operating grants and other contributions; and (3) capital grants and contributions.

The Statement of Activities demonstrates the degree to which expenses, both direct and indirect, of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Indirect expenses are allocated based on the City's cost allocation plan. Program revenues include: (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and (2) operating and capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Certain eliminations have been made in regards to interfund activities, payables, and receivables. All internal balances in the Statement of Net Position have been eliminated, with the exception of those representing balances between the governmental activities and the business-type activities. In the Statement of Activities, net internal service fund transactions have been allocated back to the governmental and business-type activities generating the net income or loss. In the Statement of Net Position, internal service assets and liabilities have been combined with the governmental funds and presented as governmental activities.

- I. Summary of Significant Accounting Policies (Continued)
  - **B. Financial Statements Presentation (Continued)**

#### **Government-Wide Financial Statements (Continued)**

A reconciliation of the difference between the Governmental Fund Financial Statements and the Government-Wide Financial Statements is provided as part of the Governmental Fund Financial Statements.

#### **Fund Financial Statements**

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflow of resources, fund equity, revenues, and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

#### Governmental Fund Financial Statements

Governmental Fund Financial Statements include a Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances for the major governmental funds. Non-Major Governmental Funds are combined for presentation in Governmental Fund Statements. The following funds have been determined to be the City's major governmental funds:

- General Fund: This fund group is always a major fund and is used to account for all financial resources traditionally associated with government activities, which are not legally required to be accounted for in another fund.
- The Affordable Housing Fund was created due to the dissolution of the Oxnard Redevelopment Agency. In accordance with Health and Safety Code Section 34176(b)(2), on February 1, 2013, all rights, powers, assets, liabilities, duties, and obligations of the Low and Moderate Income Housing Fund (previously part of the former Oxnard Redevelopment Agency) were transferred to the Affordable Housing special revenue fund. The fund is used to account for funds to be used for low and moderate income housing projects.
- Development Fees Fund is a special revenue fund that accounts for development fees that the City collects on new development to provide resources for special projects such as parks, storm drainage facilities, traffic improvements, utility undergrounding, and community development.

- I. Summary of Significant Accounting Policies (Continued)
  - **B. Financial Statements Presentation (Continued)**

#### Governmental Fund Financial Statements (Continued)

 State and Federal Grants Fund is a special revenue fund that accounts for state and federal grants.

Governmental funds are accounted for using a "current financial resources" measurement focus and the modified accrual basis of accounting. Accordingly, only current assets, deferred outflows of resources, current liabilities, and deferred inflows of resources are included on the Balance Sheet. The Statement of Revenues. Expenditures and Changes in Fund Balances presents increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. The City considers revenues available if they are collected within 60 days after year-end. Property tax, sales tax, intergovernmental revenues, and other taxes are accrued as appropriate. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met. The availability period for revenue recognition for grants receivable is one year after the year-end. Expenditures are recorded in the accounting period in which the related fund liability is incurred and due within one year, except for unmatured principal and interest on long-term debt, which is recognized when due.

#### **Proprietary Fund Financial Statements**

Proprietary Fund Financial Statements include a Statement of Net Position, Statement of Revenues, Expenses and Changes in Net Position, and a Statement of Cash Flows for each major fund. A column representing Internal Service Funds in total is also presented in these statements.

The proprietary funds are used to account for operations that are financed and operated in a manner similar to private business enterprises wherein the cost of goods and services to the general public are financed or recovered primarily through user charges. The following enterprise funds have been determined to be the City's major proprietary funds:

 Water Fund: This fund is used to account for all activities of the City's water production, treatment, and distribution system. Revenues are derived mainly from metered water services, connection fees, and installation charges.

#### I. Summary of Significant Accounting Policies (Continued)

**B. Financial Statements Presentation (Continued)** 

#### Proprietary Fund Financial Statements (Continued)

- Wastewater Fund: This fund is used to account for all sewer activities related to conveyance and treatment services. Revenues are derived mainly from sewer service charges, connection fees, and treatment plant charges.
- Environmental Resources Fund: This fund is used to account for the activities related to collection and disposal of refuse throughout the City. Revenues are mainly derived from collection service fees and sales of recyclable materials.
- Golf Course Fund: This fund is used to account for the activities related to the operation and maintenance of the City's River Ridge golf course. Revenues are derived from golfing fees, merchandise, and facility rentals and food & beverage sales for private events.
- Oxnard Housing Authority: This fund is used to account for the receipts and disbursements of funds received from the U.S. Department of Housing and Urban Development (HUD) to provide housing assistance, such as the rental assistance programs for low income residents and senior citizens under Section 8 of the Federal Housing Act of 1937, as amended.

Proprietary funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all assets, deferred outflows of resources, liabilities, and deferred inflows of resources (whether current or noncurrent) are included within the Statement of Net Position. The Statement of Revenues, Expenses, and Changes in Net Position present increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned, while expenses are recognized in the period in which the liability is incurred.

Operating revenues in the proprietary funds are those revenues that are generated from the primary operations of the fund. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with proprietary funds' principal ongoing operations. All other revenues are reported as nonoperating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as nonoperating expenses. When both restricted and unrestricted resources are available for use, it is the City's policy to use the restricted resources first, then unrestricted resources as they are needed.

- I. Summary of Significant Accounting Policies (Continued)
  - **B. Financial Statements Presentation (Continued)**

#### **Proprietary Fund Financial Statements (Continued)**

Internal service funds account for services to other departments on a cost-recovery basis. Internal service funds include workers' compensation, public liability and property damage, utility customer services, information systems, facilities maintenance, and equipment maintenance. Internal service funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Internal service funds are reported in total on the proprietary funds statements.

#### Fiduciary Fund Financial Statements

Fiduciary fund financial statements include a Statement of Fiduciary Net Position and Statement of Changes in Fiduciary Net Position. The City's fiduciary funds consist of a Private Purpose Trust Fund, a Pension Trust Fund, and Custodial Funds. The Trust Funds are as follows:

- Oxnard Community Development Commission Successor Agency Private Purpose Trust Fund: This fund accounts for the assets and activities of the former redevelopment agency pursuant to AB 1X 26.
- Retirement Enhancement Defined Benefit Pension Trust Fund: This fund accounts for the assets and activities of the Mass Mutual Retirement Enhancement Plan.

The Custodial Funds are used to report fiduciary activities that are not required to be reported in pension trust funds, investment trust funds, or private-purpose trust funds. The City's custodial funds are as follows:

• Improvement Districts Fund: This fund is used to account for various limited obligation improvement bonds issued by the Improvement Districts and Mello-Roos Community Facilities Districts within the City, wherein bond proceeds are used to finance land acquisition and public improvements of the various assessment districts within the City. Neither the faith, credit, nor the taxing power of the City or any of its political subdivisions is pledged to the payment of the bonds. Property owners within the assessment district are assessed through the County property tax bills and the money collected is used to pay the annual debt service requirements.

#### I. Summary of Significant Accounting Policies (Continued)

#### B. Financial Statements Presentation (Continued)

#### Fiduciary Fund Financial Statements (Continued)

- Oxnard PD Property Room Fund: This fund accounts for assets held in temporary police custody.
- Oxnard Downtown Management District Fund: This fund accounts for property tax collected within the downtown area for downtown improvements and revitalizations. Funds are collected and distributed to the Oxnard Downtown Management District, a non-profit corporation.
- Riverpark JPA Fund: This fund is used to account for assets and liabilities of the Riverpark Reclamation and Recharge Authority.

The fiduciary funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting.

#### C. New Accounting Pronouncements

#### Adopted

The City implemented GASB Statement No. 84, *Fiduciary Activities* for the fiscal year ended June 30, 2021. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on: (1) whether a government is controlling the assets of the fiduciary activity; and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and post-employment benefit arrangements that are fiduciary activities. The provisions of this Statement are effective for fiscal years beginning after December 15, 2019. The City determined that the Oxnard Community Development Commission Successor Agency and the Retirement Enhancement Defined Benefit Pension Trust are fiduciary in nature under the provisions of GASB Statement No. 84. There were changes in the recognition and presentation of fiduciary fund statements of the custodial funds as a result of implementing this standard. Also see Note II.J. detailing the prior-period adjustments.

The City also implemented GASB Statement No. 98, *The Annual Comprehensive Financial Report*. This Statement establishes the term *annual comprehensive financial report* and its acronym *ACFR*. That new term and acronym replace instances of comprehensive annual financial report and its acronym in generally accepted accounting principles for state and local governments.

#### I. Summary of Significant Accounting Policies (Continued)

#### C. New Accounting Pronouncements (Continued)

Not Adopted

The GASB issued several pronouncements prior to June 30, 2021, that have effective dates that may impact future financial presentations. The impact of the implementation of these Statements to the City's financial statements has not been assessed at this time.

Statement No. 87, *Leases*. This statement establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The requirements of this statement are effective for reporting periods beginning after June 15, 2021.

Statement No. 91, *Conduit Debt Obligations*. GASB Statement No. 91 clarifies the definition of conduit debt and establishes new recognition, measurement, and disclosure requirements. The requirements of this Statement are effective for reporting periods beginning after December 15, 2021.

Statement No. 92, *Omnibus 2020.* GASB Statement No. 92 addresses a variety of topics related to post-employment benefits and other issues. The requirements of this Statement are effective for periods beginning after June 15, 2021.

Statement No. 93, *Replacement of Interbank Offered Rates*. GASB Statement No. 93 addresses the accounting and financial reporting effects of replacement of interbank offering rates with other reference rates in agreements which reference an interbank offering rate. The requirements of this Statement are effective for periods beginning after June 15, 2021.

#### I. Summary of Significant Accounting Policies (Continued)

#### C. New Accounting Pronouncements (Continued)

Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*. GASB Statement No. 94 establishes standards for public-private and public-public partnerships (PPPs) and availability payment arrangements. A PPP is an arrangement in which a government contracts with an operator to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. An availability payment arrangement is an arrangement in which a government compensates an operator for services that may include designing, constructing, financing, maintaining, or operating an underlying nonfinancial asset for a period of time in an exchange or exchange-like transaction. The new standard requires reporting of related assets and deferred inflows that currently are not reported and is effective for periods beginning after June 15, 2022.

Statement No. 96, Subscription-Based Information Technology Arrangements. GASB Statement No. 96 defines such arrangements as contracts that convey control of the right to use another party's information technology software, alone or in combination with tangible capital assets, as specified in the contract for a period of time in an exchange or exchange-like transaction. The new standard is effective for periods beginning after June 15, 2022.

Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 14 and No. 84, and a supersession of GASB Statement No. 32. GASB Statement No. 97 clarifies the criteria used in determining whether a fiduciary component unit exists and clarifies financial reporting for Internal Revenue Code section 457 deferred compensation plans. The new standard is effective for periods beginning after June 15, 2021.

FOR THE YEAR ENDED JUNE 30, 2021

#### I. Summary of Significant Accounting Policies (Continued)

#### D. Cash and Investments

#### **Cash and Cash Equivalents**

For reporting purposes, cash and cash equivalents include cash in bank accounts and investments held by the City Treasurer in a cash management pool with maturities less than one year. These amounts are readily available for use by the respective funds.

#### **Investments**

The City's investments are stated at fair value.

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. These principles recognize a three-tiered fair value hierarchy, as follows:

Level 1: Investments reflect prices quoted in active markets;

Level 2: Investments reflect prices that are based on similar observable assets either directly or indirectly, which may include inputs in markets that are not considered to be active; and

Level 3: Investments reflect prices based upon unobservable sources.

Debt and equity securities classified as Level 1 are valued using prices quoted in active markets for those securities. Debt and equity securities classified in Level 2 are valued using the following approaches: (1) debt securities are normally valued based on price data obtained from observed transactions and market price quotations from broker dealers and/or pricing vendors; (2) equity securities are valued using fair value per share for each fund. Certificates of deposit classified in level 2 are valued using broker quotes that utilize observable market inputs. Securities classified as Level 3 have limited trade information, these securities are priced using the last trade price or estimated using recent trade prices.

#### **Investment Income**

Investment income earned on pooled cash and investments is allocated monthly to the General Fund and those other funds for which such allocation is a legal contractual requirement based on the average month-end cash balances. Investment income from cash and investments with fiscal agents is credited directly to the related fund. Income from non-pooled investments is recorded in the appropriate fund based on the specific investments held by the trustee of the fund. Changes in the fair value of investments are recognized in investment income at the end of each fiscal year.

#### Summary of Significant Accounting Policies (Continued)

#### E. Receivables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year is reported as "advances to/from other funds." All other outstanding balances between funds are reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

Amounts due from individuals, organizations or other governmental units are recorded as receivables at year-end. These amounts include charges for services rendered, or for goods and material provided by the City, including amounts for unbilled services. Receivables are shown net of an allowance for uncollectible accounts where applicable.

Notes receivable include both the current and long-term portions of loans issued by the City. Business development loans are reported in both special revenue and fiduciary funds. Notes receivable are reported as an asset in the amount of loan proceeds disbursed, net of allowance. Depending on the original funding source, the City reports unavailable revenue equal to the loan amount and recognizes a revenue when principal payments are received.

In the government-wide financial statements, receivables are recognized as revenue when earned. Receivables of the proprietary funds are recognized as revenue when earned, including services provided but not billed.

#### I. Summary of Significant Accounting Policies (Continued)

#### F. Capital Assets

The City's assets for governmental, business-type and fiduciary activities are capitalized at historical cost or estimated historical cost. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. City policy has set the capitalization threshold at \$5,000 for equipment and machinery, \$20,000 for buildings and improvements and \$100,000 for infrastructure. Depreciation is recorded on a straight-line basis over the estimated useful lives of the assets as follows:

Buildings	45 years
Improvements	
Paving, curbs, and lighting	20 years
Parks improvements	20 years
Sports courts	20 years
Landscaping	20-50 years
Equipment and machinery	3-50 years
Vehicles	10 years
Infrastructure Assets	
Roadway network	30-100 years
Waterways/seawalls	75 years
Storm drain system	50 years
Water and sewer systems	50 years

Infrastructure assets are defined as "long-lived capital assets" that are stationary in nature and normally can be preserved for a significantly greater number of years than most capital assets.

Examples of infrastructure assets include roads, bridges, tunnels, drainage systems, water and sewer systems, dams, and lighting systems. Land is valued at original cost without depreciation.

Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value.

FOR THE YEAR ENDED JUNE 30, 2021

#### I. Summary of Significant Accounting Policies (Continued)

#### G. Compensated Absences

Vacation leave and annual leave compensation pay is recorded as a liability when incurred within the Government-Wide and Proprietary Funds Financial Statements. Sick leave, which does not vest, is recorded in all funds when leave is taken. A liability for these amounts is reported in the Governmental Funds Financial Statements only if they have matured and are paid by the City subsequent to year-end.

Compensated absences are liquidated by the fund that has recorded the liability. The long-term portion of governmental activities compensated absences is liquidated primarily by the General Fund.

#### H. Net Pension Liability

For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions and pension expense, information about the fiduciary net position and additions to/deductions from the fiduciary net position have been determined on the same basis as they are reported by CalPERS and Mass Mutual. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### Other Post-Employment Benefits (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the CalPERS plan governed by the Public Employees' Medical & Hospital Care Act (PEMHCA) and additions to/deductions from the PEMHCA plan fiduciary net position have been determined on the same basis as they are reported by CalPERS.

For this purpose, CalPERS recognizes benefit payments when due and payable in accordance with the benefit terms. Investments are reported at fair value, except for money market investments and participating interest-earning investment contracts that have a maturity at the time of purchase of one year or less, which are reported at cost.

#### I. Summary of Significant Accounting Policies (Continued)

#### J. Deferred Outflows/Inflows of Resources

In addition to assets, the Statements of Net Position and Governmental Fund Balance Sheet report a separate section for deferred outflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City reports deferred outflows of resources related to pensions and OPEB, deferred outflows for charges on debt refunding, and deferred outflows on derivative instruments in the Government-Wide and Proprietary Fund Statements of Net Position. Deferred outflows for pension and OPEB contributions will be recognized in the subsequent fiscal year. Other deferred outflows on pension plans are amortized over 4.8 to 5 years on a straight-line basis. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the remaining life of the refunded or refunding debt.

In addition to liabilities, the Statements of Net Position and Governmental Fund Balance Sheet report a separate section for deferred inflows of resources. Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time. The City has one item that qualifies for reporting in this category in the Governmental Fund Balance Sheet - unavailable revenues. The governmental funds report unavailable revenues from the following sources: receivables and loans. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. In addition, the City has deferred inflows of resources relating to the net pension obligation and gain on refunding reported in the Government-Wide Statement of Net Position and the Proprietary Funds. The amounts related to pensions are deferred and amortized over 4.8 to 5 years on a straight-line basis.

#### I. Summary of Significant Accounting Policies (Continued)

#### K. Fund Equity

The accompanying financial statements report the components of fund balances for governmental funds consistent with GASB 54.

Nonspendable fund balance - This includes amounts that cannot be spent because they are either not spendable in form (such as prepaid items) or legally or contractually required to be maintained intact (such as endowments).

Restricted fund balance - This includes amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

Committed fund balance - This includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the City Council. Commitments may be changed or removed by the City Council by a resolution.

Assigned fund balance - This includes amounts that are constrained by the government's intent to be used for specific purposes, but are neither restricted nor committed. The City Council delegated, per Resolution No. 15,359, the Chief Financial Officer to assign fund balance. Use of this component would be based on related Council documents that identifies an intent to use funds for a specific purpose that was not part of the formal resolution or ordinance of the Council.

*Unassigned fund balance* - this includes all amounts not included in other classifications. The General Fund is the only fund that reports a positive unassigned fund balance.

FOR THE YEAR ENDED JUNE 30, 2021

#### I. Summary of Significant Accounting Policies (Continued)

#### K. Fund Equity (Continued)

In the Government-Wide Financial Statements, net position of the City includes the following categories:

*Net investment in capital assets* - This category groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction, or improvement of these assets reduce this category.

Restricted net position - This category presents external restrictions imposed by creditors, grantors, contributors, or laws or regulations of other governments, and restrictions imposed by law through constitutional provisions or enabling legislation.

*Unrestricted net position* - This resulting category presents the remaining City net position, and this measure of equity is unrestricted, legally or otherwise.

The accounting policies of the City consider restricted funds spent first when expenditure is incurred for purposes for which both restricted and unrestricted funds are available. When an expenditure is incurred for a purpose for which amounts in any of the unrestricted classifications of fund balance could be used, the City considers committed amounts to be reduced first, followed by assigned amounts and then unassigned amounts.

Per Resolution No. 15,472, adopted June 29, 2021, the City Council will endeavor to maintain an operating reserve equal to 12% of General Fund operating budget. The operating reserve shall be available to: (1) cover cash flow requirements; (2) meet unanticipated revenue shortfalls; (3) take advantage of unexpected opportunities; (4) invest in projects with a rapid payback; (5) ensure against physical or natural disasters; (6) and provide interest earnings. The City will also endeavor to maintain operating reserves in the utility enterprise funds equal to 25% of operating budgets.

FOR THE YEAR ENDED JUNE 30, 2021

#### Summary of Significant Accounting Policies (Continued)

#### L. Property Taxes

Property taxes are assessed and collected each fiscal year according to the following property tax calendar:

Valuation Date January 1

Property Tax Year July 1 to June 30

Due Dates November 1 (first installment) and

February 1 (second installment)

Delinguent Dates December 10 (first installment), April 10 (second

installment, and August 31 (unsecured)

Property taxes in the State of California are administered for all local agencies at the county level and consist of secured, unsecured, and utility tax rolls.

#### **Property Valuation**

Valuations are established by the Assessor of the County for the secured and unsecured property tax rolls; the utility property tax roll is valued by the California State Board of Equalization. Under the provisions of Article XIIIA of the State Constitution, properties are assessed at 100% of full value. The value of real taxable property is based on fiscal year 1976 levels. From this base of assessment, subsequent annual increases in valuation are limited to a maximum of 2%. However, increases to full value are allowed for property improvements or upon change in ownership. Personal property is excluded from these limitations, and is subject to annual reappraisal.

#### **Tax Levies**

The county-wide tax levy for general revenue purposes is limited to 1% of full value, for a tax rate of \$1.00 per \$100 of assessed valuation. Tax rates for voter-approved indebtedness prior to passage of Proposition 13 are excluded from this limitation. Taxes are levied July 1 for both real and unsecured personal property based upon the assessed valuation as of the previous January 1 (lien date).

Property taxes are recognized as revenue in the period for which the taxes are levied. Therefore, the City recognizes revenue and a receivable, less any allowance for doubtful accounts deemed appropriate, for the entire tax levy in the period for which the taxes are levied.

FOR THE YEAR ENDED JUNE 30, 2021

#### I. Summary of Significant Accounting Policies (Continued)

#### L. Property Taxes (Continued)

#### **Tax Lien Dates**

All lien dates attach annually on January 1 preceding the fiscal year for which the taxes are levied. Liens against real estate, and taxes on personal property, are not relieved by subsequent renewal or change in ownership.

#### **Tax Collections**

The County Treasurer-Tax Collector is responsible for all property tax collections. Taxes and assessments on the secured and utility rolls, which constitute a lien against the property, may be paid in two installments: (1) the first installment is due on November 1 of the fiscal year and is delinquent if not paid by December 10; (2) the second installment is due on February 1 of the fiscal year and is delinquent if not paid by April 10. Unsecured personal property taxes do not constitute a lien against real property unless the taxes become delinquent. Payment must be paid in one installment, which is delinquent if not paid by August 31 of the fiscal year. Significant penalties are imposed for late payments.

#### Tax Apportionments and Special District Augmentation Fund (SDAF)

Due to the nature of the county-wide maximum levy, it is not possible to identify general purpose tax rates for specific entities. Apportionments to local agencies are made by the County Auditor-Controller, based primarily on the ratio that each agency represented of the total county-wide levy for the three years prior to fiscal year 1979. The SDAF was established in order to provide greater flexibility in the allocation of the total levy to special districts under this basic apportionment method. Each special district makes a contribution from its base tax levy apportionment to the SDAF. Oversight governments of the special districts (cities or the county) can then reallocate this pool among special districts based on financing needs.

#### M. Utility Revenue

Utility revenue is recorded when earned. Customers are billed monthly. The estimated value of services provided, but unbilled at year-end, is included in the accompanying basic financial statements.

#### N. Use of Estimates

The preparation of the City's basic financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, deferred inflows of resources, the disclosure of contingent assets and liabilities at the date of the basic financial statements, and revenues and expenses during the reported period. Actual results could differ from those estimates.

FOR THE YEAR ENDED JUNE 30, 2021

#### I. Summary of Significant Accounting Policies (Continued)

#### O. Budgets and Budgetary Accounting

The City develops and presents a one-year budget to the City Council. Annual operating and capital improvement expenditures are adopted by resolution. This resolution constitutes the authorized expenditures for the fiscal year. The City's annual budget is the legally-adopted expenditure control document of the City. Budgets are prepared on the modified accrual basis of accounting, consistent with generally accepted accounting principles (GAAP).

The City Council generally reauthorizes appropriations for continuing projects and activities. The City Council has the legal authority to amend the budget of any fund at any time during the fiscal year. The budgetary legal level of control (the level on which expenditures may not legally exceed appropriations) is generally at the fund level. Budgeted expenditures may be reallocated within a fund by the City Manager and within a department by the department director.

#### P. Encumbrances

Appropriations in governmental fund types are encumbered upon issuance of purchase orders for goods and/or services. Even though unencumbered appropriations lapse at the end of the fiscal year, unfilled purchase orders of the current year are carried forward and the next year's appropriations are likewise encumbered.

#### Q. Joint Ventures

The City participates in the Riverpark Reclamation and Recharge Authority (Riverpark JPA), which is a jointly-governed organization between the City and United Water Conservation District (UWCD). The Riverpark JPA was established for the purpose of joint ownership, financing, and administration of the development of land located within the City; and for the purpose of creating a public entity to secure grant funding and other public and private funding to reclaim mining pits for water recharge purposes to implement the Recharge Program and Reclamation Plan, and to undertake other groundwater recharge, groundwater quality, and water supply programs as the Board of Directors may find to be within the public interest. The Riverpark JPA is controlled by a four-member board consisting of two representatives each from the City and UWCD. None of the member entities exercise specific control over the budgeting and financing of the Authority's activities beyond their representation on the Board. Accounting services are provided by the City. The City has no financial responsibility for any of the JPA's liabilities. The City made no monetary contributions to assist in the operational expenses of the Authority during fiscal year ended June 30, 2021. Complete financial statements may be obtained from the Finance Department, City of Oxnard, 300 W. 3rd St, Oxnard, CA 93030.

As of June 30, 2021, the JPA had total assets of \$1,125,656, total net position of \$1,125,656, and total change in net position of \$9,827 for the year then ended.

FOR THE YEAR ENDED JUNE 30, 2021

#### II. DETAILED NOTES ON ALL FUNDS

#### A. Cash and Investments

The City's cash and investments, including restricted investments with fiscal agents, consist of the following at June 30, 2021:

		AMOUNT
Petty cash	\$	71,894
Deposits		67,276,478
Investments	_	306,976,379
Cash and investments		374,324,751
Restricted investments with fiscal agents	_	167,246,195
TOTAL	\$	541,570,946

The City's deposits and investments are reflected in the accompanying basic financial statements as follows:

	GOVERNMENTAL ACTIVITIES		BUSINESS-TYPE ACTIVITIES			FIDICUARY FUNDS	TOTAL		
Cash and investments	\$	190,725,860	\$	168,537,680	\$	15,061,211	\$	374,324,751	
Restricted investments with fiscal agents		18,394,726		33,732,711		115,118,758		167,246,195	
TOTALS	\$	209,120,586	\$	202,270,391	\$	130,179,969	\$	541,570,946	

#### **Deposits Custodial Credit Risks**

Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City's deposit policy requires deposits to be covered by federal depository insurance and collateral having a fair value of 110% of the uninsured deposit. As of June 30, 2021, the City has a bank balance of \$51,410,902 in four bank accounts; of the bank balance, \$500,000 was insured and the balance was secured by collateral held by the City's agent in the agent's name. Deposits held by the Housing Authority are also insured or secured by collateral held by the Housing Authority's agent in the agent's name.

#### II. DETAILED NOTES ON ALL FUNDS (Continued)

### A. Cash and Investments (Continued) Investment Policy

The City's investment policy is intended to provide guidelines for the prudent investment of City funds, and to outline the policies for maximizing the efficiency of the City's cash management system. The policy of the City is to invest public funds in a manner which will provide high investment return with the maximum security while meeting the daily cash flow demands of the City and conforming to all state and local statutes governing the investment of public funds. The primary goals of the City are safety, liquidity, and yield in that priority order. The investment policy applies to the City's pooled investment fund which encompasses all monies under the direct oversight of the City Treasurer, including the General Fund, Special Revenue Funds, Capital Project Funds, Enterprise Funds, Internal Service Funds, and Fiduciary Funds, excluding restricted investments with fiscal agents and Oxnard Housing Authority funds.

#### **Authorized Investments**

The City's investments are managed by the City Treasurer, fiscal agents (bond trustees acting in accordance with bond covenants), and authorized representatives of the Housing Authority. Investments managed by the City Treasurer and the Housing Authority are invested in accordance with the City and Housing Authority's investment policies, respectively. Investments managed by bond trustees are invested in accordance with provisions of the respective bond agreements. Investments in the City's Retirement Enhancement Defined Benefit Plan (Enhanced Retirement Trust Pool) are not subject to the City's investment policy.

The City's cash and investments by investments manager are as follows:

	AMOUNT
City Treasurer	\$ 358,891,175
Restricted investments held with Fiscal Agents	
Bond trustees for the City and its component units	55,323,753
Enhanced Retirement Trust Pool	109,183,284
Oxnard Housing Authority (includes investments held	
by fiscal agents)	18,172,734
TOTAL	\$ 541,570,946

#### II. DETAILED NOTES ON ALL FUNDS (Continued)

### A. Cash and Investments (Continued) Authorized Investments (Continued)

The City Treasurer has direct oversight over the City's pooled investment fund, which covers cash and investments of the City's governmental funds, proprietary funds (except for the Housing Authority), and trust and agency funds, which are invested in accordance with the City's investment policy. Allowable investments are detailed in the following table. The exception is the Enhanced Retirement Trust Pool, which is not subject to Government Code Section 53601.

	AUTHORIZED BY	MAXIMUM	MAXIMUM	MAXIMUM INVESTMENT	
INVESTMENT TYPES	INVESTMENT	MATURITY	PERCENTAGE	IN ONE	MINIMUM
<b>AUTHORIZED BY SECTION 53601</b>	POLICY	(YEARS)	OF PORTFOLIO	ISSUER	RATINGS

Medium term notes	Yes	5	30%	None	Α
Mutual funds	Yes	N/A	20%	None	None
LAIF, VCIP, CalTrust	Yes	N/A	None	None	None

The Housing Authority's investment policy, which is substantially the same as the City's, and related disclosures regarding its investments at June 30, 2021, are more fully disclosed in the financial statements for the Housing Authority, which may be obtained from the Housing Authority's Financial Services Division at 435 S D St, Oxnard, CA 93030.

The City Treasurer's investment pool is comprised of pooled deposits, investments, the State of California Local Agency Investment Fund (LAIF), and Ventura County Investment Pool (VCIP) investments. The City Treasurer's pooled investments are carried at fair value. The fair value is determined utilizing SunGard Securities Systems, the vendor providing investment reporting capability for the City Treasurer's Office, which provides pricing data from multiple industry sources. The fair value of LAIF and VCIP is determined by allocating the City's share of the investment pools' fair value as reported by LAIF and VCIP.

#### II. DETAILED NOTES ON ALL FUNDS (Continued)

### A. Cash and Investments (Continued) Authorized Investments (Continued)

The City is a voluntary participant in LAIF which is considered an external investment pool. LAIF is part of the State's Pooled Money Investment Account (PMIA) which was established in 1953. Oversight of the PMIA is provided by the Pooled Money Investment Board (PMIB) and an in-house Investment Committee. The PMIB members are the State Treasurer. Director of Finance, and State Controller.

Direct oversight for LAIF is provided by the Local Investment Advisory Board. The board consists of five members as designated by statute. The Chair is the State Treasurer or his/her designated representative. Two members qualified by training and experience in the field of investment or finance and two members who are treasurers, finance or fiscal officers, or business managers employed by any county, city, or local district or municipal corporation of this state, are appointed by the State Treasurer. LAIF is required to invest in accordance with state statute.

The City is a voluntary participant in Ventura County Investment Pool (VCIP) which is considered an external investment pool. VCIP is for local public government agencies and school districts within Ventura County and is managed by the Ventura County Treasurer-Tax Collector. VCIP's portfolio must comply with the County's Investment Policy which is governed by the Ventura County Board of Supervisors. VCIP is rated by Standard and Poor's; the most recent rating report is dated January 15, 2021 and is available via the Office of Ventura County Treasurer-Tax Collector's website.

Investments with fiscal agents are investments held by the bond trustee on behalf of the City or its component units and the Enhanced Retirement Trust Pool. In the case of bond trustees, the City selects the investment under the terms of the applicable trust agreement, directs the bond trustee to acquire the investment, and the bond trustee then holds the investment on behalf of the City and/or its component units. Proceeds of bonds administered by bond trustees are also generally covered under the City Treasurer's investment policy; however, specific provisions of each issuance are usually used in managing such investments. Several of the major differences are as follows:

- Allowance of investments in guaranteed investment contracts
- Allowance of investment maturities in excess of five years

For purposes of the Statement of Cash Flows of the proprietary fund types, cash and cash equivalents include all investments as the City operates an internal cash management pool which maintains the general characteristics of the demand deposit account.

FOR THE YEAR ENDED JUNE 30, 2021

**TOTAL CASH AND INVESTMENTS** 

#### II. DETAILED NOTES ON ALL FUNDS (Continued)

#### A. Cash and Investments (Continued)

#### Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Normally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates, and the greater the interest rate risk. One of the ways the City manages its exposure to interest rate risk is by purchasing a combination of shorter-term and longer-term investments and by timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations or debt service requirements.

Information about the sensitivity of the fair value of the City's investments (including restricted investments held by bond trustees) to market interest rate fluctuation is provided by the following table that shows the distribution of the City's investments by maturity:

#### **INVESTMENT MATURITIES** (IN YEARS) MORE **LESS** THAN 1 1-5 THAN 5 **TOTAL** 176,764,940 Federal agency securities 37,660,618 \$ 214,425,558 Municipal bonds 250,000 250.000 Ventura County Investment Pool 1,000,000 1,000,000 California Local Agency Investment Fund 88,851,945 88,851,945 Negotiable CD 1,223,876 1,225,000 2,448,876 Held by Trustee Money Market Fund 55,996,702 55,996,702 2,066,209 California Local Agency Investment Fund 2,066,209 **TOTAL INVESTMENTS** 187,049,350 177,989,940 365,039,290 **Enhanced Retirement Trust** 109,183,284 Cash in banks and on hand 67,348,372

#### A. Cash and Investments (Continued)

#### Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The City's investments that are not rated include negotiable CDs; however, these investments are covered by FDIC insurance.

Presented below are the S&P Global ratings for each investment type as of June 30, 2021:

INVESTMENT TYPE		AAA		AA+	 AA-	 Α			TOTAL
Federal agency securities				214,425,558	\$ -	\$	-	\$	214,425,558
Ventura County Investment Pool		1,000,000		-	-		-		1,000,000
Municipal Bonds			_	-	 250,000		_	_	250,000
TOTALS	\$	1,000,000	\$	214,425,558	\$ 250,000	\$			215,675,558
NOT RATED

Total Investments									474,222,574
Cash in banks and on hand									67,348,372
TOTAL								\$	541,570,946

#### Concentration of Credit Risk

Investments in the securities of any individual issuer, other than U.S. Treasury securities, mutual funds, and external investment funds that represent 5% or more of total entity-wide investments are as follows at June 30, 2021:

ISSUER	TYPE OF INVESTMENTS	AMOUNTS
Federal National Mortgage Assn	Mortgage backed securities	\$ 5,998,640
Federal Home Loan Bank	Mortgage backed securities	154,189,678
Federal Farm Credit Bank	Mortgage backed securities	33.936.140

FOR THE YEAR ENDED JUNE 30, 2021

#### II. DETAILED NOTES ON ALL FUNDS (Continued)

### A. Cash and Investments (Continued) Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The California Government Code and the City's investment policy do not contain legal or policy requirements that would limit the exposure of custodial credit risk for deposits or investments, other than the provisions for deposits in the California Government Code that require that financial institutions secure deposits made by state local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The fair value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. California law also allows financial institutions to secure City deposits by pledging first trust deed mortgage notes having value of 150% of the secured public deposits.

For investments identified herein as held by fiscal agent, the trustee selects the investment under the terms of the applicable trust agreement, acquires the investment, and holds the investment on behalf of the reporting government.

#### Fair Value Measurements

The City has the following recurring fair value measurements as of June 30, 2021:

	INVESTMENTS AT FAIR VALUE							
	AS OF JUNE 30, 2021							
	_	LEVEL 1		LEVEL 2	LE\	VEL 3		TOTAL

TOTALS	\$	43,873,587	\$	(43,873,587)	\$	<u>-</u>	\$	<u>-</u>	\$	<u>-</u>

The interfund balances at June 30, 2021 are loans to cover temporary cash deficits in various funds. Also included in the interfund balances is \$2.6 million net internal receivable from business-type activities to governmental activities representing the portion of the net deficit of internal service funds attributable to business-type activities.

FOR THE YEAR ENDED JUNE 30, 2021

#### II. DETAILED NOTES ON ALL FUNDS (Continued)

#### C. Interfund Receivables and Payables (Continued)

During the current year the general fund was court-ordered to repay the water, wastewater, and environmental resource fund a total of approximately \$36.5 million for Infrastructure Use Fees (IUF) payments received in prior years. During the year \$5 million was transferred from the general fund with the remaining balance to be paid over the next three years as follows:

				ENVI	RONMENTAL	
FISCAL YEAR	 WATER	WA	STEWATER	R	ESOURCE	 TOTAL
2022	\$ 5,101,763	\$	3,596,180	\$	3,302,057	\$ 12,000,000

2024	 4,026,438		2,838,194		2,606,065	 9,470,697
TOTALS	\$ 13,379,671	\$	9,431,190	\$	8,659,836	\$ 31,470,697

FOR THE YEAR ENDED JUNE 30, 2021

#### II. DETAILED NOTES ON ALL FUNDS (Continued)

#### D. Interfund Transfers

Interfund transfers generally fall within one of the following categories:

- Debt service payments made from a debt service fund but funded from an operating fund;
- Program support that generally reflects subsidies and allocations between funds;
   and
- Transfers of capital assets between governmental activities and enterprise funds.

The following transfers in and out are reflected in the Fund Financial Statements for the year ended June 30, 2021:

		TR	ANSFERS	TRANSFERS			NET

#### II. DETAILED NOTES ON ALL FUNDS (Continued)

E. Notes Receivable (Continued)

#### **GOVERNMENTAL ACTIVITIES**

#### **Residential Notes Receivable**

The City offers loans to qualifying low-income individuals and families who require financial assistance for home-buying, home repairs, or mobile home replacements (no longer offered). Residential outstanding loans at June 30, 2021 include the following programs: Home Investment Partnership Program (HOME), Community Development Block Grants (CDBG), Building Equity and Growth in Neighborhoods Program (BEGIN), Neighborhood Stabilization Program (NSP), Historic Enhancement Revitalization of Oxnard (HERO), and CalHome Program. Summarized in the table below are these programs' average outstanding loan amount, interest rate, average outstanding term, and forgiveness policy. A majority of the home loan programs are forgivable at the end of term. Any default on the agreement, such as transfer of ownership or failure of homeowner to live in the unit causes the loan to be due and payable immediately. The City secures these loans by placing a lien on the property by recording a Deed of Trust with the Ventura County Recorder's Office for the loan amount.

PROGRAM	AMOUNT	INTEREST	TERM	FORGIVABLE
CalHOME	\$ 29,000	3%	30	No
BEGIN	26,000	3%	30	No
CDBG	24,000	0%	20	Yes
HOME	19,000	0%	12	Yes
NSP	41,000	0%	20	Yes
HERO	11,000	0%	6	Yes
Other	17,000	0%	24	Yes

#### **Developer Notes Receivable**

The City entered into loan agreements with several developers for affordable housing and mixed-use projects. The terms of the loans include annual installments from residual receipts. The loans bear simple interest at a rate of 1%-4% per year maturing between 24-55 years from the completion of the project. The City secured these loans with a deed of trust for the loan amount.

Three of the affordable housing loans in the aggregate amount of \$13,972,319, net of allowance of \$3,082,319 as of June 30, 2021, are loans to parties related the Oxnard Housing Authority.

#### II. DETAILED NOTES ON ALL FUNDS (Continued)

E. Notes Receivable (Continued)

### BUSINESS-TYPE ACTIVITIES Septic to Sewer Project

The City provided financial assistance to property owners affected by the California Regional Water Quality Control Board Resolution No. 99-13 of 1999, which prohibited the installation of new septic systems and called for the removal of existing septic systems in the area by 2008. The loans are interest free and payment plans are based on individual agreements.

#### **Oxnard Housing Authority**

In April 2014, the Authority issued a promissory note of \$2,050,000 to Terraza De Las Cortes, L.P. for certain land the Authority received in a land exchange with the City. The note accrues interest at a rate of 5% compounded annually on the amount of the outstanding balance of the loan. Annual payments of 85% of the annual net cash flow of the property are made. All outstanding principal and accrued interest are payable on or before April 2069. Principal and interest due to the Authority at June 30, 2021 was \$2,050,000 and \$64,168, respectively.

In June 2020, the Authority entered into a note agreement with A0592 Oxnard LP (Developer). The Authority is to provide up to \$2,500,000 in reimbursement for costs associated with demolition costs of the Los Cortes phase II development. During the fiscal year, the Authority made \$2,332,619 in reimbursements. The note accrues interest at a rate of 3% simple interest per annum. Principal and interest due to the Authority at June 30, 2021 was \$2,332,619 and \$60,466, respectively.

FOR THE YEAR ENDED JUNE 30, 2021

#### II. DETAILED NOTES ON ALL FUNDS (Continued)

#### Lease Revenue Project and Refunding Bonds, Series 2014

On November 4, 2014, the Authority issued \$21,225,000 of Lease Revenue Project and Refunding Bonds, Series 2014. The purposes of the bonds were to refund the outstanding Lease Revenue Refunding Bonds, Series 2003A, finance the acquisition, construction, and improvement of certain streets and roadways within certain residential neighborhoods with the City. The refunding resulted in an economic gain (difference between the present value of the debt service on the old bonds and the present value of the debt service on the new bonds) of \$4,962 and debt service savings of \$11,715. The lease payments on these bonds constitute obligations of the City's General Fund. The bonds mature annually in amounts ranging from \$2,925,000 on June 1, 2015 to \$1,585,000 on June 1, 2029. Interest on the bonds is payable on June 1 and December 1 of each year, with interest rates ranging from 2 percent to 5 percent. As of June 30, 2021, the total balance outstanding was \$10,760,000.

As of June 30, 2021, the total future debt payments for the Lease Revenue Project and Refunding Bonds, Series 2014, including interest thereon, are as follows:

#### Lease Revenue Refunding Bonds, Series 2018

On April 20, 2018, the Authority issued \$28,810,000 of Lease Revenue Refunding Bonds, Series 2018. The purpose of the bonds was to pay for the principal and interest on the Variable Rate Demand Lease Revenue Bonds, Series 2003B and 2006. The refunding resulted in an economic gain of \$965,987 and an estimated cash flow savings of \$1,160,111. The lease payments on these bonds constitute obligations of the City's General Fund. The bonds mature annually in amounts ranging from \$985,000 on June 1, 2018 to \$1,310,000 on June 1, 2036. Interest on the bonds is payable on June 1 and December 1 of each year, with interest rates ranging from 3 percent to 5 percent. As of June 30, 2021, the total balance outstanding was \$23,750,000.

As of June 30, 2021, the total future debt payments for the Lease Revenue Refunding Bonds, Series 2018, including interest thereon, are as follows:

#### Lease Revenue Refunding Bonds, Series 2019A

On December 1, 2019, the Authority issued \$27,615,000 of Lease Revenue Refunding Bonds, Series 2019A. The purpose of the bonds was to finance upfront payments of the City's Enterprise Resource Planning project and pay for the principal and interest on the Lease Revenue Refunding Bonds, Series 2011. The refunding resulted in an economic gain of \$1,746,065 and total additional cash flow of \$311,375 due to \$6.9 million of additional proceeds obtained. The lease payments on these bonds constitute obligations of the City's General Fund. The bonds mature annually in amounts ranging from \$585,000 on June 1, 2020 to \$2,020,000 on June 1, 2041. Interest on the bonds is payable on June 1 and December 1 of each year, with interest rates ranging from 1.944 percent to 3.804 percent. As of June 30, 2021, the total balance outstanding was \$26,365,000.

As of June 30, 2021, the total future debt payments for the Lease Revenue Refunding Bonds, Series 2019A, including interest thereon, are as follows:

#### Gas Tax Revenue Refunding Bonds, Series 2020

On February 20, 2020, the Authority issued \$16,905,000 of Gas Tax Revenue Refunding Bonds, Series 2020. The purpose of these bonds was to pay for the principal and interest on the Gas Tax Revenue Certificates of Participation. The refunding resulted in an economic gain of \$4,843,757 and an estimated total cash flow savings of \$5,721,089. The bonds are secured solely by gas tax revenues received from the State of California. The bonds mature annually in amounts ranging from \$665,000 on September 1, 2020 to \$1,270,000 on September 1, 2037. Interest on the bonds is payable on March 1 and September 1 of each year, with interest rates ranging from 1.5 percent to 4.0 percent. As of June 30, 2021, the total balance outstanding was \$16,240,000.

As of June 30, 2021, the total future debt payments for the Gas Tax Revenue Refunding Bonds, Series 2020, including interest thereon, are as follows:

#### Water Revenue Project Bonds, Series 2010B

2032-2036

subsidy from the US Treasury.

The City has pledged all net water revenues and all amounts on deposit in the Revenue Fund for the payment of the 2010 Installment Payments and the outstanding Parity Obligations. As of June 30, 2021, Parity Obligations include the Series 2014, 2018, and 2021A Water Revenue Bonds. These bonds were issued on February 11, 2010 in the amount of \$83,670,000. These bonds, issued as Federally Taxable Build America Bonds under the American Recovery and Reinvestment Act of 2008, carry a net interest cost of 4.5287% and mature on June 1, 2040. The City receives an interest subsidy directly from the United States Treasury equal to 35% of each interest payment. Since 2013, approximately 5.9% - 8.7% of the expected subsidy has been sequestered by the U.S. Treasury, effectively reducing the interest subsidy to 32.9%. The proceeds from the sale of the bonds were used to finance a portion of the cost of certain capital improvements related to the GREAT program. The balance outstanding as of June 30, 2021 is \$83,670,000. The Installment Payments on these bonds are secured by a first priority lien on the net system revenues (as defined in the trust indenture) of the City's water fund. Such obligation exists through the maturity date of the bonds at June 1, 2040.

As of June 30, 2021, the total future debt payments for the Water Revenue Project Bonds, Series 2010B, including interest thereon, are as follows:

#### Water Revenue Refunding Bonds, Series 2014

The City has pledged all net water revenues and all amounts on deposit in the Revenue Fund for the payment of the 2014 Installment Payments and the outstanding Parity Obligations. As of June 30, 2021, Parity Obligations include the Series 2010B, 2018 and 2021A Water Revenue Bonds. The Installment Payments on these bonds are secured by a first priority lien on the net system revenues of the City's water fund. These bonds were issued on June 3, 2014 in the amount of \$35,025,340. These bonds carry a net interest cost of 3.8% and mature on June 1, 2034. A portion of the proceeds were used to advance refund all the outstanding principal amount of \$37,840,000 of the Water Revenue Project Bonds, Series 2004. This refunding resulted in an economic gain of \$3,308,313 and a cash flow savings of \$3,808,815. The balance outstanding as of June 30, 2021 is \$25,590,796.

As of June 30, 2021, the total future debt payments for the Water Revenue Refunding Bonds, Series 2014, including interest thereon, are as follows:

#### Water Revenue Refunding Bonds, Series 2018

The City has pledged all net water revenues and all amounts on deposit in the Revenue Fund for the payment of the 2018 Installment Payments and the outstanding Parity Obligations. Parity Obligations as described on these bonds are Series 2010B, 2014, and 2021A Water Revenue Bonds. The Installment Payments on these bonds are secured by a first priority lien on the net system revenues of the City's water fund. These bonds were issued on November 14, 2018 in the amount of \$40,370,000. These bonds carry a net interest cost of 3.9% and mature on June 1, 2036. A portion of the proceeds were used to advance refund all the outstanding principal amount of \$45,095,000 of the Water Revenue Project Bonds, Series 2006. This refunding resulted in an economic gain of \$4,833,224 and an estimated cash flow savings of \$6,558,001. The balance outstanding as of June 30, 2021 is \$38,095,000.

As of June 30, 2021, the total future debt payments for the Water Revenue Refunding Bonds, Series 2018, including interest thereon, are as follows:

#### Water Revenue Refunding Bonds, Series 2021A

The City has pledged all net water revenues and all amounts on deposit in the Revenue Fund for the payment of the 2021A Installment Payments and the outstanding Parity Obligations. Parity Obligations as described on these bonds are Series 2010B, 2014, and 2018 Water Revenue Bonds. The Installment Payments on these bonds are secured by a first priority lien on the net system revenues of the City's water fund. These bonds were issued on March 3, 2021 in the amount of \$23,305,000. These bonds carry a net interest cost of 3.2321% and mature on June 1, 2055. A portion of the proceeds were used to advance refund all the outstanding principal amount of \$9,560,000 of the Water Revenue Project Bonds, Series 2010A and 2012. This refunding resulted in an economic gain of \$5,090,929 and an estimated cash flow savings of \$5,172,226. The balance outstanding as of June 30, 2021 is \$22,580,000.

As of June 30, 2021, the total future debt payments for the Water Revenue Refunding Bonds, Series 2021A, including interest thereon, are as follows:

#### Wastewater Revenue Refunding Bonds, Series 2018

The City has pledged all net wastewater revenues and all amounts on deposit in the Revenue Fund for the payment of the 2018 Installment Payments and outstanding Parity Obligations. As of June 30, 2021, Parity Obligations include the 2014 Wastewater Revenue Bonds. The Installment Payments on these bonds are secured by a first priority lien on the net system revenues of the City's wastewater fund. These bonds were issued on November 14, 2018 in the amount of \$24,550,000. These bonds carry a net interest cost of 3.6% and mature on June 1, 2034. A portion of the proceeds were used to advance refund all the outstanding principal amount of \$14,675,000 of the Wastewater Revenue Project Bonds, Series 2004B and \$9,385,000 of the Wastewater Revenue Project Bonds, Series 2006 and finance the termination payment with respect to an interest rate swap relating to the 2004 Bonds. This refunding resulted in an economic gain of \$1,812,042 and a cash flow savings of \$2,282,549. The balance outstanding as of June 30, 2021 is \$20,820,000.

As of June 30, 2021, the total future debt payments for the Wastewater Revenue Refunding Bonds, Series 2018, including interest thereon, are as follows:

### WASTEWATER REVENUE REFUNDING BONDS

		SERIES 2018							
FISCAL YEAR	F	PRINCIPAL		INTEREST	TOTAL				
2022	\$	1,180,000	\$	981,000	\$	2,161,000			
2023		1,235,000		922,000		2,157,000			
2024		1,300,000		860,250		2,160,250			
2025		1,365,000		795,250		2,160,250			
2026		1,430,000		727,000		2,157,000

#### Housing Authority 2004 Capital Fund Revenue Bonds

The Oxnard Housing Authority issued Affordable Housing Agency Certificates of Participation, Series 2004 (Oxnard's Santa Clara Projects) on April 26, 2004 in the amount of \$10,370,000, evidencing a proportionate ownership interest in debt service payments to be made with respect to certain Capital Fund Revenue Bonds, Series 2004, issued by the Oxnard and Santa Clara Housing Authorities in the amounts of \$5,820,000 and \$4,550,000, respectively. Each certificate represents a proportionate ownership interest of the holder in the right to receive debt service payments made with respect to the bonds. The obligation of the housing authorities under their respective bond indentures are independent and neither is obligated for the payment of principal or interest on the bonds of the other housing authority. The bonds were issued to finance certain capital projects of the Housing Authority, with interest ranging from 2.00% to 4.95%, maturing on April 1, 2024. The outstanding balance as of June 30, 2021 is \$1,230,000.

As of June 30, 2021, the total future debt payments for the Housing Authority 2004 Capital Fund Revenue Bonds, including interest thereon, are as follows:

HOUSING AUTHORITY

	2004 CAPITAL FUND							
		F	REVE	ENUE BONDS	3			
FISCAL YEAR	P	RINCIPAL		NTEREST		TOTAL		
2022	\$	390,000	\$	60,095	\$	450,095		
2023		410,000		41,375		451,375		
2024		430,000		21,285		451,285		
TOTALS	\$	1,230,000	\$	122,755	\$	1,352,755		

#### **Arbitrage**

The Tax Reform Act of 1986 instituted certain arbitrage restrictions with respect to the issuance of tax exempt bonds after August 31, 1986. Arbitrage regulations deal with the investment of all tax exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable rebates are not reported and paid to the Internal Revenue Service (IRS) at least every five years. During the current year, the City performed calculations of excess investment earnings on various bonds and financings. Potential liabilities were calculated for the issues and rebate payments were made as appropriate. No arbitrage liability existed at June 30, 2021.

#### G. Long-term Debt (Continued)

#### Credit Rating

As of June 30, 2021, the City's issuer credit rating was "A" while maintaining ratings of "A-", "A+", "A" and "A-" for General (Lease Revenue), Gas Tax, Water and Wastewater Bonds, respectively.

#### Debt with Pledged Revenue

The City has pledged all net water system revenues and all amounts on deposit in the Revenue Fund for the payment of the bond Installment Payments and the outstanding Parity Obligations. The net water system revenues will not be used for any other purpose while any of the Installment Payments remain unpaid provided, however, that out of the net water system revenues, there may be apportioned such sums for purposes as permitted by the Installment Purchase Agreements.

Principal and interest (less BABs subsidy on Series 2010B) paid for the current year and net water revenue were \$10,513,722 and \$17,596,076, respectively. The debt service coverage ratio of 167% is in compliance with the ratio required by bond covenants. Those covenants require coverage equal to at least 100% of debt payments plus unrestricted reserves equal to the difference between 125% of principal and interest payments and net water revenues. If the debt service coverage ratio is below 100% of principal and interest payments the trustee can declare the bonds in default and pursue remedies provided for in the Installment Purchase Agreement.

The City has pledged all net wastewater system revenues and all amounts on deposit in the Revenue Fund for the payment of the bond Installment Payments and the outstanding Parity Obligations. The net wastewater system revenues will not be used for any other purpose while any of the Installment Payments remain unpaid provided, however, that out of the net wastewater system revenues, there may be apportioned such sums for purposes as permitted by the Installment Purchase Agreements.

Principal and interest paid for the current year and net wastewater revenue were \$9,431,250 and \$26,546,357, respectively. The debt service coverage ratio of 281% is in compliance with the ratio required by bond covenants. Those covenants require coverage equal to at least 100% of debt payments plus unrestricted reserves equal to the difference between 125% of principal and interest payments and net wastewater revenues. If the debt service coverage ratio is below 100% of principal and interest payments the trustee can declare the bonds in default and pursue remedies provided for in the Installment Purchase Agreement.

#### II. DETAILED NOTES ON ALL FUNDS (Continued)

#### G. Long-term Debt (Continued)

#### Debt with Pledged Revenue (Continued)

The U.S. Department of Housing and Urban Development has approved the issuance of the Oxnard Housing Authority bonds and the certificates and has authorized the Authority to pledge and assign its Capital Fund Program monies to the payment of the bonds and, therefore, the certificates. During the year, \$1,292,275 of Capital Fund Grant revenue was earned, of which, \$370,000 was applied to the repayment of the bonds.

#### **Capital Lease Obligations - Governmental Activities**

#### 2012 Lease Purchase Agreement

On August 1, 2012, the City entered into a Lease Purchase Agreement with Capital One Public Funding, LLC in the amount of \$5,570,838, for the purpose of refinancing the 1999 Certificate of Participation, with interest rate of 3.54% and final maturity date on June 1, 2028. The refunding resulted in an overall cash flow savings of \$658,975 and economic gain of \$566,623. The outstanding balance as of June 30, 2021 is \$2,640,763. These lease payments constitute obligations of the City's General Fund. Such obligation exists through the maturity date of the lease at June 1, 2028.

As of June 30, 2021, the total future lease payments for the 2012 Lease Purchase Agreement, including interest thereon, are as follows:

		2012 LEASE							
			P	URCHASE					
FISCAL YEAR	P	RINCIPAL	_IN	ITEREST		TOTAL			
2022	\$	337,247	\$	93,483	\$	430,730

#### 2014 Lease Purchase Agreement

On January 1, 2014, the City entered into a Lease Agreement with Oxnard Fire Station, LLC for the lease of the Oxnard Fire Station #8 in the amount of \$13,813,065. Total lease payments beginning June 1, 2016 through December 31, 2031 amount to \$20,359,994, including interest of \$6,063,301. These lease payments constitute obligations of the City's General Fund. The outstanding balance as of June 30, 2021 is \$10,546,695.

The base rental is equal to the principal and interest payable with respect to the Revenue Bonds (Oxnard Fire Station Project) 2014 Series A and Revenue Bonds (Oxnard Fire Station Project) 2014 Series B (Taxable) issued by the California Municipal Finance Authority (Authority) in the amount of \$15,160,000 and \$220,000 respectively. The Authority loaned the proceeds of the bonds to Oxnard Fire Station, LLC to finance the construction of the Oxnard Fire Station #8.

As of June 30, 2021, the total future lease payments for the 2014 Lease Purchase Agreement, including interest thereon, are as follows:

			2	014 LEASE				
	PURCHASE							
FISCAL YEAR	F	PRINCIPAL		NTEREST		TOTAL

#### Bank of America Capital Lease 2018

On March 30, 2018, the City entered into an Equipment Lease/Purchase Agreement with Banc America Capital Corporation (BofA) in an amount not to exceed \$5 million for the purpose of acquiring public safety communication equipment and vehicles, fire apparatus and vehicles, and other capital assets. As of June 30, 2021, the total outstanding balance on this line of credit was \$2,613,659. The lease payments constitute obligations of the City's General Fund. Such obligation exists through the maturity date of the lease, \$2 million due on March 30, 2023 and \$3 million due on March 30, 2025.

As of June 30, 2021, the total future lease payments for the B of A Capital Lease 2018, including interest thereon, are as follows:

B OF A					
		CAPITAL L	EASE	2018

TOTALS	\$	3,655,773	\$	432,750	\$	4,088,523

Capital lease obligations are collateralized by equipment purchased and unspent proceeds held in escrow. In the event of default, the lender has the right to seize the collateral and/or call the debt.

#### Housing Authority Community Development Commission Note Payable

The Authority entered into a note agreement dated July 21, 2009, secured by a deed of trust, in the amount of \$350,000 payable to the City of Oxnard Community Development Commission ("CDC") to finance the development of affordable housing units on Cuesta del Mar in the Southwinds Redevelopment Project Area. The principal balance on the note bears interest at the rate of interest paid in the Local Agency Investment Fund (LAIF) plus 1% per annum. Payments are to be made annually, commencing on January 30, of the year following the issuance of the first Certificate of Occupancy for the project, and each January 30 thereafter. As of June 30, 2014, the project was considered permanently stalled and would not be completed. The loan is to be payable in one lump sum payment due sixty (60) days after the anniversary of the failure to complete project determination. There is an option to extend the repayment date for a period not to exceed two years as approved by the CDC's Director. The outstanding balance at June 30, 2021 is \$269,710.

#### II. DETAILED NOTES ON ALL FUNDS (Continued)

#### G. Long-term Debt (Continued)

#### **Special Assessment Bonds**

There are various 1915 Act Improvement Districts and Mello-Roos Community Facilities Districts within the City, which have issued special assessment or special tax debt. The debt is secured by liens of special assessments or special taxes on the properties in the districts and is paid by the property owners. The City is not liable under any circumstance for the repayment of the debt, but is only acting as agent for the property owners in collecting the assessments and special taxes, forwarding the collections to fiscal agents to pay the bondholders, and initiating foreclosure proceedings when appropriate.

Accordingly, such special assessment debt is not reflected in the accompanying basic financial statements. Special assessment debt outstanding at June 30, 2021 is as follows:

		TNUOMA
Rice Avenue/Highway 101 Interchange Assessment District		
Local Obligation Revenue Bonds (2012 Special District Bond	\$	8,150,000
Refinancing to refund 1915 Act Limited Obligation Bonds)		
City of Oxnard Community Facilities District 1 (Westport)

Refinancing to refund CFD No. 2000-3 Bonds)		
Oxnard Boulevard Interchange Community Facilities District 2000-3		
Local Obligation Revenue Bonds (2012 Special District Bond		5,010,000
Refinancing to refund CFD No. 1 Bonds)		
Oxnard Boulevard/Highway 101 Interchange Assessment District 2000-1	1	
1915 Act Improvement Limited Obligation Bonds		1,475,000
Community Facilities District No. 3		
Special Tax Refunding Bond 2013 (Seabridge Mandalay Bay)		23,263,800
TOTAL	\$	44,697,000

#### II. DETAILED NOTES ON ALL FUNDS (Continued)

#### H. Compensated Absences

The accrual for compensated absences was reported as follows as of June 30, 2021:

	BALANCE JULY 1, 2020	ADDITIONS	PAYMENTS	BALANCE JUNE 30, 2021	DUE WITHIN ONE YEAR
GOVERNMENTAL ACTIVITIES					
General Fund	\$ 15,263,166	\$ 6,927,135	\$ (6,332,249)	\$ 15,858,052	\$ 10,678,672
Internal Service Fund	966,509	556,411	(586,031)	936,889	618,347
	16,229,675	7,483,546	(6,918,280)	16,794,941	11,297,019
BUSINESS-TYPE ACTIVITIES					
Water	446,314	490,602	(374,163)	562,753	371,418
Wastewater	713,864	620,549	(532,494)	801,919	529,266
Environmental resources	1,244,116	1,095,579	(782,074)	1,557,621	1,028,030
Oxnard Housing Authority	553,727	314,292	(263,272)	604,747	41,080
	2,958,021	2,521,022	(1,952,003)	3,527,040	1,969,794
TOTALS	\$ 19,187,696	\$ 10,004,568	\$ (8,870,283)	\$ 20,321,981	\$ 13,266,813

Accrued compensated absences includes an adjustment of \$624,585 for California Labor Code Section 4850 benefits for public employees in a specified class.

#### II. DETAILED NOTES ON ALL FUNDS (Continued)

#### I. Fund Balances

The following funds/subfunds had deficit fund balances as of June 30, 2021:

	_ AMOUNT
Public Liability / Property Damage	\$ (1,873,130)
Workers' Compensation	(18,873,192)
Utility Customer Service	(453,904)
Information Services	(2,839,663)
Facilities Maintenance	(4,036,653)
Equipment Maintenance	(5,553,905)

Deficits in the Public Liability / Property Damage and Workers' Compensation Funds result from implementing conservative actuarial assumptions regarding claims liabilities, including incurred but not reported claims. The City expects to replenish the reserve over a 10-year period.

Deficits in Utility Customer Service, Information Services, Facilities Maintenance, and Equipment Maintenance resulted from accrual of pension and OPEB liabilities. The deficits in these internal service funds are primarily attributable to the implementation of GASB Statements 68 and 75 to record liabilities for employee pensions and other post-employment benefits. These liabilities will be liquidated with revenue received in future years that cannot be accrued in these financial statements.

#### II. DETAILED NOTES ON ALL FUNDS (Continued)

#### J. Prior-Period Adjustments

#### **Governmental and Business-type Activities**

Prior-period adjustments reflected on the Statement of Activities resulted from the implementation of GASB Standard No. 84 as detailed below. The net effect on prior year net income as a result of these changes was omitted as it is not practical to calculate.

	Governmental	Fiduciary
	Activities	Activities
Net Position, July 1, 2020	\$ 1,871,220,384	\$ -
Change in Accounting Method:		
To Reflect Change in Fiduciary Activities,		
Custodial Funds and GASB 84 Implementation	(208,913)	 8,935,069
Net Position, July 1, 2020, As Restated	\$ 1,871,011,471	\$ 8,935,069

#### **Governmental Funds**

Prior-period adjustments reflected on the Statement of Revenues, Expenditures, and Changes in Fund Balances show a \$208,913 decrease to the General Fund beginning fund balance to reflect a reclassification of certain activities to fund balance and a \$208,913 increase to Custodial Funds beginning net position to reflect fiduciary custodial funds per GASB 84 in prior year.

General Fund		Custodial Funds
\$ 38,340,504	\$	-
 (208,913)		8,935,069
\$ 38,131,591	\$	8,935,069
\$	Fund \$ 38,340,504 (208,913)	Fund \$ 38,340,504 \$ (208,913)

#### III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS

The City provides pension benefits to its employees through four defined benefit plans: CalPERS Miscellaneous Plan, CalPERS Police Plan, CalPERS Fire, and the Retirement Enhancement Plan. Pension expense for all plans totaled \$53,023,507 for the year ended June 30, 2021. Total pension liabilities, fiduciary net position, and net pension liabilities for all plans as of June 30, 2021 are as follows:

	T	otal Pension Liability	lan Fiduciary Net Position	 Net Pension Liability
Miscellaneous Plan	\$	519,922,892	\$ 377,608,104	\$ 142,314,788
Safety – Police		415,648,717	311,036,005	104,612,712
Safety – Fire		177,546,739	119,487,828	58,058,911
Retirement Enhancement Plan		108,112,725	 109,146,806	 (1,034,081)
TOTALS	\$	1,221,231,073	\$ 917,278,743	\$ 303,952,330

#### 1. California Public Employees' Retirement System

#### A. Retirement Plan Description

The City contributes to the California Public Employees' Retirement System (CalPERS), an agent multiple-employer public employee defined benefit plan, which acts as a common investment and administrative agent for participating public entities within the State of California. The City participates in agent multiple-employer plans for its Miscellaneous 2% at 55 and 2% at 62 and Police 3% at 50 and 2.7% at 57, and in the cost-sharing plan for its Fire 3% at 50 and 2.7% at 57. Benefit provisions and all other requirements are established by State statutes within the Public Employees' Retirement Law. City of Oxnard selects optimal benefit provisions and adopts those benefits through local ordinance. Copies of CalPERS' annual financial report may be obtained from the CalPERS Executive Office, 400 "P" Street, Sacramento, CA 95814 or from the CalPERS website <a href="http://www.calpers.ca.gov">http://www.calpers.ca.gov</a>. During the year ended June 30, 2013, the California's Public Employees' Pension Reform Act (PEPRA) went into effect. PEPRA requires new benefits and member contributions for new members as defined by PEPRA that are hired after January 1, 2013. Employees who were CalPERS members before January 1, 2013 are considered "Classic Members."

FOR THE YEAR ENDED JUNE 30, 2021

### III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) California Public Employees' Retirement System (Continued)

#### B. Benefits Provided

CalPERS provides service retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full time employment.

Classic members or PEPRA Safety members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. PEPRA Miscellaneous members become eligible for retirement at age 52 with at least five years of service. The service retirement benefit is a monthly allowance taking into account the benefit factor, years of service, and final compensation. The benefit factor depends on the benefit formula specified in the employer's contract. The years of service is the amount credited by CalPERS to a member while he or she is employed in this group. The final compensation is the monthly average of the member's highest 12 consecutive months' full-time equivalent monthly pay.

All members are eligible for nonduty disability benefits after 5 years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, or the Optional Settlement 2W Death Benefit. The standard death benefit for Safety members is the Special Death Benefit. The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

#### C. Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through the CalPERS' annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

FOR THE YEAR ENDED JUNE 30, 2021

### III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) California Public Employees' Retirement System (Continued)

#### C. Contributions (Continued)

Participants in the Miscellaneous and Safety plans are required to contribute a percentage of their annual covered salary. The City pays a portion of the contributions required of City employees on their behalf in accordance with respective memoranda of understanding (MOUs). The City is required to contribute the actuarially determined remaining amounts necessary to fund the benefits for its members.

For the year ended June 30, 2021, the City's total contributions for the Miscellaneous and Safety Plans were \$36,544,053. The City's contributions recognized as part of the pension expense for the year ended June 30, 2021 were \$34,811,449 for the Miscellaneous and Safety Plans.

The Plan's provisions and benefits in effect at June 30, 2021 are summarized as follows:

	Miscellaneous				
	Prior to		On o	r After	
Hire date	Janua	ary 1, 2013	Januar	y 1, 2013

### III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) California Public Employees' Retirement System (Continued)

#### C. Contributions (Continued)

At June 30, 2020 (measurement date), the following employees were covered by the benefit terms of the Plan:

	Number of Members				
	Miscellaneous				
Plan Members	Plan	Safety Plan - Police	Safety Plan - Fire		
Active	870	218	108		
Transferred	642	36	29		
Terminated	1,376	43	13		
Retired and beneficiaries	1,121	292	144		
TOTALS	4,009	589	294		

D. Actuarial Methods and Assumptions Used to Determine Total Pension Liability
The June 30, 2020 total pension liabilities were based on the following actuarial
methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Fair Value
Actuarial Assumptions	
Discount Rate	7.15%
Inflation	2.625%
Salary Increases	Varies by Entry Age and Service
Payroll Growth	3.000%
Investment Rate of Return	7.25% Net of Pension Plan Investment and Administrative Expenses; includes Inflation
Mortality Rate Table <sup>1</sup>	Derived using CalPERS Membership Data for all funds
Post Retirement Benefit Increase	Contract COLA up to 2.75% until Purchasing Power Protection Allowance Floor on Purchasing Power applies 2.75% thereafter

<sup>&</sup>lt;sup>1</sup> The mortality table was developed based on CalPERS specific data. The table includes 15 years of mortality improvements using Society of Actuaries Scale BB.

All other actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period from 1997 to 2011, including updates to salary increase, mortality, and retirement rates. The Experience Study report can be obtained at CalPERS' website under Forms and Publications.

FOR THE YEAR ENDED JUNE 30, 2021

### III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) California Public Employees' Retirement System (Continued)

#### E. Discount Rate and Long-Term Expected Rate of Return

The discount rate used to measure the total pension liability was 7.15%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments was determined using a building block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all of the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

### F. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions

The City's net pension liability is measured as the total pension liability less the pension plan's fiduciary net position. The net pension liability of each of the Plans is measured as of June 30, 2020, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2019, rolled forward to June 30, 2020, using standard update procedures. The following tables show the plan fiduciary net position and the net pension liabilities for the Miscellaneous and Safety-Police Plans and the respective changes in net pension liabilities recognized over the measurement period.

Miscellaneous Plan	<b>Total Pension</b>	Plan Fiduciary	Net Pension

### III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) California Public Employees' Retirement System (Continued)

F. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

The City's proportionate share of the collective net pension liability was determined by CalPERS based on the following allocation methodology:

The schedules of employer allocation by rate plan include three ratios:

- (1) Actuarial Accrued Liability Determined based on the Actuarial Accrued Liability from the most recent Actuarial Valuation Report as of June 30, 2019 used for funding purposes.
- (2) Market Value of Assets Determined based on the sum of the Market Value of Assets (MVA) from the most recent Actuarial Valuation as June 30, 2019 used for funding purposes plus supplemental payments made by employers during the current measurement period to reduce their unfunded actuarial accrued liabilities.
- (3) Contributions Determined based on the legally or statutorily required employer contributions for the fiscal year ended June 30, 2020, including reported contribution adjustments and suspended payroll information. Legally or statutorily required employer contributions were determined by multiplying the employer's contribution rate by the annual benefit compensation (payroll) for the fiscal year and excluding payments for benefit improvements known as Golden Handshakes, which CalPERS considers to be separately financed employer-specific liabilities.

The total pension liability was allocated based on the rate plan's share of the Actuarial Accrued Liability. The fiduciary net position was allocated based on the rate plan's share of the Market Value of Assets. The net pension liability was derived by subtracting the fiduciary net position from the total pension liability. Deferred outflows of resources, deferred inflows of resources, and pension expense were allocated based on the rate plan's share of contributions.

FOR THE YEAR ENDED JUNE 30, 2021

# III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) California Public Employees' Retirement System (Continued)

# F. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

For the year ended June 30, 2021, the City recognized pension expense of \$20,080,502, \$17,096,405 and \$9,231,552 for the Miscellaneous, Safety – Police, and Safety – Fire Plans, respectively. At June 30, 2021, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows	Deferred Inflows	
	of Resources	of Resources	
Pension contributions subsequent

# III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) California Public Employees' Retirement System (Continued)

### G. Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the Plan as of the measurement date, calculated using the discount rate of 7.15%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (6.15%) or 1 percentage-point higher (8.15%) than the current rate:

	Discount Rate - 1% (6.15%)		Current Discount Rate (7.15%)		Discount Rate + 1% (8.15%)	
Net Pension Liability (Asset)						
Miscellaneous Plan	\$	211,376,148	\$	142,314,788	\$	85,439,375
Safety – Police		163,498,611		104,612,712		56,550,695
Safety – Fire		82,170,416		58,058,911		38,273,139
TOTALS	\$	457,045,175	\$	304,986,411	\$	180,263,209

#### 2. Retirement Enhancement Plan

### A. Plan Description

The City established a Retirement Enhancement Plan (REP), single-employer defined benefit pension plan, effective January 1, 2003 for selected groups of miscellaneous employees (non-safety), Service Employees International Union (SEIU), International Union of Operating Engineers (IUOE), Management, and one of the two groups of Confidential employees. REP is a defined benefit 401(a) tax-qualified multiple agency trust. It meets the requirements of a pension trust under the California Government Code. The plan provides supplemental retirement benefits in addition to PERS. A separate report was not issued for the Retirement Enhancement Plan; therefore, the notes to the financial statements are included below. The City reports the Retirement Enhancement Plan as a pension trust fund in the fiduciary funds financial statements.

Acceptable investments

FOR THE YEAR ENDED JUNE 30, 2021

# III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) Retirement Enhancement Plan (Continued) Plan Description (Continued)

#### **Authorized Investments**

For the Retirement Enhancement Plan, the specific investments are managed by the trustee under guidelines approved by the City as follows:

Risk tolerance Market risk
Time horizon Long term
Income of liquidity needs As requested

Account of trust restrictions
Unique needs and circumstances
Investment objective
Strategic ranges
None
None
Balanced
O%-20% Cash

25%-45% Fixed income

50%-70% Equity Individual stocks Individual bonds

Trustee funds External funds

Index-based securities including Exchange-Traded Funds (ETF)

Fixed income guidelines Maturity range 2-15 years

Duration range 4-7 years

Investment grade - minimum credit quality
Equity guidelines The core portion of the equity allocation

will consist of individual issues. Activelymanaged mutual funds will be utilized for other market segments in accordance with the trustee's tactical strategy.

The primary goals of the balanced investment objective are growth of principal and income. It is expected that dividend and interest income will comprise a significant portion of the total return, although growth through capital appreciation is equally important.

#### B. Benefits Provided

For employees meeting the eligibility requirements, the plan provides a benefit equal to the "3% at 60" plan factor (formula is a static 3% at age 60 and older), less the PERS "2% at 55" plan factors for all years of City service plus any military service purchased through PERS (prior to July 1, 2003) while an employee of the City of Oxnard.

FOR THE YEAR ENDED JUNE 30, 2021

# III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) Retirement Enhancement Plan (Continued)

### B. Benefits Provided (Continued)

Eligibility for an immediate benefit is defined as reaching age 50, completing five years of Oxnard service, and retiring concurrently from both the City and PERS after leaving City employment. In addition, a deferred benefit would be available to participants who complete five years of service. The City has full discretionary authority to control, amend, modify, or terminate this plan at any time.

At June 30, 2021, the following employees were covered by the benefit:

	Number of
Description	Members
Active members	278
Inactives entitled to benefit payments	178
Inactives currently receiving benefit payments	414
TOTAL	870

#### C. Contributions

Employees and the City contribute a total of 8% of eligible employees' gross wages. Current employee and City contributions by employee groups are as follows:

	City	Employee
	Contributions	
IUOE	2.70%	5.30%
SEIU	3.50%	4.50%
Management and confidential	3.00%	5.00%
Confidential - hourly	2.50%	5.50%

In addition, the City is required to contribute the remaining amounts necessary to fund the benefit to its members using the actuarial basis recommended by REP actuarial consultants. The actuarially determined contribution for the fiscal year ended June 30, 2021 was 16.7% of eligible employee gross wages. The City contributed \$3,427,026 to REP for the year ended June 30, 2021.

FOR THE YEAR ENDED JUNE 30, 2021

# III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) Retirement Enhancement Plan (Continued)

D. Actuarial Methods and Assumptions Used to Determine Total Pension Liability
The June 30, 2021 total pension liabilities were based on the following actuarial
methods and assumptions:

Actuarial Cost Method Entry Age Normal, Level % of pay

Actuarial Assumptions

Contribution Policy City contributes full Actuarially Determined Contibutions (ADC)

Discount Rate 6.25% at June 30, 2020 and 5.75% at June 30, 2021

Expected Rate of Return on Assets Expected City contributions projected to keep suffcient plan assets

to pay all benefits from trust

General Inflation 2.5% annually

Mortality, Retirement, Disability, Termination CalPERS 1997-2015 Experience Study

Mortality Improvement Post-retirement mortality projected fully generational with Scale

MP-2018

Salary Increases Aggregate - 3% Annually

Merit - CalPERS 1999-2015 Experience Study

#### E. Discount Rate

The discount rate used to measure the total pension liability for the Plan was 5.75%. The pension trust is projected to have sufficient assets to pay benefits per the Plan's current contribution policy.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

	larget	Expected Real
Asset Class	Allocation	Rate of Return
Global Equity	60.00%	4.56%
Fixed Income	40.00%	0.78%
Assumed Long-Term Rate of Inflation		2.50%
Expected Long-Term Net Rate of Return,	Rounded	5.75%

FOR THE YEAR ENDED JUNE 30, 2021

# III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) Retirement Enhancement Plan (Continued)

# F. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions

The City's net pension liability is measured as the total pension liability less the pension plan's fiduciary net position. The net pension liability of the Retirement Enhancement Plan is measured as of June 30, 2021, and the total pension liability for the Plan used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2019.

The following table shows the net pension liabilities for the Plan and the respective changes in net pension liabilities recognized over the measurement period.

	Total Pension	otal Pension Plan Fiduciary		
	Liability	Net Position	Liability/(Asset)	
Balance at June 30, 2020	\$ 100,304,779	\$ 89,303,239	\$ 11,001,540	
Changes Recognized for the Measurement Period

Employee contributions (paid by employer)	-	1,643,999	(1,643,999)	
Net investment income	-	19,861,747	(19,861,747)	
Benefit payments, included refunds of				
employee contributions	(4,989,012)	(4,989,012)	-	
Administrative expenses	<u>-</u> _	(100,193)	100,193	
Net changes	7,807,946	19,843,567	(12,035,621)	
Balance at June 30, 2021 (Measurement Date)	\$ 108,112,725	\$ 109,146,806	\$ (1,034,081)	

FOR THE YEAR ENDED JUNE 30, 2021

# III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) Retirement Enhancement Plan (Continued)

# F. Pension Liabilities, Pension Expenses, and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

For the year ended June 30, 2021, the City recognized pension benefit of \$1,811,860, for the Retirement Enhancement Plan. At June 30, 2021, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	rred Outflows Resources	Deferred Inflows of Resources	
Net difference between projected and actual earnings on pension plan investments	\$ -	\$	12,708,802
Changes in assumptions Differences between expected and	3,687,990		96,616
actual experiences	 609,333		678,000
TOTALS	\$ 4,297,323	\$	13,483,418

Amounts reported as deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Measurement Period	Deferred Outflows/
Ending June 30	(Inflows) of Resources
2022	\$ (2,366,052)
2023	(1,409,865)
2024	(2,554,007)
2025	(2,856,171)
TOTAL	\$ (9,186,095)

# G. Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the Plan as of the measurement date, calculated using the discount rate of 5.75%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower (4.75%) or 1 percentage-point higher (6.75%) than the current rate:

	Current						
	Discount Rate - 1%			Discount Rate		Discount Rate + 1%	
		(4.75%)		(5.75%)		(6.75%)	
Net Pension Liability	\$	12,284,842	\$	(1,034,081)	\$	(12,043,008)	

FOR THE YEAR ENDED JUNE 30, 2021

### III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued)

### 3. **Deferred Compensation Plan**

The City sponsors a deferred compensation plan that qualifies under Section 457(b) of the Internal Revenue Code (IRC). The Plan accepts payroll-deducted contributions for participant-directed investing. Contributions are limited to an annual maximum amount as established under the IRC. Employee salary reduction contributions are tax deferred and are immediately 100% vested. The assets of the Plan are held in trust for the exclusive benefit of plan participants and their beneficiaries. Plan assets are not the property of the City or subject to the claims of the City's general creditors.

### 4. Post-employment Benefits Other than Pensions (OPEB)

### A. Plan Description

The City has established the City of Oxnard Retiree Health Insurance Plan, a single-employer defined benefit health care plan administered through CalPERS.

Employees who retire from the City and receive a CalPERS pension are eligible for post-employment medical benefits. Retirees can enroll in any of the available CalPERS medical plans. This benefit continues for the life of the retiree and surviving spouse. Benefit provisions for CalPERS are established by the Public Employees Medical and Hospital Care Act (PEMHCA).

#### B. Benefits Provided

The City contributes the minimum amount allowed under Government Code Section 22825 of the Public Employees Medical and Hospital Care Act. The City's required monthly contributions for calendar years 2020 and 2019 were \$139 and \$136, respectively. The statutory contribution will be indexed by the Medical CPI each year. The required contribution is based on pay-as-you-go financing requirements. Retirees must contribute any premium amounts in excess of the City contribution.

FOR THE YEAR ENDED JUNE 30, 2021

# III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) Post-employment Benefits Other than Pensions (OPEB) (Continued)

### C. Employees Covered by Benefit Terms

At June 30, 2019, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	394
Active plan members	1,104
	1,498

### D. Total OPEB Liability

The City's total OPEB liability of \$55,141,842 was measured as of June 30, 2020, and was determined by an actuarial valuation as of July 1, 2019.

Actuarial assumptions and other inputs. The total OPEB liability in the July 1, 2019 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation 3.00 percent

Salary increases 3.00 percent, average, including inflation

Healthcare cost trend rates 5.90 percent for 2020; 5.80 percent for 2021; 5.70 percent for 2022; and decreasing 0.10 percent per

year to an ultimate rate of 5.00 percent for 2029 and

later years

The discount rate was based on the Municipal Bond 20-Year High Grade Rate Index of 3.13%.

Pre-retirement mortality rates were based on the CalPERS Pre-Retirement Mortality Miscellaneous and Schools (1997-2015) rates for miscellaneous employees and CalPERS Pre-Retirement Mortality Safety (1997-2015) rates for safety employees. Post-retirement mortality rates were based on the CalPERS Post-Retirement Mortality Miscellaneous and Schools (1997-2015) rates for miscellaneous employees and CalPERS Post-Retirement Mortality Safety (1997-2015) rates for safety employees.

The actuarial assumptions used in the July 1, 2019 valuation were based on a review of plan experience during the period July 1, 2017 to June 30, 2019.

# III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) Post-employment Benefits Other than Pensions (OPEB) (Continued) E. Changes in the Total OPEB Liability

	•	Total OPEB Liability
Balance at June 30, 2019	\$	46,686,235
Changes for the year:		
Service Cost		2,150,451
Interest		1,513,925
Changes of benefit terms		-
Differences between expected and actual experience		(9,059)
Changes in assumptions or other inputs		5,726,271
Benefit payments		(925,981)
Net changes		8,455,607
Balance at June 30, 2020	\$	55,141,842

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (1.45 percent) or 1 percentage point higher (2.45 percent) than the current discount rate (3.45 percent):

	1% Decrease	Discount Rate		1% Increase
	 (1.45%)	 (2.45%)		(3.45%)
Total OPEB liability	\$ 65,445,491	\$ 55,141,842	\$	47,016,991

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower (5.0 percent decreasing to 4.0 percent) or 1 percentage point higher (7.0 percent decreasing to 6.0 percent) than the current healthcare cost trend rates (6.0 percent decreasing to 5.0 percent):

# III. DEFINED BENEFIT PENSION PLANS AND OTHER POST-EMPLOYMENT BENEFITS (Continued) Post-employment Benefits Other than Pensions (OPEB) (Continued)

# F. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2021, the City recognized an OPEB expense of \$5,174,715. At June 30, 2021, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of		Deferred Inflows of			
	Resources			Resources		
OPEB contributions subsequent						
to the measurement date	\$	955,555	\$	-		
Differences between expected and						
actual experience		2,657,602		(7,941)		
Changes of assumptions or other inputs		9,003,413		(1,516,882)		
Total	\$	12,616,570	\$	(1,524,823)		

The deferred outflows of resources related to OPEB contributions subsequent to the measurement date of \$955,555 will be recognized as a reduction of the total OPEB liability in the year ending June 30, 2022.

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30	_	
2022	\$	1,502,923
2023		1,502,923
2024		1,502,923
2025		1,502,923
2026		1,502,923
Thereafter		2,621,577
	\$	10,136,192

#### IV. RISK MANAGEMENT

The City provides general liability and workers' compensation insurance under self-insurance programs with an annual limit per occurrence of \$1 million for each program. Excess insurance in the layer of \$1 million to \$15 million per occurrence/\$18 million annual aggregate is purchased for general liability claims and statutory coverage is purchased for workers' compensation claims. The City contracts with outside service agencies to assist in the administration of the self-insurance programs. Estimated liabilities related to outstanding workers' compensation and public liability claims, including estimates for incurred but not reported claims, are based upon actuarial studies and are recorded in internal service funds.

All funds of the City participate in general liability and workers' compensation insurance programs and make payments to internal service funds on the basis of loss experience and exposure. The total unpaid claims and claims adjustment expense liability (long-term obligations) of \$32,782,000 recorded at June 30, 2021, is based on results of actuarial studies and includes an estimate for claims incurred but not reported at the balance sheet date. Claims liabilities are calculated considering the effects of inflation, recent claims settlement trends including frequency and amount of payouts, and other economic and societal factors. General liability and workers' compensation liabilities are carried at present value using a discount rate of 1.0%.

In addition, the City is in compliance with the requirements of GASB Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred as of the date of the financial statements and the amount of the loss can be reasonably estimated.

#### A. General Liability

The City is self-insured for general liability claims up to \$1,000,000. The City purchases commercial excess liability insurance with limits of \$15 million per occurrence with an aggregate limit of \$18 million annually. Self-insured general liability claims are administered through a third-party administrator, with the City Attorney's approval required for settlements over \$15,000. Litigated claims are settled directly through the City Attorney's Office.

The City's excess general liability insurance premium for Fiscal Year 2020-21, inclusive of brokerage fees, was \$719,800. During the past five-year period, the average claims filed each year for general liability amounted to 207 claims totaling \$1,280,143 per year (an average of \$6,172 per claim). In addition, there have been no insurance settlements that have exceeded the City's insurance coverage for each of the past three years.

FOR THE YEAR ENDED JUNE 30, 2021

### IV. RISK MANAGEMENT (Continued)

### A. General Liability (Continued)

The total unpaid claims and claims adjustment expense liability (long-term obligations) recorded at June 30, 2021 was \$6,344,805. The following schedule presents the changes in self-insurance claims liabilities for the past two years:

	PUBLIC LIABILITY AND				
	PROPERTY DAMAGE				
	FY 2020-2021	FY 2019-2020			
Unpaid claims and claims adjustment expenses - July 1	\$ 6,360,000	\$ 6,947,159			
Incurred Claims and Claims Adjustment Expenses					
Increase (decrease) in provision for insured events	1,677,443	(24,098)			
Increase (decrease) in actuarially incurred but not					
reported claims (IBNR)	(1,692,638)	(563,061)			
Total Incurred Claims and Claims Adjustment Expenses	(15,195)	(587,159)			
Unpaid claims and claims adjustment expenses - June 30	\$ 6,344,805	\$ 6,360,000			
CLAIMS AND JUDGMENTS DUE WITHIN ONE YEAR	\$ 2,059,248	\$ 2,218,210			

### B. Workers' Compensation

The City is self-insured for workers' compensation claims up to \$1,000,000. For claims over \$1,000,000, the City has purchased excess workers' compensation insurance through CSAC-EIA, a California risk-sharing Joint Powers Authority. The claims are processed by a third-party administrator similar to general liability claims.

The City's premium for workers' compensation insurance coverage in Fiscal Year 2020-21 was \$309,659.

Within the City's self-insured program for workers' compensation, there has been an average of 313 claims filed per year for the past five years, with an average of approximately \$4,688,681 per year in total reported losses (an average of \$14,980 per claim). In addition, there have been no settlements that have exceeded the City's insurance coverage for each of the past three years.

The total unpaid claims and claims adjustment expense liability (long-term obligations) recorded at June 30, 2021 was \$28,919,771.

FOR THE YEAR ENDED JUNE 30, 2021

# IV. RISK MANAGEMENT (Continued)

# **B. Workers' Compensation (Continued)**

The following schedule presents the changes in self-insurance claims liabilities for the past two years:

	WORKERS'			
	COMPENSATION			
	FY 2020-2021	FY 2019-2020		
Unpaid claims and claims adjustment expenses - July 1	\$ 26,819,000	\$ 24,765,144		
Incurred Claims and Claims Adjustment Expenses				
Increase (decrease) in provision for insured events	3,112,932	9,350,774		
Increase (decrease) in actuarially incurred but not				
reported claims (IBNR)	(1,012,161)	(7,296,918)		
Total Incurred Claims and Claims Adjustment Expenses	2,100,771			
Unpaid claims and claims adjustment expenses - June 30	\$ 28,919,771	\$ 26,819,000		
CLAIMS AND JUDGMENTS DUE WITHIN ONE YEAR	\$ 5,855,740	\$ 5,702,371		

### V. OTHER INFORMATION

# A. Commitments and Contingencies

As of June 30, 2021, the City had significant construction commitments as follows:

	AMOUNT					
Governmental Activities	\$	168,387,651				
Water		48,435,935				
Wastewater		41,299,608				
Environmental Resources		5,325,941				
Information Systems		452,000				
TOTAL	\$	263,901,135				

# V. OTHER INFORMATION (Continued)

### A. Commitments and Contingencies (Continued)

The City uses "encumbrances" to control expenditure commitments for the year. Encumbrances represent commitments related to contracts not yet performed and purchase orders not yet filled. Commitments for such expenditures are encumbered to reserve applicable appropriations. As of June 30, 2021, total encumbrances for the governmental and proprietary funds are reported as follows:

	AMOUNT		
GOVERNMENTAL FUNDS			
General Fund*	\$	1,875,573	
Developer Fees		2,141,385	
State and Federal Grants		3,503,045	
Nonmajor Funds		6,731,108	
TOTAL GOVERNMENTAL FUNDS	\$	14,251,111	
PROPRIETARY FUNDS			
Water funds	\$	24,347,923	
Wastewater funds		6,603,379	
Environmental resources funds		11,386,687	
TOTAL PROPRIETARY FUNDS	<u>\$</u>	42,337,989	
TOTAL INTERNAL SERVICE FUNDS	<u>\$</u>	250,848	

<sup>\*</sup> Includes \$443,024 of Measure "O" Encumbrances

There are various lawsuits and claims pending against the City. Management believes that all contingencies requiring accrual or disclosure are reflected in these financial statements.

The City has received significant financial assistance from numerous federal and state agencies in the form of grants and entitlements. The disbursement of funds received under these programs generally require compliance with terms and conditions specified in the grant agreements and are subject to audit by grantor agencies. Any disallowed claims resulting from such audits could become a liability of the City. However, in the opinion of management, liabilities resulting from disallowed claims, if any, will not have a material effect on the City's financial position at June 30, 2021.

### V. OTHER INFORMATION (Continued)

#### **B. Risk and Uncertainties**

### **Measure M Litigation**

In City of Oxnard v. Starr, the City sought a court determination that Measure M, a voter initiative that rolled back wastewater utility rates adopted in 2016, was illegal because it would force the City to violate legal and contractual obligations. Following the adoption of Measure M, the court issued a temporary restraining order staying its enforcement, and the City subsequently adopted new wastewater rates that are currently in effect. The Ventura County Superior Court ruled against the City, and the City appealed that judgment. On October 13, 2020, the Court of Appeal issued an opinion reversing the trial court's ruling against the City. The proponent missed the filing deadline to petition the California Supreme Court to review the case and the Supreme Court denied proponent's request for relief from default. The Court of Appeal issued its remittitur on December 23, 2020. On July 14, 2021, the trial court denied proponent's motion for retrial and ordered the City is entitled to \$22,208 toward its costs. Entry of judgment is pending following the trial court's review of the form of judgment the City has prepared. With the case resolved in the City's favor, the City will not have to refund the amount of the increased rates collected while the temporary restraining order was in effect (up to \$5.9 million dollars).

### Standby Pay & Rate Litigation

Alvarez v. City of Oxnard is a putative class action lawsuit involving multiple City employees from the Streets, Fleet, Facilities and Parks divisions of the City who contend that the City violated state and federal wage laws by failing to pay them at the proper rate for "controlled standby hours" and because the City allegedly failed to pay the full amount of overtime wages or compensatory time-off credits pursuant to the Fair Labor Standards Act. In December of 2020, the court granted the Plaintiffs' motion for preliminary and conditional class certification. The parties reached an agreement during mediation on December 2, 2021. Amounts estimated to be paid out have been accrued at year end and are included in other liabilities. The agreement is in Federal Court pending approval, which is expected to occur by mid-2022.

### V. OTHER INFORMATION (Continued)

B. Risk and Uncertainties (Continued)

### **Multi-Agency Defendant Water Rate Litigation**

In February of 2020, the City was named with more than 80 other public agencies as a defendant in a lawsuit (Kessner et al. v. City of Santa Clara et al. (Santa Clara County Superior Court Case No. 20CV364054)) alleging the City's water rates violated Proposition 218 in that they exceed the cost of service and subsidize water service to government agencies, and irrigators, and public fire hydrant service. Plaintiffs filed a Second Amended Complaint on June 24, 2021, which alleges the same claims. Senate Bill 1386 ("SB 1386") was signed into law in 2020, which may assist the City in defending this case. SB 1386 adds provisions to the California Government Code establishing as declaratory of existing law that the costs of water service chargeable to property owners properly include the cost of infrastructure which provide fire protection for property. The litigation is at its earliest stages, and the City is vigorously defending the case and denies liability. As such, potential liability in the event of an adverse ruling against the City cannot be estimated at this time. The current round of briefings will test whether venue in Santa Clara County and joinder of all plaintiffs and defendants is proper. Decision on that phase is expected in early 2022. To the extent the complaint survives that briefing, an additional phase of briefing at the pleading stage is expected to occur in the first half of 2022.

#### C. Subsequent Events

In the preparation of these financial statements, the City considered subsequent events through December 30, 2021, which is the date these financial statements were available to be issued. No further events occurred through this date requiring disclosure.

FOR THE YEAR ENDED JUNE 30, 2021

### V. OTHER INFORMATION (Continued)

### D. Notes to the Financial Statements - Successor Agency

### a. Reporting Entity

On January 10, 2012, the City Council elected to become the Successor Agency for the former redevelopment agency in accordance with AB 1X 26 as part of City resolution number 14,135, to oversee the winding down of the agency's affairs and liquidation of the agency's assets effective February 1, 2012. AB 1484 essentially transferred authority over the Successor Agency to an Oversight Board, also established pursuant to AB 1X 26 and the California Department of Finance. As specified in California Senate Bill 107 and beginning on July 1, 2018, all Oversight Boards in the County were consolidated into one Oversight Board, the Ventura County Consolidated Oversight Board. The 7-member Oversight Board is comprised of representatives of the local agencies from Ventura County cities, special districts, and K-14 educational agencies. The County Oversight Board members have a fiduciary responsibility to holders of enforceable obligations, as well as to the local agencies that would benefit from property tax distributions from the former redevelopment project areas. Oversight boards direct the staff and approve the actions of the Successor Agency.

#### b. Cash and Investments

Cash and investments with fiscal agents of the Successor Agency are comprised of the following at June 30, 2021:

	FAIR
	 VALUE
Deposits and investments	\$ 6,736,841
Restricted investments with fiscal agents	 3,271,232
TOTAL	\$ 10,008,073

Detailed notes on cash and cash investments can be found in the City's notes to the financial statements.

#### c. Notes Receivable

Notes receivable consists of the following:

### **Description of Long-term Debt**

### Tax Allocation Refunding Bonds, Series 2004A

Tax Allocation Refunding Bonds, Series 2004A were issued on May 4, 2004 in the amount of \$19,185,000. These are twenty-two-year bonds with a net interest cost of 4.58%. The bonds were issued to refinance the Tax Allocation Refunding Bonds, Series 1994A and to finance additional redevelopment activities within the Central City Revitalization and Downtown Project Area. The balance outstanding as of June 30, 2021 is \$6,200,000.

As of June 30, 2021, the total future debt payments for the Tax Allocation Refunding Bonds, Series 2004A, including interest thereon, are as follows:

TAX ALLOCATION REFUNDING BONDS

FISCAL		2004A							
YEAR	PRINCIPAL	INTEREST	_	TOTAL					
2022	\$ 915,000	\$ 282,283	\$	1,197,283

    Description of Long-term Debt (Continued)

#### 2006 Tax Allocation Bond Financings

Local Obligation Revenue Bonds (2006 Tax Allocation Bond Financings) in the amount of \$20,530,000 were issued on December 1, 2006 to purchase the following obligations being issued simultaneously for: (1) the Oxnard Community Development Commission Ormond Beach Project Area Tax Allocation Bonds, Series 2006 in the amount of \$5,750,000; (2) the Oxnard Community Development Commission Southwinds Project Area Tax Allocation Bonds, Series 2006 in the amount of \$3,290,000; and (3) the Oxnard Community Development Commission Historic Enhancement and Revitalization of Oxnard (HERO) Project Area Tax Allocation Bonds, Series 2006 in the amount of \$11,490,000. The bonds were issued to finance redevelopment activities (street improvement projects) in the Ormond Beach Project Area, Southwinds Project Area and the HERO Redevelopment Project Areas. These bonds carry a net interest cost of 4.424%, maturing on September 1, 2036. The outstanding balance as of June 30, 2021 is \$13,705,000.

As of June 30, 2021, the total future debt payments for the Tax Allocation Bonds, Series 2006, including interest thereon, are as follows:

### Tax Allocation Bonds, Series 2008

Tax Allocation Bonds, Series 2008 were issued on July 1, 2008 in the amount of \$11,790,000 for the Oxnard Community Development Commission Historic Enhancement and Revitalization of Oxnard (HERO) Project Area. Proceeds from the sale of bonds are to be used to finance a 500-space parking structure to service a mixed-use retail/commercial development located within the River Park Specific Plan Area. These bonds carry a net interest cost of 4.849%, with a final maturity of September 1, 2038. The outstanding balance as of June 30, 2021 is \$9,220,000.

As of June 30, 2021, the total future debt payments for the Tax Allocation Bonds, Series 2008, including interest thereon, are as follows:

FOR THE YEAR ENDED JUNE 30, 2021

### V. OTHER INFORMATION (Continued)

### D. Notes to the Financial Statements - Successor Agency (Continued)

### f. Arbitrage

The Tax Reform Act of 1986 instituted certain arbitrage restrictions with respect to the issuance of tax exempt bonds after August 31, 1986. Arbitrage regulations deal with the investment of all tax exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable rebates are not reported and paid to the Internal Revenue Service (IRS) at least every five years. During the current year, the City performed calculations of excess investment earnings on various bonds and financings. Liabilities were calculated for the issues and rebate payments were made as appropriate. No arbitrage liability existed at June 30, 2021.

The Successor Agency is in compliance with all significant covenants related to its debt issues.

### g. Commitments and Contingencies

The Successor Agency is a defendant in various claims and legal actions arising in the normal course of operations. In the opinion of the Successor Agency Attorney and Oversight Board, the ultimate liability from such actions and claims will not have a material adverse effect on the Successor Agency's financial position or operations.

The Successor Agency entered into an agreement with a developer that includes a guarantee to cover its lease expense up to \$111,300 a month when the developer's revenues are not sufficient to cover its lease expense for a period of 25 years.

The Successor Agency has a reimbursement agreement with the developer of RiverPark to reimburse public improvements (up to \$10 million) and affordable housing (up to \$4.25 million) for a combined maximum of \$14.25 million. Through June 30, 2021, a total of \$6.0 million has been repaid on the \$10 million infrastructure amount, and a total of \$2.7 million repaid on the \$4.25 million affordable housing amount. Therefore, the remaining balance on the combined maximum commitment is \$5.6 million.

# E. Notes to the Financial Statements - Retirement Enhancement Defined Benefit Retirement Trust Fund

The City joined the Retirement Enhancement Plan (REP) effective January 1, 2003 for selected employee groups (see Note III for additional information on REP). Investments for the benefit of eligible employees are in a segregated account and invested under the guidelines authorized by the City.

<sup>1</sup> GASB Statement No. 68, which requires ten years of history for this schedule, was implemented during fiscal year ended June 30, 2015. Additional Years will be added as they become available in the future.

#### Notes to Schedule:

Benefit Changes: The figures above do not include any liability impact that may have resulted from plan changes, which occurred after June 30, 2017. This applies for voluntary benefit changes as well as any offers of Two Year Additional Service Credit (a.k.a Golden Handshakes).

Changes of Assumptions: None in 2019 and 2020. In 2018, demographic assumption and inflation rate were changed in accordance to the CalPERS Experience Study and Review of Assumptions December 2017. There were no changes in the discount rate. In 2017, the discount rate was reduced from 7.65 percent to 7.15 percent. In 2016, there were no changes. In 2015, amounts reported reflect an adjustment of the discount rate from 7.5 percent (net of administrative expense) to 7.65 percent (without a reduction for pension plan administrative expense). In 2014, amounts reported were based on the 7.5 percent discount rate.

During Fiscal Year 2017-18, as a result of Governmental Accounting Standards Board Statement (GASB) No. 75, Accounting and Financial Reporting for Postemployment Benefit Plans Other than Pensions (GASB 75), CalPERS reported its proportionate share of activity related to postemployment benefits for participation in the State of California's agent OPEB plan. Accordingly, CalPERS recorded a one-time expense as a result of the adoption of GASB 75. Additionally, CalPERS employees participate in various State of California agent pension plans and during Fiscal Year 2017-18, CalPERS recorded a correction to previously reported financial statements to properly reflect its proportionate share of activity related to pensions in accordance with GASB Statement No. 68, Accounting and Financial Reporting for Pensions (GASB 68).

<sup>&</sup>lt;sup>3</sup> Includes any beginning of year adjustment.

<sup>&</sup>lt;sup>4</sup> For the year ended on the measurement date. Includes one year's payroll growth using 2.75 percent payroll growth assumption for fiscal years ended June 30, 2018-19; 3.00 percent payroll growth assumption for fiscal years ended June 30, 2014-17

<sup>1</sup> GASB Statement No. 68, which requires ten years of history for this schedule, was implemented during fiscal year ended June 30, 2015. Additional Years will be added as they become available in the future.

#### Notes to Schedule:

Benefit Changes: The figures above do not include any liability impact that may have resulted from plan changes, which occurred after June 30, 2017. This applies for voluntary benefit changes as well as any offers of Two Year Additional Service Credit (a.k.a Golden Handshakes).

Changes of Assumptions: None in 2019 and 2020. In 2018, demographic assumption and inflation rate were changed in accordance to the CalPERS Experience Study and Review of Assumptions December 2017. There were no changes in the discount rate. In 2017, the discount rate was reduced from 7.65 percent to 7.15 percent. In 2016, there were no changes. In 2015, amounts reported reflect an adjustment of the discount rate from 7.5 percent (net of administrative expense) to 7.65 percent (without a reduction for pension plan administrative expense). In 2014, amounts reported were based on the 7.5 percent discount rate.

<sup>&</sup>lt;sup>2</sup> For the year ended on the measurement date.

GASB Statement No. 68, which requires ten years of history for this schedule, was implemented during fiscal year ended June 30, 2015. Additional Years will be added as they become available in the future.

During Fiscal Year 2019-20, the City moved the supplemental pension plan from PARS to Mass Mutual. The plan is a single-employer plan, which triggered the presentation and valuation requirements from <sup>2</sup> GASB 67, *Financial Reporting for Pension Plans*. To present the plan in accordance with GASB 67 and GASB 68, an actuarial adjustment was recorded to change the measurement date and valuation date of the plan. The measurement date and valuation date are now the same date.

#### Notes to Schedule:

Benefit Changes: The figures above do not include any liability impact that may have resulted from plan changes, which occurred after June 30, 2017. This applies for voluntary benefit changes as well as any offers of Two Year Additional Service Credit (a.k.a Golden Handshakes).

<sup>&</sup>lt;sup>3</sup> For the year ended on the measurement date.

GASB Statement No. 68, which requires ten years of history for this schedule, was implemented during fiscal year ended June 30, 2015. Additional Years will be added as they become available in the future. As prescribed by GASB 68, paragraph 46, the information presented in the Schedule of Plan Contributions should also be presented as of the employer's most recent fiscal year-end. The employer is responsible for determining this information as prescribed by the standard as this data is not available to CalPERS.

<sup>&</sup>lt;sup>2</sup> Employers are assumed to make contributions equal to the actuarially determined contributions. However, some employers may choose to make additional contributions towards their unfunded liability. Employer contributions for such plans exceed the actuarially determined contributions.

<sup>&</sup>lt;sup>3</sup> For the year ended on the measurement date. Includes one year's payroll growth using 2.75 percent payroll growth assumption for fiscal years ended June 30, 2018-19; 3.00 percent payroll growth assumption for fiscal years ended June 30, 2014-17.

# SUPPLEMENTARY INFORMATION

#### **General Fund Group Funds**

The general fund accounts for a government's main operating fund.

**General Fund** - This fund is used to account for all financial resources traditionally associated with government activities that are not required legally to be accounted for in another fund. Principal sources of revenues are property tax, sales tax, transient occupancy (hotel) tax, business license tax, franchise fees, licenses and permits, and State shared revenues and billings for outside and interfund services. Expenditures in the General Fund primarily consist of general administration, police and fire protection, parks and streets maintenance, recreation and transportation services, and community development.

Half Cent Sales Tax "Measure O" Fund – On November 4, 2008, Oxnard voters approved a general purpose sales tax for one half cent for twenty years. Its purpose is "to protect, maintain, and enhance vital City services including police, fire and emergency response, increasing street paving and sidewalk/pothole repair to improve traffic flow, expanding youth recreation, afterschool and anti-gang prevention programs, acquiring property for parks/open space preservation, upgrading storm water drains, improving senior services, increasing building code compliance, and other general City services."

**Street Maintenance Fund** - This fund is used for the reimbursement of costs imposed by the City's utility enterprise funds (water, wastewater, environmental resources) on the public right-of-way.

**Performing Arts & Convention Center Fund -** This fund accounts for the City's cultural activities related to artistic and recreational performances. Revenues are derived mainly from admission tickets and contributions from patrons. These revenues are used to pay for operating expenditures, capital improvement projects, acquisition of equipment and sound systems.

**Other General Funds –** These funds account for Oxnard Police Department Training program, system payroll control, donations to the City from private parties for specified purposes and developer deposits.

# NONMAJOR GOVERNMENTAL FUNDS

#### **Nonmajor Governmental Funds**

Special revenue funds are used to account for the proceeds of specific revenue sources (other than capital outlay and debt service funds that are legally restricted to expenditures for particular purposes).

**HUD and CDBG Grants Fund** - This special revenue fund is used to account for federal entitlement that is used to provide housing loans to low/moderate income families and community development block grants to develop viable urban communities.

**Public Safety Retirement Fund** - This special revenue fund is used to account for voter-approved property tax for public safety uniformed employees' retirement.

**State Gas Tax Fund -** This special revenue fund is used to account for the allocated share of Gas Tax Revenue. Spending of gas tax is legally restricted to be used for maintenance and improvement of public streets.

**Debt Service Fund -** This fund accounts for the accumulation of resources and payments of principal and interest of the City's general long-term debt.

**Capital Outlay Fund** - This fund accounts for financing and construction of general government capital projects.

**Certified Unified Program Agencies (CUPA) Fund** - This special revenue fund is used to account for fees collected for regulation and management of hazardous materials in the City. Fees are to be used in the administration of the CUPA program.

**Traffic Safety Fund** - This special revenue fund is used to account for shared revenues received from fines and forfeitures under the State of California Vehicle Code. Fund is restricted to be expended only for improvement and maintenance of traffic control equipment/devices.

**Transportation Development Fund** - This special revenue fund is used to account for Transportation Development Act revenues and to be used for street maintenance and road improvements, and construction of pedestrian and bike facilities.

**Maintenance Assessment Districts** - This special revenue fund is used to account for assessment revenues and expenditures related to waterways and landscape maintenance of various district areas in the City.

# INTERNAL SERVICE FUNDS

#### **Internal Service Funds**

Internal Service Funds are established to account for goods and services provided by one City department to other City departments or related entities, generally on a cost-recovery basis.

**Public Liability and Property Damage Fund** - This fund is used to account for the City's self-insurance program of providing public liability and property damage insurance coverage and claims adjustment services to the City's operating funds.

**Workers' Compensation Fund** - This fund is used to account for the City's self-insurance program for workers' compensation claims.

**Utility Customer Services Fund** - This fund is used to account for the costs associated with administering the operation of the Customer Services Division and to distribute these costs to the various City utilities such as water, sewer, and refuse.

**Information Services Fund** - This fund is used to account for the costs associated with the City's information technology and financial systems and to distribute these costs to the departments using the systems on a pro-rata basis. Included are costs for hardware and software maintenance, cloud computing and computer operation costs, and some centralized supplies.

**Facilities Maintenance Fund** - This fund is used to account for the operation and maintenance of City facilities, properties, and related capital projects.

**Equipment Maintenance Fund** - This fund is used to account for automotive fleet maintenance and services provided to City departments.

# STATISTICAL SECTION

## Statistical Section (Unaudited)

#### **Financial Trends**

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Schedule I Net Position by Component Schedule II Changes in Net Position

Schedule III Fund Balances of Governmental Funds

Schedule IV Changes in Fund Balances of Government Funds
Schedule V Government Activities Tax Revenue by Source

#### **Revenue Capacity**

These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.

Schedule VI Assessed Value and Estimated Value of Taxable Property

Schedule VII Direct and Overlapping Property Tax Rates

Schedule VIII Principal Property Taxpayers

Schedule IX Property Tax Levies and Collections

#### **Debt Capacity**

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Schedule X Ratios of Outstanding Debt by Type

Schedule XI Direct and Overlapping Government Activities Debt

Schedule XII Legal Debt Margin Information Schedule XIII Pledged Revenue Coverage

#### **Demographic and Economic Information**

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Schedule XIV Demographic and Economic Statistics

Schedule XV Principal Employers

#### Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Schedule XVI Operating Indicators by Function

Schedule XVII Capital Assets by Function

Schedule XVIII Full-time Equivalent City Government Employees by Function

NOTE:

- (1) The passage of Proposition 13 on June 6, 1978 established a maximum countywide levy of 1% of market value or \$1.00 per \$100 of assessed value.
- (2) Total Direct Rate is the weighted average of all individual direct rates applied by the Entity preparing the statistical section and excludes revenues derived from aircarft. Beginning in 2013/14 the Total Direct Rate no longer includes revenue generated from the former redevelopment tax rates. Challenges to recognized enforceable obligations are assumed to have been resolved during 2012/13. For report purposes, residual revenue is assumed to have been distributed to the City in the same proportion as General Fund Revenue.
  Total Direct rate as presented is the Basic Levy plus Direct Debt Service.
- (3) The school district rates are for applicable school districts
- (4) Overlapping rate for Metropolitan Water District and Calleguas Muni Water Annex#16. Reflects actual overlapping rate. Not all overlapping rates apply to all city property owners.
