Table 1 - Expected Resources – Priority Table

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The jurisdictions leverage federal resources against other sources of federal, state, local, and private funding to maximize the impact of CDBG, HOME, and ESG funds. Leveraging varies from activity to activity depending on the project scope. For instance, the Federal Low-Income Housing Tax Credit (LIHTC), historic tax credits, and various affordable housing loan and grant products from the CA Department of Housing and Community Development and the Federal Home Loan Bank can be leveraged with HOME funding to develop affordable housing.

Although the CDBG program does not require a match, the HOME program and the ESG program require funding match. The HOME program requires a 25 percent non-federal cash or non-cash match of the annual grant amount or entitlement, less 10 percent for administration and five percent for Community Housing Development Organization (CHDO) operating support.

ESG match is required on a one-to-one basis (100 percent match). ESG grantees report required match detail to the Ventura County Continuum of Care (CoC) on a monthly or semi-annual basis. Matching contributions from ESG grantees (cash or non-cash) may be obtained from any source, including any federal source other than the ESG program, as well as state, local, and private sources, per 24 CFR 576.201.

DRAFT

If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

Most County-owned property is used to house County operations or is deed-restricted, limiting its feasibility for new uses. The County has been evaluating land it owns, as it becomes available, for the purpose of providing affordable housing and will continue to consider land that is deemed as surplus for the needs identified in the Regional Consolidated Plan. The County has initiated the use of a surplus building in San Buenaventura for a year-round emergency shelter for homeless persons. The building is currently being renovated and is expected to begin serving clients early in 2020. Additionally, late in 2019 the County released a Request for Qualifications and Concept Proposals for a County-owned property located in the unincorporated area for an affordable housing development, with a permanent supportive housing component.

Discussion

Anticipated CARES Act funding is included in "Other" section in table above, \$3,088,367 in CDBG-CV funds to be used to prevent, prepare for and respond to the coronavirus and \$5,255,055 in ESG-CV funding to prevent, prepare for, and respond to the coronavirus pandemic among individuals and families who are homeless or receiving homeless prevention activities to mitigate the impacts of COVID-19.

Table 3 - Project Information

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The allocation priorities are based on the annual needs identified in coordination with other city departments. Public service allocations are determined by the participation from other providers to meet the goals of the ConPlan. HOME funds are balanced between development projects and single family housing needs. HESG allocation are targeted exclusively for the needs of the homeless population.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The primary national objectives of the ConPlan programs are to benefit LMI residents, therefore, the City's CDBG funds will be targeted to extremely low, low, and moderate-income persons. The City has traditionally dedicated 100 percent of its CDBG resources to activities that exclusively benefit LMI persons. CDBG funds will be used to serve the LMI persons Citywide and in Low-Moderate Areas (LMA). This trend is expected to continue in PY 2020. Also, the City will continue to assist the low-income persons citywide with HOME and HESG funds. The target areas are: (1) Citywide, with 89 percent of the total entitlement funds; and, (2) the LMA Census Tract, 11 percent. The total entitlement includes the administration and planning funding.

Geographic Distribution

Target Area	Percentage of Funds
NA	NA

Table 4 - Geographic Distribution

Rationale for the priorities for allocating investments geographically

The need for affordable housing (funded from CDBG and HOME) is present throughout the City. CDBG funds for direct benefit category-capital improvements and code enforcement are allocated based on the percentage of LMI persons within the LMA neighborhoods. Regarding the Public Services category of the CDBG funds, the proposed projects will focus on the basic needs of the residents such as health care, essential and supportive services, as well as housing services. The special population such as seniors, homeless and youth will continue to receive their funding for the healthcare needs, nutrition needs, education needs, shelter support and recreational needs.

HESG allocations are based on the limited clientele are distributed citywide.

HOME funds are distributed based on the income eligibility of the clients and citywide basis. These allocations also cover designated areas targeted by Code Compliance efforts to reduce and eliminate the deterioration of the areas through the Homeownership program as well as the Housing Rehabilitation program: homeowners will improve the beautiful appearance of the home and the safety of the

neighborhood.

Discussion

As always, the City of Oxnard will continue to look for available public and private resources and creative ways to fund the needy programs.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

HOME affordable housing loans for down payment assistance or rehabilitation will leverage affordable housing loan programs, funded by State of CA, such as BEGIN and CAL-HOME. HOME development financing assistance will leverage development funds from State of California, developer equity, private financing, and tax credit financing.

Lower-income households continue to pay a high percentage of their income for housing, compared to other income groups. A large percentage of lower-income renters tend to experience overcrowding and inadequate housing conditions as housing problems. In order to help provide decent and affordable housing, and improve the social and economic status for LMI households in Oxnard, the following programs will be available during the next program year:

1. First time Homebuyer Loan Program
2. Homeownership Assistance Program
3. Rehabilitation of Single-Family and Mobile home Housing Units
4. Rehabilitation of Housing Rental Units
5. Construction of new affordable dwelling units
6. Preservation of 520 public housing rental units and 1,840 Section 8 vouchers (including 15 set aside vouchers for homeless persons and 67 VASH vouchers for veterans)

Discussion

City of Oxnard's Affordable Housing Division (AHRD) offers HOME grant funds to finance homebuyer assistance and rehabilitation of owner-occupied single family housing for local residents. AHRD will also continue to provide financial assistance to Community Housing Development Organizations (CHDO) to develop affordable housing units throughout the City subject to available funding and as permitted by the funding source. Loan information is provided to interested residents at homeownership fairs, workshops, and on the City of Oxnard's Housing Department website.

AP-60 Public Housing – 91.220(h)

Introduction

Oxnard Housing Authority (OHA) currently administers 520 public housing units, 1,840 Section 8 rental assistance vouchers, which includes 67 VASH vouchers and provides support services through its Resident Services program and Family Self-Sufficiency (FSS) program. The needs of public housing residents are supported with a Resident Services program which offers a variety of services to families and youth on-site. The FSS program supports and promotes public housing and Section 8 families with homeownership opportunities and economic self-sufficiency. The FSS Program provides one-on-one counseling and individual assistance to families that participate in this program. Marketing flyers for the residential rehabilitation program and the home buyer program are also available in the City's Housing Department lobby.

Actions planned during the next year to address the needs to public housing

Modernization projects for the public housing units, where most needed, are funded through its Capital Fund program. Every 5 years the Capital Fund program conducts a PNA (Physical Need Assessment) throughout the entire housing units and sends out survey questionnaires to the residents to assess the physical deficiencies in their units. It also collects input from Maintenance and Public Housing Staff. All the collected deficiencies get translated into capital improvement projects and get tabulated into a 5 year action plan. Each year, in its Annual Plan and Statement, Capital Fund re-prioritizes those projects identified in the 5 year plan.

For Fiscal year 2020/21, the following capital improvement projects for public housing units are planned:

Cal 31-2 (Felicia Court) Roofing	\$250,000
Exterior Doors	\$220,000
Cal 31-8 (Palm Vista) Boiler Replacement	\$ 10,000
Cal 31-5 (Plaza Vista) Kitchen Cabinets	\$175,000
Cal 31-7 (Scattered sites) Kitchen Cabinets	\$350,000
Building Improvements	\$ 10,000
Total Planned projects for 2020	\$1,015,000

In 2019, the Oxnard Housing Authority retired 144 public housing units, the impacted public housing residents were issued Section 8 Project Based Vouchers for the Las Cortes Project and any remaining families were given Section 8 tenant based vouchers to relocate to a unit in the private market.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

Homeownership opportunities are promoted by offering public housing families homeownership counseling services by Ventura County Community Development Corporation (VCCDC). In addition, families are informed of these services through its Family Self-Sufficiency Program and distribution of fliers to all households.

Public housing residents are encouraged to participate in public housing tenant associations that advocate on behalf of tenants to support efforts to improve public housing stock and living conditions.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

Discussion

In order to respond to the increasing need for affordable housing units within the community, OHA and the Housing Department will continue to seek new resources of financing new housing development projects and partnering with developers, owners, and CHDO's.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

Jurisdictions that receive federal funds for homeless assistance are required to conduct a Point In Time Count (PIT) of homeless persons each year. The 2020 PIT count was conducted on January 29, 2020.

The "Ventura County 2020 Homeless Count and Subpopulation Survey: Final Report", published in April 2020. The report is at the following website:

<https://s333020.pcdn.co/wp-content/uploads/2020/04/2020-VC-Homeless-Count-Report-Final.pdf>

In summary, the PIT count is a snapshot of homeless people who could be enumerated on one specific day. The 2020 PIT counted a total of 379 unsheltered homeless persons in Oxnard.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

In the previous twelve months the City of Oxnard established a year around homeless shelter and navigation center located on K Street in Oxnard. The City of Oxnard contracted Mercy House to operate the navigation center. The navigation center will continue its operation for the next twelve-month period and beyond. Oxnard has launched an effort to develop a new construction mixed-use development that will include a new and replacement navigation center and 110-bed homeless shelter plus other support services and fifty-four units of permanent supportive housing. We expect that this new project will be in operation within thirty-six months and will maintain the interim operation on K Street until relocation is possible.

During the next year, Oxnard will engage a new street outreach team to offer navigation for basic needs, services and shelter. The street outreach team will coordinate with Mercy House and the Oxnard Navigation Center as well as the Homeless Liaison Officers with the Oxnard Police Department.

Addressing the emergency shelter and transitional housing needs of homeless persons

The emergency shelter and transitional housing needs of homeless persons are currently being addressed by several service providers throughout Ventura County. The emergency shelter needs in the area are met by the following providers: Mercy Housing in operation of the Oxnard Navigation Center,

Ventura County Rescue Mission - single men over the age of 18 with rotating stay schedule, 10 nights in/5 nights out; Kingdom Center - emergency shelter for single women and women with children; Lighthouse Mission for Women and Children - single women and women with children; and Turning Point Foundation - mentally ill individuals.

Transitional housing needs are currently being met by the following providers: Kingdom Center - single women and women with children; Khepera House - single men; Many Mansions - transition aged youth, single women and women with children; Turning Point Foundation - single mentally ill persons; Salvation Army - families, single parents and single persons; VC-HSA - families, single parents and children, and single persons; Project Understanding - families and single parent households.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

There are many providers that are working diligently to assist homeless persons from not only finding housing, but also to prevent further incidents of homelessness. The Oxnard Housing Authority has created a homeless preference in issuance of Housing Choice Vouchers and is actively offering permanent housing opportunities. During the 2019 – 2020 fiscal year the Oxnard Housing Authority expects to house fifty otherwise homeless families with the use of Housing Choice Vouchers.

The Ventura County Human Services Agency utilizes both County General Funds and the City's Emergency Solutions Grant to provide eviction prevention and rapid re-housing services to all of these populations; they will continue to do this in the forthcoming operating year. Additionally, Ventura County Veterans Services, Homeless Health Care and Ventura County Behavioral Health all work closely with the service providers to provide other supportive services to assist in reducing the incidence of homelessness as they have also done in the recent past.

OHA works in conjunction with the Veteran Administration to administer 67 housing vouchers for homeless veterans under the VASH program. This program targets chronically homeless veterans.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities,

foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The CoC has documented discharge policies of all of the above mentioned services that spell out various directions to ensure persons are not discharged into homelessness. Additionally, as stated earlier, HSA works with qualifying low-income persons and families to avoid homelessness. This is done with the utilization of HESG and Ventura County allocated general fund dollars. Under the CoC discharge policy, in fulfilling the State Mandated Policy (state law related to the discharge protocol), the following are found:

1. **Health Care Facilities:** the County health care system describes the discharge policy as interdisciplinary responsibility. For the persons who require ongoing medical and nursing care and who have no identifiable address they may be discharged to a respite program at the RAIN project, a County operated transitional housing project. Others, upon discharge routinely go to group homes, board and care facilities, or reunite with families and friends.
2. **Mental Health Facilities:** the Ventura County Medical Center Psychiatric Inpatient Unit with the collaboration of Ventura County Behavioral Health and various community agencies provide discharge planning and placement assistance to patients, when leaving the mental health facilities.
3. **Foster care and other youth facilities:** the goal is to provide assisted services to eligible youth and young adults between the ages of 16 and 21 in making a successful transition from foster care to independent living and achieve self-sufficiency. In addition to the County Children and Family Services, a Transitional Age Youth (TAY) center, operated by Pacific Clinic is also available.
4. **Corrections programs and institutions:** upon release, inmates are able to obtain housing in transitional and permanent housing programs, group homes, and sober living homes as well as with family and friends.

Discussion

The CoC has incorporated each of the following goals of Opening Doors into its 20-year plan to end homelessness:

1. Ending chronic homelessness through targeted street outreach (CDBG-Community Action-One Stop Shelter, CoC-Oxnard Homeless Outreach Program, VCHSA-Rapid Re-housing, HESG-Winter Warming Shelter), discharge planning and implementation of a housing first approach.

2. Preventing and ending homelessness among veterans by providing permanent supportive housing beds, in addition to Section 8 HUD VASH vouchers.
3. Preventing and ending homelessness for families, youth, and children by 2020 through rapid rehousing program and homeless prevention activities. The CoC set a path to ending all types of homelessness in its 10-year plan by implementing a coordinated assessment system-Pathways to Home. As a result, the number of chronic homeless, veterans, families, and youth continue to demonstrate positive results.
4. All of the above objectives are still in progress and will be folded into a regional plan and strategy lead by the County of Ventura.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction:

Barriers or constraints to the affordability of housing exist in many forms. A particular building code that to one sector might be interpreted as a “negative” public policy that acts as a barrier to affordable housing may to another sector be seen as a life-saving necessity – for example, seismic safety construction requirements. The same can be said for zoning and land use regulations. It should be noted that in Ventura County, local growth limitations have been adopted by direct ballot measures. Some of these measures entail costs which can affect housing supply and the cost of housing that is produced.

Barriers to exit homelessness include the lack of a permanent, year round shelter and the lack of housing units for those at the very low- and low- income spectrum. Because of the high cost to develop housing for these populations and limited public funding to subsidize the development of new affordable housing units, developers often do not have the resources to develop the number of units necessary to house this population. When this occurs, badly needed units go undeveloped, thus further limiting housing opportunities for those hardest to house.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Environmental review, general planning, zoning, and related local land use regulations and development standards are all extensions of local government police powers to protect life and property, minimize nuisances, and achieve a desired quality of life as expressed through a participatory democratic process. Certain barriers to affordability are imposed by the mandates created by State Law (such as preparing and adopting a General Plan and conducting environmental reviews), are adopted for safety or civil rights reasons (such as the imposition of seismic construction standards in quake-prone areas, or requiring compliance with accessibility or visitability design standards), or enacted to remedy or prevent a specific local issue (such as requiring landscaping to deter graffiti). The term “barrier” should not be interpreted in the context that local development standards and development review procedures are inhibiting the provision of quality affordable housing that would otherwise be developed, but are the cumulative effect of the development requirements imposed by the layers of government regulations

and laws that impact residential development.

Discussion:

The City strives to consistently implement all policies and procedures, to review local development standards and development review procedures in such a way as to avoid and ensure that such do not have unintended negative consequences, and to improve policies and procedures so as to increase the opportunities and feasibility of developing affordable housing, especially for special needs and very low- and low-income units). The City will continue to engage in these efforts to identify and minimize any barriers over which the City has legal authority, in accordance with applicable law.

DRAFT

AP-85 Other Actions – 91.220(k)

Introduction:

The City will implement the goals and strategies of the Consolidated Plan to achieve the other actions listed in the next section.

Actions planned to address obstacles to meeting underserved needs

The City will continue to utilize available resources to fund administrative support activities to meet the underserved needs in the community. The City will continue to work with the appropriate state agencies to administer the assets of the former redevelopment agency in the appropriate manner, and to the benefit of the LMI community whenever possible and feasible. Limited availability of funding from federal, state and other sources;

- High cost of housing and provisions in the area which increases the difficulty of meeting affordable housing needs;
- Reduced or frozen funding from state and other sources due to inadequate state revenue; the housing and credit crisis causing a negative effect;
- A tight job market has produced an increased demand for production of new housing which is not being met, increasing home prices. Salaries are not commensurate with the high cost of housing in this market. These two factors combine to exacerbate the affordability crisis; and,
- Credit crisis has limited the availability of capital to develop housing for low-and moderate-income households and special needs groups.

City staff will address the challenges of existing and new obstacles in PY 2020 by focusing on the following programmatic and administrative areas: Staff will continue to research the availability of future funding resources that leverage the development of affordable housing units, inclusive of grants, bond financing, Section 108 funding and partnering with other affordable housing developers. CDBG and other funds will be used to fund administrative support for programs that serve the needs of LMI citizens citywide. This is especially critical now that no redevelopment agency funding is available, given that redevelopment agencies no longer exist in California. Staff will continue to collaborate with private-sector partners when appropriate in the development and construction of affordable housing. Staff will continue to collaboratively work with the service provider community, non-profit organizations, and neighboring cities and local governmental agencies within the County of Ventura to identify projects that also meet federal community development program eligibility and which can

comply with timely draw-down requirements.

Actions planned to foster and maintain affordable housing

The City utilizes its Inclusionary Housing Program to provide significant numbers of affordable housing units. To ensure that Oxnard has enough opportunity sites suitable for residential development and to meet the remaining RHNA affordable allocation of 2,497 lower income and moderate units and 53 above moderate income units, the City is relying on the following:

- The All Affordable Housing Opportunity Program (AAHOP) and Affordable Housing (AH) additive zone (see Supplement 2) with an inventory of 2,067 units on 38 AAHOP sites
- 66 Vacant and Underutilized Sites (see Supplement 2)

The City of Oxnard has adopted several ordinances that establish inclusionary affordable housing requirements for new developments. Relevant ordinances are City Council Ordinances 2721 and 2615. The Inclusionary Housing Program provides for in-lieu fee payments that can replace the on-site units within a development subject to approval by the City Council. The City is currently in the process of completing a study to increase the City's in-lieu fee. In-lieu fees for development project are as follows:

For-Sale Units: If the in-lieu request is granted, the developer is required to make a payment of 1 percent of the sales price of each for sale unit in the project based on increments of \$50,000, with a minimum payment of \$5,000 for each unit.

Rental Units: A payment is required for each rental unit. The price is adjusted every six months by the percentage increase or decrease for the previous six months as determined by the Los Angeles Riverside-Orange County Consumer Price Index for all urban consumers.

The City Council generally prefers on-site affordable housing as opposed to payment of in-lieu fees. A project that is approved for in-lieu payments has usually agreed to another public benefit through a Development Agreement that justifies the in-lieu payment. In-lieu payments are made when the developer applies for building permits for the approved units. The in-lieu fees collected provide funding support in the form of developer loans to new affordable housing projects and are almost always

leveraged with other funding sources. The current in-lieu fund balance is approximately \$2.8 million.

Possible incentives may include, but are not limited to, the following:

- Assistance with accessing and applying for funding (based on availability of federal, state, local foundations, and private funds)
- Mortgage-subsidy or down payment assistance programs to assist first- time homebuyers and other qualifying households, when such funds are available
- Expedited/streamlined application processing and development review
- Modification of development requirements, such as reduced setbacks and parking standards on a case-by-case basis
- Density bonus

Actions planned to reduce lead-based paint hazards

The City will coordinate activities with the County of Ventura Department of Health and Human Services to reduce lead-based paint hazards in accordance with federal regulations. Any rehabilitation activities on housing units constructed prior to 1978 will have lead hazards identified and actions taken to remove the hazard. The City's Affordable Housing Division does not own or manage any housing units. All units for which HOME and CDBG assistance is provided for homebuyer assistance or homeowner rehabilitation are administered in compliance with HUD's HOME or CDBG regulations for lead-based paint, as applicable. With respect to units owned or assisted by the Oxnard Housing Authority, there have been no cases of Public Housing tenants and/or Section 8 participant households reporting or having been discovered to have poisoned children or any child with "Elevated Blood Lead Level". OHA staff provides a brochure related to lead based paint hazards to all new tenants and program participants. Maintenance staff attends training and seminars to stay current with the State of California Lead Awareness Training requirements.

Actions planned to reduce the number of poverty-level families

Eliminating poverty is a clear concern in Oxnard and Ventura County in general. Efforts are constantly underway to improve the quality of life and economic well-being of the residents through collaborative efforts of the following agencies and their programs to provide needed skills for individuals seeking jobs

and thereby getting them out of poverty:

- City Corp
- Community Action of Ventura County
- Oxnard Housing Authority
- County of Ventura-Human Services Agency
- City's youth programs such Police Activities League programs, Colonia Gymnasium, Colonia Recreation Center and Boxing programs

Actions planned to develop institutional structure

Extensive public and private partnerships have been established and organized to address the City's housing, homeless, and community development needs: Entitlement Grants workshops and training, Affordable Housing workshops for homeowners, Relocation meetings for residents, Fair Housing training and other scheduled meetings (such as Pre-construction meetings, Commission on Homelessness meetings, and meetings with County Continuum of Care Council, Housing Committee meetings).

Actions planned to enhance coordination between public and private housing and social service agencies

The City will continue to collaborate with public and private housing and social service agencies to meet the goals and objectives of the Consolidated Plan. This could be from ongoing meetings, special meetings and task force.

Discussion:

The City anticipates significant numbers of inclusionary affordable housing to be developed within several proposed specific plans and other new projects. Based on a thorough review, the City does not believe that the current inclusionary housing program is a constraint to the development of housing in addition to the incentives and concessions currently being offered and conversations with local developers who have been able to work within the requirement of the inclusionary housing program and produce housing. To further ensure the program does not pose a constraint, the City has included a monitoring process.

Other actions that the City of Oxnard will continue to improve compliance assessment for all its HUD funded programs and projects by 1) monitoring program and financial performance; 2) compliance with Environmental review: each project is reviewed for compliance with the National Environmental Protection Act. The City has a consulting agreement with Rincon to assist and perform the

environmental reviews for housing developments and facility improvement projects, more complicated, and time consuming projects; 3) Labor Compliance Act: the City reviews and perform the contract administration of all CDBG-funded construction projects; 4) Section 3 Compliance: this function is also performed by the City; 5) Procurement and Purchasing: The City has its own procurement and purchasing policies managed by staff in the Finance Department; 6) Partnerships with Citizen Advisory Groups: Inter-Neighborhood Council Forum, Commission on Homelessness, Parks and Recreation and Community Services Commission, Mobilehome Park Rent Review Board, and Senior Services Commission.

Program Specific Requirements

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction:

In addition to the 20% cap for Administration, the City of Oxnard also allocates 15% of 2020 CDBG funds for public services such as recreation programs for youth, homeless services, senior services and fair housing activities. The balance of the funds will be allocated to housing activities, code compliance and public facilities and improvements. In the event of an emergency (such as an earthquake, flooding, or hurricane ...) the City will cut the non-committed funds from other existing projects in order to fund the urgent need within the allowable range. However, the urgent need to meet the following tests: (1) the existing conditions pose a serious and immediate threat to the health and welfare of the community, (2) the existing conditions are recent or recently became urgent, generally 18 months, (3) the City cannot finance on its own, (4) and when other funding sources are not available.

HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(I)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

Other forms of local investments for housing that may be available to projects include financing from the City's in-lieu fees, CDBG funding. Additionally, the City also provides homebuyer assistance through the use of program income received from BEGIN and CALHOME State funded grant programs.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

Refer to Questions # 3 for Resale Provisions & procedures.

Recapture:

Provisions

- "In the event that the homebuyer fails to satisfy the requirements during the term of the loan, or otherwise defaults, the City shall exercise its legal rights, as set forth in the promissory note and deed of trust, in order to recover the monetary assistance previously provided to the maximum extent permitted by law."
- "If the recapture provisions are triggered by a sale of the housing unit, (whether voluntary or involuntary –such as foreclosure) or other default, the City shall take all necessary steps to recover the full amount of HOME funds from the net proceeds. The phrase 'net proceeds' is defined as the sales price, minus the loan repayment of the first trust deed (other than HOME funds) and any closing costs."

The HOME Program regulations allow the City to recapture the entire HOME Subsidy, in the event the loan recipient violates the affordability and or term period requirements. However, should the 'net proceeds' not cover the entire HOME Subsidy or not cover any of the HOME Subsidy, the City is required to forgive the remaining balance of the direct HOME Subsidy.

- During the term of the loan, the homeowner must repay the loan if it is sold, transferred or refinanced without the City's permission and/or with cash out to the homeowner or the homeowner does not occupy the residence as a primary residence.

Procedures

The City utilizes an agreement which includes restrictions, and a promissory note secured by a deed of trust which is recorded with the Ventura County Recorder's Office.

Staff monitors and requires certification annually by the homeowner that the property is owner-occupied to determine if recapture provisions shall be invoked upon discovery of violations for owner-occupancy or unauthorized transfers.

The City will exercise the rights stipulated in the promissory note, secured by the deed of trust that was recorded with the County Recorder's Office.

Should Borrower transfer (as that term is defined in the Note) the Property during the occupancy period, City shall require that Borrower pay from the net proceeds the full amount of the Loan. For purposes of this Loan Agreement, "net proceeds" shall mean the sales price minus loan repayment (other than CDBG funds) and closing costs.

In the event net proceeds are not sufficient to discharge the full amount of the Loan during the occupancy period plus enable the Borrower to recover his or her initial investment in the Property and documented costs of any capital improvements, Borrower shall share the net proceeds with City. The City's share of the net proceeds shall be calculated as follows:

$(\text{Amount of Loan} / \text{Amount of Loan} + \text{Borrower's Investment}) = \% \text{ of Net Proceeds that City is entitled to.}$

Should the net proceeds not discharge the full amount of the Loan, City shall forgive the remaining balance.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

Refer to Question #2 for Recapture provisions and procedures.

Resale

Provisions

During the affordability period, the homeowner must resell to another low-income homebuyer if the property is refinanced without the City's permission and/or with cash out to the homeowner or the homeowner does not occupy the residence as a primary residence.

The original homebuyer receives a fair return on investment, (i.e., the homebuyer's down payment plus capital improvements made to the house. It is important to note that in certain circumstances, such as a declining housing market where home values are depreciating, the original homebuyer may not receive a return on his or her investment because the home sold for less or the same price as the original purchase price); and

In the event that the homebuyer fails to satisfy the requirements during the term, or otherwise defaults, the City shall exercise its legal rights, as set forth in the Resale Restriction Agreement.

Procedures

The City utilizes a Resale Restriction Agreement (RRA) secured by a deed of trust which is recorded with the Ventura County Recorder's Office.

Staff monitors and requires certification annually by the homeowner that the property is owner-occupied to determine if resale provisions shall be invoked upon discovery of violations for owner-occupancy or unauthorized transfers.

If the homeowner defaults or fails to satisfy requirements during the term, the City will exercise the rights stipulated in the Resale Restriction Agreement.

Property must be sold to an eligible low-income homebuyer which shall acquire the unit subject to the continuation of restrictions provided in the RRA through an assumption agreement.

The purchase price must be affordable for a low-income household who earns up to 80% of the area median income, provided by HUD. The monthly cost for principal, interest, taxes, insurance, HOA fees, utilities, and maintenance should not be more than 30% of the monthly income for the household or otherwise stated in the RRA. There is no preference to a particular segment of the low-income population.

The resale price is calculated using one of two ways methods described below. The method used is identified in the RRA:

Determined as the affordable housing cost for a family at 80% of AMI paying no more than 30% of the monthly income for the household or in accordance of California Health And Safety Code 50025.5, whichever is lesser, but not less than the original price paid by homebuyer, or

Determination using a CPI method to calculate the increase (or decrease) in value of the property.

The U.S. Bureau of Labor Statistics Consumer Price Index – All Urban Consumers for the Los Angeles-Riverside- Orange Counties Area (all items based 1982-1984=100) provides the CPI on the date of the calculation and the CPI on the purchase date. The calculation is the CPI on the date of the calculation minus the CPI on the purchase date, plus the cost of improvements to property evidenced with receipts, less 7% depreciation, plus the costs of bringing the housing unit up to current building codes and in a salable condition.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

The City currently does not have any plans to invest HOME funds in this type of activity.

**Emergency Solutions Grant (ESG)
Reference 91.220(l)(4)**

1. Include written standards for providing ESG assistance (may include as attachment)

The City does not provide any direct assistance under the HESG program any longer. All written standards vary by service providers and assistance type. However, all providers must ensure recipients meet the minimum qualifications established by HUD for each eligible funded activity. HESG Policies and Handbook are provided to all HESG subrecipients.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The Regional Ventura County Continuum of Care Alliance has established centralized or coordinated assessment system, Pathways to Home, that provides coordination intake as well as systems to avoid duplication of effort and redundancies.

Pathways to Home is centralized to provide identical information and system-wide tracking through HMIS, of all homeless individuals who seek and /or receive assistance at any one of the various service providers, or through the County directly.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

The process for making all sub-awards for HESG recipients are as follows:

- a. The City formally posts the Notice of Available Funds (NOFA) in the regional newspaper, on the City's website, and emails and paper mail are sent to all existing and potential service providers from Santa Barbara to Los Angeles.
- b. All interested agencies attend information workshop/application training on the process, which includes all deadline dates and times.
- c. Interested agencies then submit their application, project overview and qualifications
- d. The Review Panel included representatives from City Advisory Groups.

- e. The Review Committee reviews all proposals and provides a scores for each eligible application. The funding recommendations are derived based on the scores.
 - f. The funding recommendation are adjusted to meet the available resources and cap requirements; reviewed by management and then submitted to the City Council for approval.
 - g. All applicants are contacted and urged to attend the City Council meeting in which the items fall on the agenda. All supporting comments and grievances are done at this time.
 - h. The Mayor and City Council directs the City Manager and staff to move forward with final processing.
 - i. Staff prepare all contracts for execution. Additionally, all internal processes are completed in order to encumber funds to each individual agency.
 - j. Contracts are completed and services can begin on July 1.
 - k. All HESG contracts are awarded for two years.
4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

The City meets the homeless participation requirement by having a homeless and formerly homeless person serve on the City's Commission on Homelessness. In addition, each entity receiving city HESG funding is also asked to provide information as to how they involve the homeless.

5. Describe performance standards for evaluating ESG.

PERFORMANCE MEASURES

Performance measures are in place to ensure the efficient administration of all HESG funded activities. Additionally, along with the utilization of the HMIS, these measures will hopefully help to reduce the length of time of family and individuals remain homelessness, reduce the overall incidence of homelessness, and monitor the overall use of emergency shelters. Some of the activity measures are as follows:

- Emergency Shelters: Excluding winter shelters, must be able to document placement of a minimum of 10 percent of the homeless persons or households served in the Program Year into transitional or permanent housing.
- Transitional Housing: must be able to document placement of a minimum of 50 percent of the households who completed the transitional housing program in the Program Year into permanent housing. "Household" is defined as all clients including single individuals and

families.

- Rapid Re-housing: must show continued housing of clients receiving assistance for at least three months after receiving assistance. This should be done via case management of clients, documentation and HMIS entry and exit dates.
- Eviction Prevention: must show continued housing of clients receiving assistance for at least three months. This should be done via case management of clients, documentation and HMIS entry and exit dates.
- All clients, with the exception of victims of domestic violence, must be entered into the Regional HMIS within 15 days of receiving service(s), and must be exited from the system within 30 day of program completion or termination.
- MINIMUM STANDARDS: Sub-grantees are expected to have taken steps to meet the Minimum Standards for Homeless Programs within thirty days of executing the Program Year contract.
- BUILDING AND HABITABILITY STANDARDS: Any building for which HESG funding is used for renovation, major rehabilitation or conversion must meet local government safety and sanitation standards. In addition, the Sub-Grantee must meet a number of basic standards to ensure that shelter and housing facilities funded through the HESG program are safe, sanitary and adequately maintained.
- MONITORING: City staff will monitor the use of grant funds through a combination of a thorough review of all submitted reports, review of audit or financial statements, and monitoring and site visits.
- The City will continue to develop and implement eligible activities using the grant funds and through the monitoring and review processes and techniques in order to comply with the federal specific requirements.

Discussion:

Homeless Assistance Division continues to fund all the activities prescribed in the HEARTH act. With the sub-recipients cooperation, the City's HESG will continue to provide substantial additional leverage funds to invest in the various programs in order to assist the homeless population toward the goal of reduction and ending homelessness. Also, HESG limits the cost categories for administration and planning to 7.5% or \$16,581 and 60% for street outreach and emergency shelter \$132,649; total \$149,230 for those cost categories. The City's 2020 action plan allows the maximum toward \$16,581 administration and planning, and a total of \$71,853 or 32.5% toward other activities such as homeless prevention and rapid re-housing support.
