

Francine Castanon

I'm a fourth-generation Oxnard resident who's raised four children here. For over five years I served on Oxnard's Commission for Homelessness. I served our country in the United States Army and currently for the United States Department of Veteran Affairs as a Veteran Housing Specialist.

With my deep roots in Oxnard, I've seen Oxnard at its best and its worst. I love our city, and I will work for you - and with you - to make the best Oxnard possible.

As your Councilwoman, I will be accountable and transparent. I will fight for:

- Better streets and sidewalks
- Stronger public safety
- More equity and efficiency in City services
- Fiscal responsibility in all City spending
- Better solutions to homelessness

My graduate education in public finance and my experience in Federal, State, and City government give me the knowledge and skills to scrutinize our Oxnard City government. My work in the public sector provides me with an understanding of what small businesses need to survive - and thrive. With my experience as a Teamster, I know what working people need in Oxnard.

As an Army veteran, mother, and businesswoman, I would be honored to serve as your City Councilwoman.

Please cast your vote for Francine Castanon for Oxnard City Council.
