

2023 ANNUAL ACTION PLAN COMMUNITY MEETINGS

The City of Oxnard receives annual grant funding from the United States Department of Housing and Urban Development for the CDBG, HOME and ESG programs. These programs support the most vulnerable through affordable housing, community and economic development, public services and addressing homelessness. As part of receiving these funds, the City must engage with the community and provide them with an opportunity to share more about the community's needs. The City encourages residents to participate and provide their input and help the City select programs and projects that will be the most impactful.
