

Using ZoomGrants to Submit and Manage Applications

1. GO TO CITY OF OXNARD'S ZOOMGRANTS PAGE

Navigate to the ZoomGrants page for the organization by using the link provided to you by the program administrator, Grants Management Division:

<https://www.zoomgrants.com/gprop.asp?donorid=2315&limited=5076>

NOTE: For this first step, **do not go to the ZoomGrants homepage**. Once you've started an application using the link above, you can log in at <https://ZoomGrants.com/login>.

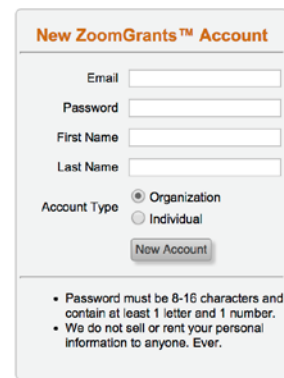

The screenshot shows the ZoomGrants interface for 'The Generous Foundation'. At the top right, there are fields for 'Existing ZoomGrants™ Users: Email' and 'Password', with a 'Login' button and a 'Stay logged in? (Admins and Reviewers only)' checkbox. Below this is a 'New ZoomGrants™ Account' section with fields for 'Email', 'Password', 'First Name', and 'Last Name'. There are radio buttons for 'Organization' (selected) and 'Individual' under 'Account Type', and a 'New Account' button. A 'Now Account' button is also visible. At the bottom, there are instructions: 'Password must be 8-16 characters and contain at least 1 letter and 1 number.' and 'We do not sell or rent your personal information to anyone. Ever.'

2. CREATE AN ACCOUNT AND LOG IN

Create your ZoomGrants account and log in using the New ZoomGrants Account box on the righthand side. If you already have an account, log in using the boxes in the upper right corner of the page.

NOTE: In ZoomGrants, **each application is officially associated with a single account and each account is 'owned' by a single user and accessed by a single email address**. We recommend that the person who will be the primary contact for applications creates the first account for an organization. Once that person creates their account, gets logged in, and starts the application(s), they will be able to invite other people to collaborate on all or some of the applications in their account.

This is a close-up of the 'New ZoomGrants™ Account' form. It includes fields for 'Email', 'Password', 'First Name', and 'Last Name'. Under 'Account Type', the 'Organization' radio button is selected. There is a 'Now Account' button. Below the form, there are two bullet points: 'Password must be 8-16 characters and contain at least 1 letter and 1 number.' and 'We do not sell or rent your personal information to anyone. Ever.'

3. CREATE YOUR APPLICATION

Click the **Apply** button next to the appropriate program to create your first application for that program.

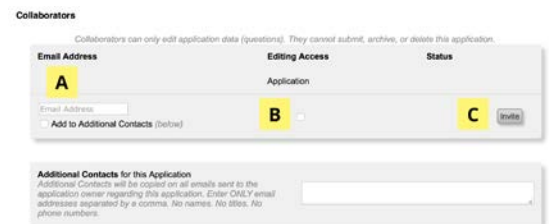

The screenshot shows the 'Open Programs' section of the ZoomGrants interface. A red arrow points to the 'Apply' button next to the 'Funding Program 10/10/2017 - Individuals and Organizations' entry. The 'Apply' button is circled in red.

4. INVITE OTHERS TO COLLABORATE

Use the Collaborators section in the first tab of the application to invite others to work on this application with you.

- Enter their email address.
- Indicate on which sections they are allowed to collaborate.
- Click the **Invite** button. An invitation will be sent to their email address. They'll be able to set up an account by which they can access and edit the application.

NOTE: If granted access, collaborators can do everything that the application owner can do **except**: editing the Applicant and Organization information sections in the first tab of the application and submitting, archiving, or deleting the application.

The screenshot shows the 'Collaborators' section of the ZoomGrants interface. It features a table with three columns: 'Email Address', 'Editing Access', and 'Status'. The 'Email Address' column has a red 'A' in a box, the 'Editing Access' column has a red 'B' in a box, and the 'Status' column has a red 'C' in a box. Below the table, there is an 'Add to Additional Contacts (help)' button and an 'Invite' button. At the bottom, there is a section for 'Additional Contacts for this Application' with a text input field and instructions: 'Additional Contacts will be copied on all emails sent to the application owner regarding this application. Enter ONLY email addresses separated by a comma. No names. No titles. No phone numbers.'

Using ZoomGrants to Submit and Manage Applications

5. ANSWER THE QUESTIONS AND FILL IN THE BUDGET AND TABLES

The system will automatically save your answers as you move through the application and enter text then click outside of each textbox or select a multiple choice or checkbox item and click into a new field. Click on the tabs to quickly jump to another section of the application or use the 'Next' and 'Previous' buttons at the bottom of the tabs to move sequentially through the application.

NOTE: Some question tabs may have a **branching question**, which will hide certain questions based on your answers to the branching question.

6. UPLOAD DOCUMENTS

Click the Upload button next to each applicable document request set up by the administrator to open up the File Upload Window for that request. Follow the instructions in the window to upload or link a file (or multiple) in that slot.

NOTES:

- 1) Any document request marked with a yellow 'Required' note MUST have something uploaded or linked in that slot in order for your application to be submitted. If you feel a required request is not applicable to you, create a document in which you note the inapplicability and upload that into the slot.
- 2) If the administrator has provided a **template**, click the orange 'Template' link to download that template. Fill it out, then upload it into that slot.
- 3) Click the **Help** button in the File Upload Window to access a quick tutorial video (also available here: http://youtu.be/b0lxkjsj5_Ow).
- 4) If you finish your application by uploading documents, use the grey Refresh Page button to reload the page before clicking the Submit Now button to submit your application.

7. SUBMIT THE APPLICATION

Click the grey Submit Now button at the top of the application when you've completed the applicable content in every tab. The system will check to ensure you have answered every question and uploaded all 'Required' documents. Any skipped questions or missing documents will be listed in red. When you're done with your edits, use the grey Refresh Page button in the application to reload the page, then click the Submit Now button to re-run the check. If your application is complete, you'll be able to enter your initials and officially submit the application.

NOTES:

- 1) The **completion check** verifies that you have answered the applicable questions and uploaded 'Required' documents, but you are responsible for ensuring you have completed the content requested in the budgets and tables (as applicable) and uploaded the documents that are requested but not 'Required'.
- 2) If the administrator has chosen to let you make changes to your application even after it has been submitted, you can edit your submitted application up until the deadline passes. If you do make any changes, you do NOT need to 're-submit' it. The changes are automatically reflected in the submitted application.
